

Summary

This is an application for a plan for augmentation to provide replacement water for depletions to Fourmile Creek caused by the Park Center Well. Applicant proposes to exchange water from Pueblo Reservoir to Mt. Pisgah Reservoir for release to Fourmile Creek for municipal, domestic, irrigation, and augmentation use. The Park Center Well diversions will be used for domestic, municipal, and irrigation uses by the Park Center Water District.

CWCB Appropriations

The CWCB holds the following instream flow water right that could be injured by this application:

CWCB Case No.	Stream/Lake	Amount (cfs)	Approp. Date	Watershed	County
2-00CW105	Fourmile Creek	5/9.5	1/26/2000	Arkansas	Fremont

Potential for Injury

The proposed plan for augmentation and exchange may not replace depletions in the amount, timing or location at which they occur, which could injure the CWCB's instream flow water right.

Other Objectors

Other objectors include Southeastern Colorado Water Conservancy District, Penrose Water District, the State and Division Engineers, Canon Heights Irrigation and Reservoir Company, Arkansas Valley Ditch Association, and the City of Cripple Creek.
