Re: Water Supply Reserve Account Grant Application for Flathead Chub movement associated with the Clear Springs Ranch diversion structure in Fountain Creek

Dear Todd:

Enclosed please find a WSRA grant application from Pueblo County. At the May 12, 2010 Arkansas Basin Roundtable meeting, the roundtable could not agreed by consensus to support this application. However, the roundtable voted to approve the request by super majority at a subsequent meeting. The approval was made on July 14, 2010.

The approval modified the grant request, allocating \$7,000 from the Basin Account and requesting \$28,000 from the Statewide Account, based on the recommendation of the Needs Assessment Committee. The attached application, because it is an Adobe file, still shows 100% from the Basin Account, but please modify that pursuant to this letter and the minutes of the roundtable reflecting the approval.

My hope is that this grant request can be heard at the September, 2010 CWCB meeting. Please do not hesitate to contact me if you have any questions.

Sincerely,

Gary Barber
Chair
