

Summary

Applicant seeks a plan for augmentation with exchanges through instream flow reaches.

CWCB Appropriations

The CWCB holds the following instream flow water rights that could be injured by this application:

CWCB Case No.	Stream/Lake	Amount (cfs)	Approp. Date	Watershed	County
5-75W2719	Beaver Creek	4/12	5/1/1975	Eagle	Eagle
5-80CW124	Eagle River	50/130	3/17/1980	Eagle	Eagle
5-80CW126	Eagle River	45/110	3/17/1980	Eagle	Eagle
5-80CW134	Eagle River	35/85	3/17/1980	Eagle	Eagle

Potential for Injury

1. The proposed plan for augmentation and exchange may not replace depletions in the amount, timing or location at which they occur, which could injure the CWCB's instream flow water rights.
2. The application does not present sufficient information to fully evaluate the extent to which the Board's instream flow rights may be injured.

Other Objectors

Other objections were filed by the City of Aurora, Climax Molybdenum Company, the Grand Valley Water Users Association, the Homestake Steering Committee, Orchard Mesa Irrigation District, and the Ute Water Conservancy District.
