

Summary

This is an application for ground water rights, change of water rights, plan for augmentation and exchange on the East Fork Arkansas River in Lake County. Applicant is proposing to change the type of use and point of diversion for the Stevens and Leiter Ditch and the Canterbury Tunnel. Applicant plans to add augmentation use, change the place of storage in several reservoirs, and because of a tunnel collapse, change the point of diversion from Canterbury Tunnel to two new wells. Applicant is also seeking to use augmentation water in other augmentation plans within or outside its boundaries, and to lease or sell excess water for use in other augmentation plans.

CWCB Appropriations

The CWCB holds the following instream flow water right that could be injured by this application.

CWCB Case No.	Stream/Lake	Amount (cfs)	Approp. Date	Watershed	County
2-77W4646	East Fork Arkansas River	15	1/19/1977	Arkansas Headwaters	Lake

Potential for Injury

The change of water rights proposed in this case may result in an expansion of use, which could injure the Board's instream flow water right. Additionally, the proposed plan for augmentation may not replace depletions in time, place or amount, which could injure the Board's instream flow water right.

Other Objectors

Other objectors include Upper Arkansas WCD, Climax Molybdenum Co., City of Aurora and the State and Division Engineers.
