Call to Order 10:00 a.m.

A regular meeting of the Colorado Water Conservation Board (CWCB) was convened at the Red Lion Hotel DIA at 4040 Quebec Street, Denver, Colorado 80216. The meeting was called to order by Chair John Redifer. Nine voting members were present at the call to order so a quorum was present (at least six required). Voting Board members present were Chair John Redifer, Vice Chair Travis Smith, Keith Catlin, Don Schwindt, Tom Sharp, Harold Miskel, Carl Trick, Eric Wilkinson, Barbara Biggs. *Ex Officio* members present or represented were CWCB Director Rod Kuharich, CWCB Deputy Director Dan McAuliffe, Hal Simpson, State Engineer, and Deputy Attorney General Casey Shpall.

Note: While Board's consideration of agenda items does not always follow the sequence indicated by the agenda numbers, these minutes are listed in agenda item order for easier reference.

1. Review and Approval of Agenda

Tape 1, Track 1 00:00:00 – 00:01:43

Action: A motion was made by Carl Trick, and seconded by Keith Catlin to approve the modified agenda, with the addition on page 6 of the agenda of the Contested Instream Flow Appropriation Hearings for the Anthracite Creek and Coal Creek, the Arkansas River, and the Smith Fork Gunnison River and South Fork Smith Gunnison River. The motion was approved unanimously (9-0).

¹ A complete record of the meeting has been made in electronic form using an MP2 format. The recording and the associated written materials are the only legal record of the meeting. These written summaries are intended only as an aid to research and a guide to the tapes. The motions described herein may not represent a verbatim transcription. Agenda items are presented in numerical order, according to the Agenda for the meeting. Disk numbers and approximate locations are identified for the beginning and end of each agenda item.

The complete record of this meeting is available at the CWCB during regular office hours. Arrangements to make copies of the tapes or written transcripts of specific agenda items may be produced at the requestor's expense. Notes from the meeting for identification of times and tapes for specific agenda items can also be reviewed at the CWCB offices.

Voting tallies are based on members present for voting. Members recusing themselves are identified. Board members occasionally leave the meeting, but the original meeting notes typically indicate whether or not a particular Board Member was present during a specific agenda item.

The motion was approved unanimously (9-0).
- 6d. Water Supply Planning and Finance Section, and Stream and Lake Protection Section, and Office of Water Conservation and Drought Planning (OWCDP) – Loans of Water Rights for Instream Flow Use
Tape 1, Track 1 01:52:47 – 01:59:13
Action: A motion was made by Don Schwindt and seconded by Harold Miskel to propose changes to add a subsection to Section 37-83-105(2) to assure water rights owners who are interested in loaning water to the CWCB for instream flow use that such a loan will not result in a reduction of the historic consumptive use credited to the loaned water right in any future water court proceeding to change that water right. The added subsection also provides clear guidance to the water courts on how to treat periods of instream flow use of a water right loaned to the CWCB under section 37-83-105(2). In addition, Section 37-92-103(2)(b) would be amended to assure water rights owners who are interested in loaning water to the CWCB for instream flow use that the owner’s nonuse of a water right during the period of such a loan to the CWCB shall not give rise to a presumption of abandonment of that water right. The motion was approved unanimously (9-0).
- 6e. Water Supply Planning and Finance Section, and Stream and Lake Protection Section, and Office of Water Conservation and Drought Planning (OWCDP) – OWCDP – Proposed Water Conservation Legislation for the 2007 Legislative Session
Tape 1, Tape 1 02:20:31 – 02:30:26
Action: A motion was made by Eric Wilkinson and seconded by Barbara Biggs to approve Staff’s recommendations to propose changes to Section 37-60-126 C.R.S., Section 37-60-126.5 C.R.S., and Section 39-29-109 C.R.S. to (1) broaden the use of the currently existing Water Efficiency Grant Program Fund to include water conservation planning and implementation, education and public outreach, and drought mitigation planning and implementation; to (2) increase the Water

Efficiency Grant Program Fund by \$1.75 million; to (3) extend the Water Efficiency Grant Program Fund sunset date by three years from its current sunset date of 2008 to a sunset date of June 30, 2012; and to (4) allow state and local governmental entities to be eligible for grant monies to carry out water conservation planning and implementation. The motion was approved unanimously (9-0).

Action: Informational item only, no action taken.

- 9a. Water Supply Planning and Finance Section – Estimate of Funds Available for New Projects in 2007 – CWCB Construction Fund – Loans and Non-Reimbursable Investments

Tape 1, Track 2 00:33:37 – 00:45:43

Action: Informational item only, no action taken.

- 9b. Water Supply Planning and Finance Section – Estimate of Funds Available for New Projects in 2007 – Severance Tax Trust Fund Perpetual Base Account

Tape 1, Track 2 00:33:37 – 00:45:43

Action: Informational item only, no action taken.

- 10a. Water Supply Planning and Finance – Construction Fund and Severance Tax Trust Fund Perpetual Base Account New Loans – Southeastern Colorado Water Conservancy District Water Activity Enterprise – Arkansas Valley Conduit Project

Tape 1, Track 2 01:38:18 – 02:33:36

Action: A motion was made by Tom Sharp and seconded by Eric Wilkinson to a conditional loan approval not to exceed \$60,600,000 (\$60,000,000 for project costs and \$600,000 for the 1% Loan Service Fee in accordance with the CWCB Loan Policy #16), to the Southeastern Colorado Water Conservancy District (SECWCD), acting by and through its Water Activity Enterprise, from the Severance Tax Trust Fund Perpetual Base Account, to provide the local share for construction of the Arkansas Valley Conduit, a 138 mile water supply pipeline extending from Pueblo Reservoir to the City of Lamar. The terms of the loan are 30 years at 3.25% per annum. Security for the loan will be a pledge of SECWCD Water Activity Enterprise revenues, including revenues received from the Arkansas Valley Conduit participants through Participant Funding Agreements.

The final approval of the loan shall be conditioned upon all other standard contracting provisions of the CWCB, as well as the following:

1) Final Feasibility Study – Prior to execution of a State loan contract, the project sponsor is required to complete the feasibility study to the satisfaction of the CWCB Director or his designee, including institutional and financial program details;

2) Participant Funding Agreements (a) Prior to execution of a State loan contract, all proposed Participant Funding Agreements contemplated in the Loan Application & Feasibility Study shall be executed, and copies submitted to the CWCB. The format of the agreements shall be as agreed upon by the CWCB and the Enterprise prior to execution with participants. (b) Water Allocation – Participant Funding Agreements shall address water allocation to the Arkansas Valley Conduit. Based on the annual availability of Fry-Ark Project water, the District and the Enterprise shall make every attempt to allocate water in such a manner as to meet the requested demand (6,555 acre feet) of the participants. In average years, this will require the allocation of a minimum of 776 AF of available return flows to the project, or an equivalent amount of water from other sources;

(3) Conservation Plans – Prior to execution of a State loan contract, all “covered entities” participating in the project are required to have a CWCB-approved Water Conservation Plan in place;

(4) Federal Authorization – No State loan contract shall be executed until Federal legislation regarding the federal/ local cost-share for the Arkansas Valley Conduit has been approved;

(5) Federal Funding Appropriation – No State loan contract shall be executed until Federal legislation to authorize the federal/local cost-share for the Arkansas Valley Conduit has been approved;

(6) CWCB Loan Contract – (a) Time Limit – Provisions pertaining to the time limit for loan approval shall be as outlined in CWCB Financial Policy #2 (Time Limits), with the following exception: The moneys appropriated in the CWCB Water Projects Bill shall remain available for the designated purposes until the project is completed; except that if the SECWCD Water Activity Enterprise does not enter into a loan contract with the CWVB within two years after the effective date of the CWCB Water Projects Bill (May 2007), then the moneys appropriated shall no longer be available for the designated purposes and shall revert back to the Severance Tax Trust Fund Perpetual Base Account (b) Step-Up Provision – The contract with SECWCD Water Activity Enterprise, shall include a “step-up” provision, requiring that if any project participants fail to make their loan

repayment to SECWCD, the Enterprise will cover the shortfall; (c) Taxpayer's Bill of Rights (TABOR) Compliance – The Enterprise will supply to the CWCB, a TABOR compliance letter prior to entering into the State contract, with respect both to the loan to the Enterprise and the step-up provisions of the participants' agreements;

(7) Federal Memorandum of Understanding (MOU) It is contemplated that an MOU between the SECWCD Water Activity Enterprise and a federal agency or agencies will be necessary to address such items as design, ownership and operation of the Arkansas Valley Conduit. This agreement shall be in place prior to execution of a State contract;

(8) Status Report on Conditions – Prior to executing a State loan contract, the CWCB staff shall provide a status report to the Board on the fulfillment of the above loan approval conditions;

(9) Loan Disbursements – Disbursements from the CWCB to the Enterprise will be in the same percentage (and time frame) relative to the total CWCB loan amount, as disbursements made from the federal government relative to the total federal government cost-share commitment.

Harold Miskel recused himself from the vote. The motion was approved unanimously (8-0).

10b. Water Supply Planning and Finance – Construction Fund and Severance Tax Trust Fund Perpetual Base Account New Loans – Lazy-O-Ranch – Dual Water Supply System

Tape 1, Track 2 01:25:35– 01:38:18

Action: A motion was made by Barbara Biggs and seconded by Don Schwindt to approve a loan from the Construction Fund in the amount up to \$152,258 (\$150,750 for project costs and \$1,508 for the 1% loan origination fee, in accordance with CWCB Financial Policy No. 16) to the Lazy O Ranch Homeowners Association. The loan is for up to 90% of the cost to construct a secondary water supply system. The recommended loan terms are 30-years at 4.25%. Security for the loan will be a pledge of assessment revenues backed by assessment covenant and the project itself in accordance with Policy No. 5. The final approval of the loan shall be conditioned upon all standard-contracting provisions of the CWCB. The motion was approved unanimously (9-0).

10c. Water Supply Planning and Finance – Construction Fund and Severance Tax Trust Fund Perpetual Base Account New Loans – Penrose Water District - Water Rights Purchase and Raw Water Pipeline Project

Tape 1, Track 2 02:42:44 – 03:03:09

Action: A motion was made by Harold Miskel and seconded by Tom Sharp to approve a loan not to exceed \$8,844,570 (\$8,757,000 for project costs and \$87,570 for the 1% Loan Service Fee in accordance with the CWCB Loan Policy #16), to the Penrose Water District, acting by and through the Penrose Water District Water Activity Enterprise, from the Severance Tax Trust Fund Perpetual Base Account, to purchase water rights and construct a raw water pipeline from the Arkansas River to the District's service area, enlarge Brush Hollow Reservoir, and to cover expenses already incurred. The terms of the loan are 30 years at 3.25% per annum. As security for the loan the Penrose Water District Water Activity Enterprise, will

pledge water user revenues backed by a rate covenant, revenues from the 3.00 mill Special Revenue Fund levy, and annual financial reporting. The final approval of the loan shall be conditioned upon all other standard contracting provisions of the CWCB, with the following additional conditions: 1) Prior to execution of a State Contract, the District and the Enterprise shall comply with the terms of Section 6 of the Resolution establishing the Enterprise, and separate budgets for the Water Activity Enterprise and the District general fund, and shall provide financial reporting and fund accounting for the Enterprise Activity separate from the District general fund; 2) Prior to execution of a State Contract, the District shall enter into an agreement with the Enterprise to provide non-tax based retained earnings necessary to: a) retire the DOLA and USDA-RD loans; b) establish the required CWCB loan reserve; and c) provide for the reallocation of revenues to the Enterprise following the retirement of the 2003 Revenue Bond in 2012; 3) Prior to execution of a State Contract, evidence shall be provided that a CWCB loan reserve fund has been established within the Enterprise, in the amount of \$461,334; 4) Prior to execution of a State Contract, the Enterprise shall have entered into an agreement with Beaver Park Water, Inc., allowing the expansion of Brush Hollow Reservoir to accommodate the proposed project; 5) The District shall obtain a satisfactory Taxpayer's Bill of Rights (TABOR) attorney opinion letter and provide the letter to the CWCB, stating that there are no TABOR issues and that the agreements are fully enforceable by the Enterprise. The motion was approved unanimously (9-0).

10d. Water Supply Planning and Finance – Construction Fund and Severance Tax Trust Fund Perpetual Base Account New Loans – Tom Hill – McElroy Dam Rehabilitation Project

Tape 1, Track 2 00:45:43 – 01:25:35

Action: A motion was made by Tom Sharp and seconded by Carl Trick to approve a loan not to exceed \$862,540 (\$854,000 for projected costs and \$8,540 for the 1% Loan Service Fee) to Tom Hill for land appraisal, engineering and construction costs associated with the McElroy Dam Rehabilitation Project, from the Severance Tax Trust fund Perpetual Base Account. The terms of the loan shall be a 30-year loan at 2.5% per annum. Final approval of the loan shall be conditioned upon all standard contracting provisions of the CWCB Loan Program. Security for the loan shall be collateral in compliance with CWCB Loan Policy #5. A supplemental loan contract condition is included that the borrower shall provide a certified appraisal of the 207 acres of land to be used as security for the loan. The appraisal shall indicate a value greater than 110% of the loan amount. If the appraisal indicates a value less than 110% and more than 90% of the loan amount, the CWCB shall take a second lien, behind the existing lien of the Grand Mountain Bank, on the remainder of the real property known as the Gore Pass Ranch and on all water rights now owned and hereafter acquired. The cost of the appraisal can be made out of the loan proceeds. In addition, if a second lien is required, the second lien on the entire ranch should also include a second lien on the water rights associated with the entire ranch. All liens held as collateral by CWCB should contain due-on-sale clauses so that if any of the lands or water rights encumbered by liens held by CWCB are sold, the proceeds accruing from such sales shall be transferred to the CWCB in accordance with the terms and conditions of the CWCB liens and shall be used to repay the CWCB loan. The motion was approved unanimously (9-0).

- 10e. Water Supply Planning and Finance – Construction Fund and Severance Tax Trust Fund Perpetual Base Account New Loans – Platte Valley Irrigation Company – New Equalizer Reservoir Project
Tape 1, Track 2 03:03:09 – 03:13:40
Action: A motion was made by Eric Wilkinson and seconded by Barbara Biggs to approve a loan not to exceed \$2,388,650 (\$2,365,000 for project costs and \$23,650 for the 1% Loan Service Fee in accordance with CWCB Loan Policy #16), to the Platte Valley Irrigation Company from the Severance Tax Trust Fund Perpetual Base Account, to construct an equalizer reservoir, the Platte Valley Reservoir No. 1, and to add additional measurement and control structures on their main ditch, and to cover land expenses already incurred. The terms of the loan are 20 years at 2.25% per annum. Security for the loan will be a pledge of assessment revenues backed by a rate covenant, and the project itself. Final approval of the loan is conditioned upon all other standard contracting provisions of the CWCB, as well as the following: Reserve Fund – Prior to execution of the State Contract, the Company shall provide CWCB with evidence that the debt reserve fund with \$148,149 has been established. The motion was approved unanimously (9-0).
- 10f. Water Supply Planning and Finance – Construction Fund and Severance Tax Trust Fund Perpetual Base Account New Loans – Headgate 396 Lateral Corp., LLC – 396 Lateral Pipeline Project

- n. Colorado Water Trust – CCC Ditch Diversion Rehabilitation – San Miguel River
- o. Colorado Water Education Foundation – Annual Appropriation

Tape 1, Track 2

03:13:40 – 03:17:15

Action: A motion was made by Don Schwindt and seconded by Barbara Biggs to approve all Construction Fund non-reimbursable investment project applications listed in Agenda Item 11a-11o. Harold Miskel and Eric Wilkinson were not present for this agenda item. The motion was approved unanimously (7-0).

12a. Water Supply Planning and Finance – Referred Non-Reimbursable Investments – CWCB – Recreational and Environmental Instream Flows Study

Tape 1, Track 2

03:17:15 – 03:42:56

Action: An amended motion was made by Don Schwindt and seconded by Harold Miskel to request that the General Assembly authorize \$150,000 from the Construction Fund to be appropriated to the Department of Natural Resources for allocation to the CWCB for a Recreational and Environmental Instream Flows Study, with the following objectives of the study: 1) to analyze how instream flow water rights (ISF and/or RICDs) have affected, and will affect in the future, water management in Colorado; 2) to provide an objective analysis of the different quantification methods; and, 3) to determine the true economic benefits associated with these types of water rights; and/or, 4) other inquiries determined appropriate by the Board . The motion was approved unanimously (9-0).

12b. Water Supply Planning and Finance – Referred Non-Reimbursable Investments – CWCB – Water Conservation Public Awareness Research Study

Tape 1, Track 2

03:42:56 – 04:07:36

Action: A motion was made by Eric Wilkinson and seconded by Barbara Biggs to request that the General Assembly authorize \$150,000 from the Construction Fund to be appropriated to the Department of Natural Resources for allocation to the CWCB for a Statewide Water Conservation Public Awareness Research Study by the Office of Water Conservation & Drought Planning. Carl Trick and John Redifer voted against the motion. The motion was approved (7-2).

12c. Water Supply Planning and Finance – Referred Non-Reimbursable Investments – CWCB – Arkansas and South Platte Basins – Alternative Agriculture Water Transfers and Sustainability Project(s)

Tape 1, Track 2

04:07:36 – 04:25:17

Action: A motion was made by Eric Wilkinson and seconded by Harold Miskel to approve \$1.5 million dollars for inclusion in the 2007 Projects Bill to be used to develop and implement a competitive grant program to advance alternative agricultural transfers to permanent agricultural dry-up in the Arkansas and South

Platte basins; and to work with Staff to develop the detailed design of the grant program. Tom Sharp voted against the motion. The motion was approved (8-1).

12d. Water Supply Planning and Finance – Referred Non-Reimbursable Investments – Colorado Mountain College – Rocky Mountain Fen Research Project

Tape 1, Track 2 04:25:17 – 05:01:33

Action: A motion was made by Eric Wilkinson and seconded by Harold Miskel to authorize an appropriation of \$100,000 from the Construction Fund for the Rocky Mountain Fen Research Project, with the condition that the CWCB disbursements are distributed over the 6-year life of the project and are equal in pro-rata to the funding provided by the other entities involved in the project, with the contingency that the applicant provides evidence they have sufficient funds to carry out the experiment. Don Schwindt and John Redifer voted against the motion. The motion was approved (7-2).

12e. Water Supply Planning and Finance – Referred Non-Reimbursable Investments – Central Colorado Water Conservancy District – S. Platte Alluvium Irrigation Recharge Study

Tape 1, Track 2 05:01:33 – 05:25:59

Action: A motion was made by Eric Wilkinson and seconded by Harold Miskel to approve a non-reimbursable investment of \$50,000 for sprinkler and flood recharge for the estimation of deep percolation from irrigation to the South Platte Alluvial Aquifer in a Northern Colorado study, with the contingency that both the CWCB staff and the State engineer's staff determine the project to be a worthwhile and applicable project. A quorum of 6 did not vote to approve the motion. Tom Sharp, Keith Catlin, John Redifer, and Don Schwindt voted against the motion. Thus, the motion failed (5-4)
