

June 21, 2013

Jacob Bornstein
Colorado Water Conservation Board
Water Supply Planning Section, WSRA Application
1580 Logan Street, Suite 200
Denver, CO 80203

Dear Jacob:

The Metro Roundtable voted at its June 12, 2013, meeting to approve a grant application from the South Metro Water Supply Authority to help implement the Water Infrastructure and Supply Efficiency (WISE) Partnership. The Roundtable unanimously approved \$157,000 from the Metro WSRA, and endorsed the South Metro Water Supply Authority's request for \$1,413,000 from the Statewide WSRA, for Western Pipeline Connection Engineering and Design for consideration at CWCB's September 2013 Board Meeting.

The Roundtable underwent an evaluation and approval process, believes the application fully meets the Threshold and Evaluation Criteria for the WSRA Grant Program, and is supportive of the WISE Partnership as one of the Metro Roundtable's IPPs and a water supply project that helps meet the Metro Roundtable's water supply "gap." During the evaluation and approval process, there were no dissenting votes or opinions expressed, there was a quorum present, and the application was unanimously supported by the Metro Roundtable membership.

This letter is intended to fulfill Threshold Criteria B (Part III 1.b. in the WSRA Application). The full WSRA Application will be provided separately by the applicant. Please let me know if you need any additional information.

Sincerely yours,

A handwritten signature in black ink, appearing to read "Mark Koleber".

Mark Koleber
Chair, Metro Roundtable
