Re: Water Supply Reserve Account Grant Application for Rotating Agricultural Fallowing Public Policy Working Group

Dear Todd:

The WSRA grant application for Rotating Agricultural Fallowing Public Policy Working Group approved by the Arkansas Basin Roundtable at the May 11, 2011 contemplated participation by other basin roundtables. While there have been verbal commitments, at the time of our June 8th Arkansas Basin Roundtable meeting, we had not received notice of formal approval by other roundtables. To keep this request on track for the July CWCB meeting, the Arkansas Basin Roundtable, by consensus, approved funding of the full grant request from basin funds if we do not receive approvals from other basins. This coverage of the funding requirement should give other basin roundtables ample time to consider the merits of this public policy working group.

Thank you for your assistance and encouragement. Please do not hesitate to contact me if you have any questions.

Sincerely,

Gary Barber
Chair

c: Executive Committee, Ark Roundtable
