Dear Todd:

The South Platte Basin Roundtable underwent an evaluation and approval process of the attached South Platte River Phreatophyte Control Pilot at our monthly meeting on July 12, 2011. The contracting agency for the project will be Ducks Unlimited, Inc. The roundtable evaluation included a review and discussion of the project, definition of the project scope and budget, identification of project beneficiaries, discussion of in kind services, and an overview of how this project meets future water supply needs of the South Platte Basin.

A motion was made and seconded to approve the proposed project for \$35,000 from the South Platte Basin Account and recommend approval of \$30,000 from the Statewide Account. A quorum of the roundtable unanimously approved the motion. Please call me with any questions that you may have regarding the South Platte Basin roundtable meeting or concerning our support for this project. You may also contact Matt Reddy with Ducks Unlimited with questions.

Respectfully submitted,

Jim Yahn, Chair
South Platte Basin Roundtable
