

Summary

The Applicant seeks to obtain 3 new surface rights, 2 storage rights, several alternate points of diversion, a change of water right from irrigation to a new use of filling ponds and freshening flows with temporary dry-up, and a plan for augmentation and exchange using Colorado River Water Conservancy District augmentation water.

CWCB Appropriations

The CWCB holds the following instream flow water rights that could be injured by this application:

CWCB Case No.	Stream/Lake	Amount (cfs)	Approp. Date	Watershed	County
76W2948	Roaring Fork River	32	1/14/1976	Roaring Fork	Pitkin
85CW646	Roaring Fork River	30/55	11/8/1985	Roaring Fork	Pitkin Eagle
85CW639	Roaring Fork River	75/145	11/8/1985	Roaring Fork	Pitkin Eagle Garfield
10CW184B	Roaring Fork River	4.3	6/30/1904	Roaring Fork	Pitkin
10CW184C	Roaring Fork River	0.05-0.52	6/30/1904	Roaring Fork	Pitkin

Potential for Injury

The proposed change of water rights could cause an expansion of use and a change in the amount, location, and timing of historical return flows, which could injure CWCB's instream flow water rights.

The proposed plan for augmentation may not replace depletions in the amount, timing or location at which they occur, which could injure the CWCB's instream flow water rights.
