

Summary

This is an application for a new storage right, changes of conditional water rights and plan for augmentation near Dotsero in Garfield County. Applicant intends to add alternate points of diversion for several conditional water rights, and to construct a new, off-channel reservoir (Central Lake) for irrigation, recreation, fire protection, piscatorial and aesthetic purposes. Applicant is also seeking to add Central Lake to its previously decreed augmentation plan (Case No. 5-04CW246), and plans to replace out-of-priority depletions from Central Lake with water released from Sweetwater Lake, Wolford Mountain Reservoir and/or Ruedi Reservoir.
