

**Summary**

The Applicant seeks to augment the use of a well by exchange and also to use direct flow water exchanged upstream for gravel pit operations and gravel washing.

**CWCB Appropriations**

The CWCB holds the following instream flow water rights that could be injured by this application:

<b>CWCB Case No.</b>	<b>Stream/Lake</b>	<b>Amount (cfs)</b>	<b>Approp. Date</b>	<b>Watershed</b>	<b>County</b>
2-77W4645	Half Moon Creek	7.0	1/19/1977	Arkansas Headwaters	Lake
2-77W4655	Lake Fork Creek	20.0	1/19/1977	Arkansas Headwaters	Lake

**Potential for Injury**

The proposed change in water rights could cause injury to CWCB's instream flow water rights if consumption at the gravel pit is not computed properly. Inadequate terms and conditions in the decree related to the exchange could also result in injury to the CWCB's instream flow water rights.

**Other Objectors**

Other objectors include the City of Aurora, State and Division Engineers, and Southeastern Colorado Water Conservancy District.
