1580 Logan Street, Suite 200
Denver, Co 80203

Dear Mr. Johnson:

The Sangre DeCristo Trinchera Diversion Canal Restoration Project has been completed and is ready for the next irrigation season! The Trinchera Irrigation Company has received the WSRA funds and has paid Can-Do Concrete, Inc. (contractor) for the work done on the project. The company will not be invoicing for the remaining \$1,685.00 as we came in a little under budget.

The Trinchera Irrigation Company wishes to thank the Rio Grande Interbasin Roundtable and the Colorado Water Conservation Board for making this project a reality through the WSRA funds. We wish to give a special thank you to Mr. Mike Gibson for all of his assistance and expertise throughout the project.

Sincerely,

Tracy Kester,
President
