

## Ogilvy Augmentation Company AUGMENTATION PROJECT

### Project Description

The Ogilvy Augmentation Company was established in 2005 to augment wells that operate under the Ogilvy Irrigating and Land Company's service area. Approximately 1,400 acres of land are irrigated by the Company north of Kersey. There are 17 wells in the Augmentation Company that operate under its temporary substitute water supply plan (SWSP). The Project's purpose is to create a permanent water supply for the Augmentation Company to obtain a permanent augmentation plan. The Project included the purchase of water rights; construction of a recharge pond, and installation of monitoring devices. The Augmentation Company filed for its permanent augmentation plan and will construct a storage reservoir under a separate CWCB loan contract.

### Project Data

**Sponsor:** Ogilvy Augmentation Company

**County:** Weld

**Water Source:** Cache La Poudre

**Terms of Loan:** \$523,584 for 30 years @ 2.50%
