SUBJECT: Totten Reservoir Hydrographic Survey

Dear Mr. Doherty:

The Southwest Basins Roundtable is pleased to recommend funding of \$29,500 from the Basin fund of the Water Supply Reserve Account for the Totten Reservoir Hydrographic Survey Project.

The application was considered in detail and approved at the September 8, 2010 meeting of the Southwest Basins Roundtable. There was a quorum of Roundtable members present. The proposed project is an IPP to bring an existing 3,400AF Reservoir into compliance with CDWR requirements to provide for supplemental irrigation, and M&I uses. Revenue to operate and maintain this reservoir also supports mitigation wetlands and recreational uses such as fishing, boating and bird watching including a 500AF fish pool.

The completed Grant Application will be forwarded directly to you by the applicant. Please contact the applicants directly or me at 970-565-7562, mpreston@frontier.net, if you have questions or wish to discuss these applications in more detail.

Sincerely,
