

### **Summary**

The Applicant seeks a change in water rights for Three Mile Ditch and Harvard Ditch from irrigation to augmentation, exchange and replacement. Applicant also seeks to obtain a junior storage right on Three Elk Creek, and to obtain an exchange to move the consumptive use credits upstream into storage in Three Elk Pond.

### **CWCB Appropriations**

The CWCB holds the following instream flow water right that could be injured by this application:

<b>CWCB Case No.</b>	<b>Stream/Lake</b>	<b>Amount (cfs)</b>	<b>Approp. Date</b>	<b>Watershed</b>	<b>County</b>
2-80CW71	Three Elk Creek	4	5/7/1980	Arkansas Headwaters	Chaffee

### **Potential for Injury**

The proposed plan could cause injury to CWCB's instream flow water rights by an expansion of use of the water rights being changed. Inadequate terms and conditions in the decree related to the exchange could also result in injury to the CWCB's instream flow water right.

### **Other Objectors**

Other objectors include Upper Arkansas Water Conservancy District and State and Division Engineers.
