Re: Water Supply Reserve Account Grant Application for the Aspinall Joint Investigation by the Gunnison and Arkansas Basin Roundtables

Dear Todd:

Under separate cover you will receive a WSRA grant application for the Aspinall Joint Investigation Project. At the January 12, 2011, Arkansas Basin Roundtable meeting, the roundtable agreed by consensus to approve this application for \$24,500 in basin funds and forwards it for consideration by the Colorado Water Conservation Board. There were no dissenting opinions. This activity represents an important milestone, I believe, in inter-basin collaboration.

My hope is that this grant request can be heard at the March, 2011 CWCB meeting. Please do not hesitate to contact me if you have any questions.

Sincerely,

Gary Barber
Chair
