MEMORANDUM

CWS File #11-240

To: Taryn Hutchins-Cabibi, CWCB
From: Steve Nguyen, P.E.
Date: April 4, 2012
Subject: 75% Progress Report for Town of Firestone Drought Management Plan

Clear Water Solutions (CWS) is assisting the Town of Firestone with developing a Drought Management Plan (DMP) in accordance with State regulations following the Guidance Document produced by the Colorado Water Conservation Board. The Town has completed the draft of its plan. The Town has submitted the draft plan to CWCB at its request for a pre-review. The Town intends to incorporate any initial CWCB comments.

The Town would like their attorney to review the enforcement section of the report and obtain his input on the proposed ordinances. Once the Town attorney has provided input to the plan, the Town will start the 60-day public comment period. CWS will incorporate any comments from local citizens and businesses into the plan, have the Town Board formally adopt the plan, and submit the final plan to CWCB for final approval.

Updated Schedule for Firestone DMP

Task	Date
CWCB approves grant and PO issued	9/19/2011
Kick-off meeting with Town staff (stakeholder selection)	10/5/2011
