

Summary

Applicant seeks a plan for augmentation to augment or exchange up to 345 consumptive acre-feet of surface and ground water from the Eagle River. The replacement sources are Homestake, Eagle Park, Ruedi and Wolford Mountain Reservoirs. Use of Homestake, Ruedi or Wolford Mountain Reservoirs will require an exchange on the Eagle River at the locations where the CWCB holds instream flow water rights.

CWCB Appropriations

The CWCB holds the following instream flow water rights that could be injured by this application:

CWCB Case No.	Stream/Lake	Amount (cfs)	Approp. Date	Watershed	County
5-80CW126	Eagle River	110/45	3/17/1980	Eagle	Eagle
5-80CW124	Eagle River	130/50	3/17/1980	Eagle	Eagle
5-80CW134	Eagle River	85/35	3/17/1980	Eagle	Eagle

Potential for Injury

The proposed plan for augmentation may not replace out-of-priority depletions in amount timing or location, which could injure the CWCB's instream flow water rights. Without proper terms and conditions, the decreed exchanges could injure the CWCB's instream flow water right.

Other Objectors

Other objectors include The City of Aurora, Colorado, acting by and through its Utility Enterprise, Homestake Partners: The City of Aurora, Colorado, acting by and through its Utility Enterprise and the City of Colorado Springs, collectively acting through the Homestake Steering Committee, Climax Molybdenum Company, G. Joufflas Ranches, Traer Creek Metropolitan District, the State and Division Engineers.
