Background

Work continues statewide on each roundtable's Basin Implementation Plan (BIP). The roundtables' BIP teams, assisted by consultants, have been focused on Goals and Measurable Outcomes for the past several months. Most roundtables' BIP teams are presenting their draft chapters or compilations of Goals and Measurable Outcomes to the greater roundtable for input and comments. As these sections are edited and honed to the basins' design, BIP teams will move forward in identifying projects and methods to meet their water needs.

Staff will present a brief overview and lead a discussion of the BIP work to this point. Goals and Measurable Outcomes will be highlighted in each basin.
