SUBJECT: **Agenda Item 29, July 12-13, 2011 Board Meeting**  
**Water Supply Reserve Account Grant Applications for Basin Funds**

### Staff Recommendation

A summary of staff's recommendation for each grant request for Basin Funds is provided in the table below. Favorable recommendations may be contingent on providing the CWCB with additional information, clarifications, or modifications in the scope of work. Please refer to the Water Activity Summary Sheets contained within this agenda item to find a summary of staff's review and any conditions associated with each recommendation. The WSRA has a legislative appropriation of \$7M for FY 11/12.

	Basin	Project Name	Total Request	Recommendation
a.	Arkansas	Rotating Agricultural Fallowing Public Policy Working Group	\$20,000	To fund up to \$20,000 from the Arkansas basin account. Other basin roundtables will be asked to contribute basin funds. If received, the Arkansas basin contribution will be reduced accordingly.
b.	Southwest	Pagosa Lakes Area Village Lake Dam Outlet Pipe Repair Project	\$25,000	To fund up to \$25,000 from the Southwest basin account.

### Background

For this agenda item the Board is provided with a brief overview of applications to the Water Supply Reserve Account (WSRA). Attachments to this memo include:

- Summary spreadsheet detailing funding requests for the basin and statewide accounts;
- Water Activity Summary Sheets which provide an overview, discussion, issues/additional needs, and staff recommendation regarding funding, partial funding, or not funding the applications; and
- Copies of the full applications, Basin Roundtable approval letters and any supporting documentation provided by the applicants.

Staff's review of the applications involves the following steps:

- 1) Applications are reviewed for completeness based on the information requirements, which are primarily outlined in Part 2 of the Criteria and Guidelines (C&G).
- 2) Applications are reviewed to verify that the water activity meets the **eligibility requirements** in Section 39-29-108 (III) C.R.S. (C&G, Part 2) and the **threshold criteria**, which are based on the requirements of Section 39-29-108 (III) C.R.S., and two sections of the Water for the 21st Century Act (House Bill 1177); Section 37-75-102 and Section 37-75-104(2)(c) (C&G, Part 3). Staff also verify that the applicant was an **eligible entity** to receive funding (C&G, Part 2).
- 3) Staff then prepares the Water Activity Summary Sheet which documents the outcome of the review process and contains staff's recommendations.
