Dear Becky,

The South Platte Basin Roundtable (SPBRT) voted on August 13, 2013 to approve, and recommend the same to the Board of the Colorado Water Conservation Board (CWCB), the attached Water Supply Reserve Account (WSRA) application from Ducks Unlimited (DU).

As described in the attached application, the \$33,663 of South Platte Basin funds will be used to identify high quality properties that could provide aquifer recharge for river augmentation.

With a quorum of members present, there was a motion and second and after discussion, the South Platte Basin Roundtable members voted unanimously to support the full funding request proposed by Ducks Unlimited in the application. There were no votes of dissent or abstentions.

We encourage the CWCB staff and board to support the recommendation to fund the full \$33,363 from the South Platte Basin Fund.

Thank you for your consideration.

Sincerely,

Sean T. Cronin,
Chair, South Platte Basin Roundtable
