Addressing of Comments**

Matt Brown, AECOM

Ray Alvarado, CWCB

**2:45 Nonconsumptive Study**

Lane Wyatt/Ken Neubecker, Committee Co-Chairs

Nicole Rowan, CDM

Below is the link to the draft WFET report for your review (also attaching the text of the report). We will be taking initial feedback on the report at your 6/27 roundtable meeting. The goal is to present final study results/report at your July meeting. You'll notice we've included Sections 1, 2 and 3 of the report. We are still working on Section 4 (Nonconsumptive Gap Analysis) and will most likely need another committee meeting to discuss the details of this effort. We will present the approach to the nonconsumptive gap analysis effort at the June roundtable meeting. We will also send a draft Section 5 (Conclusions and Recommendations) prior to your June meeting but we wanted to get the approach and results for your review as soon as possible as there is a lot of information. We are also awaiting some further information on some segments to include in the Roaring Fork basin for recreation but we have included what we have right now in the report.

Following link has report and figures. Please let me know if you have issues downloading. I've kept them as individual files as much as possible due to file size. If you aren't logged into Google you should be able to hit the download button and bypass waiting for the figure to open up on your screen. If you are logged into Google it seems to move quicker.

**3:15 Final Report of the Roundtables: June 30**

Review and discussion of the draft report

Jacob Bornstein, CWCB

Nicole Rowan, CDM

Members can view the draft June 30 report by going to this website: <http://cwcb.state.co.us/water-management/basin-roundtables/Pages/ColoradoBasinRoundtable.aspx>

Look at the bottom right for the report, which can be downloaded.

**3:45 Four Roundtables Report**

**4:00 C U L8TR**
