EMAILED November 16, 2009

Mr. Todd Doherty
Chief, Intrastate Water Management and Development Section
Colorado Water Conservation Board
1580 Logan Street, Suite 600
Denver, Colorado 80203

SUBJECT: Town of Norwood Raw Water System Update and Future Needs Supply

Dear Mr. Doherty:

The Southwest Basins Roundtable is pleased to recommend funding of \$58,458 from the Basin fund of the Water Supply Reserve Account for the Town of Norwood Raw Water System Update and Future Needs Supply.

The application was considered in detail at the November 11, 2009 meeting of the Southwest Basins Roundtable. There was a quorum of Roundtable members present. The Project meets the Basin Roundtable's goal meeting current and future raw water needs of municipalities within the Basin. The study will not address water quality related to an existing contract for delivery of water to the Town from Gurley Reservoir.

The completed Grant Application will be forwarded directly to you by the applicant. Please contact the applicants directly or me at 970-565-7562, mpreston@frontier.net, if you have questions or wish to discuss these applications in more detail.

Sincerely,

Michael Preston

Southwest Basins Roundtable Chair
