Dear Mr. Doherty,

The Yampa-White Basin Roundtable has reviewed and is in support of the Water Supply Reserve Account Grant Application from the Moffat County Natural Resources Department. This project is important to the Yampa-White Basin and Colorado since it will develop a comprehensive summary of the basin's consumptive and nonconsumptive water needs including spatial representation of these needs. The project will identify potential projects and methods to meet the Yampa-White Basin's future water needs for both consumptive and nonconsumptive needs.

The application and supporting materials for this project should have been provided directly to you by Moffat County Natural Resources Department and CDM. If you require additional information, please contact me.

Sincerely,

A handwritten signature in dark ink, reading "Tom Gray". The signature is fluid and cursive, with the first name "Tom" and last name "Gray" clearly distinguishable.

Tom Gray
