Water Supply Reserve Account Grant Applications for Basin Funds**

Staff Recommendation

A summary of staff's recommendation for each grant request for Basin Funds is provided in the table below. At this meeting, applications that included a request from the Statewide Fund are included as Agenda Item number 10. Favorable recommendations may be contingent on providing the CWCB with additional information, clarifications, or modifications in the scope of work. Please refer to the Water Activity Summary Sheets contained within this agenda item to find a summary of staff's review and any conditions associated with each recommendation.

	Basin	Project Name	Total Request	Recommendation
a.	Colorado	Small Acreage Irrigation Audit Program – Grand Valley	\$18,273	To fund up to \$18,273 from the Colorado Basin Account.
b.	Gunnison	The Rehabilitation of Blanche Park Reservoir	\$75,000	To fund up to \$75,000 from the Gunnison Basin Account.
c.	Gunnison	Valley View Irrigation Improvement Project	\$ 11,817	To fund up to \$11,817 from the Gunnison Basin Account.
d.	Southwest	Montezuma Valley Irrigation Company - Groundhog Reservoir Bathymetric Survey	\$ 35,000	To fund up to \$35,000 from the Southwest Basin Account.

WSRA Funding Status

The WSRA received the January installment of funds as a "Tier II" severance tax program. This means the WSRA received another 30% of the appropriation for FY 2010/2011 or an additional \$1.8M of the \$6M appropriation. This equates to an additional \$1,314,000 for the Statewide Account and an additional \$54,000 for each Basin Account. The updated WSRA balances are reflected in the table below.

Background

For this agenda item the Board is provided with a brief overview of applications to the Water Supply Reserve Account (WSRA). Attachments to this memo include:

- Summary spreadsheet detailing funding requests for the basin and statewide accounts;
- Water Activity Summary Sheets which provide an overview, discussion, issues/additional needs, and staff recommendation regarding funding, partial funding, or not funding the applications; and
- Copies of the full applications, Basin Roundtable approval letters and any supporting documentation provided by the applicants.

Staff's review of the applications involves the following steps:

- 1) Applications are reviewed for completeness based on the information requirements, which are primarily outlined in Part 2 of the Criteria and Guidelines (C&G).
- 2) Applications are reviewed to verify that the water activity meets the **eligibility requirements** in Section 39-29-108 (III) C.R.S. (C&G, Part 2) and the **threshold criteria**, which are based on the requirements of Section 39-29-108 (III) C.R.S., and two sections of the Water for the 21st Century Act (House Bill 1177); Section 37-75-102 and Section 37-75-104(2)(c) (C&G, Part 3). Staff also verified whether that the applicant was an **eligible entity** to receive funding (C&G, Part 2).
- 3) Staff then prepares the Water Activity Summary Sheet which documents the outcome of the review process and contains staff's recommendations.
