MEETING DATE: November 19-20, 2014

CONSENT AGENDA: Item 3b - Loan Deauthorizations
City of Evans - Emergency Evans Town Ditch Repair Project

Background

The City of Evans requested a loan for emergency repairs due to the flood of Sept. 2013. During the unprecedented flood of September 2013 in the tributaries to the South Platte River, a significant number of diversion structures and dams along the river corridor were damaged. The purpose of the Project was to repair the ditch to allow the City to deliver water to users. The City was able to afford repairs on their own so they will not need the loan. See attached email from Fred Starr, Public Works and Community Development Director, City of Evans, dated November 4, 2014.

Staff Recommendation

Staff recommends that the Board deauthorize the following loan:

	Borrower	Project	Approval Amount	Approval Date	Account	Contract Number
a)	City of Evans	Emergency Evans Town Ditch Repair	\$722,150	November 20, 2013	Severance Tax PBF	C150387

Dear Anna,

The City of Evans will not be using the CWCB Funds for repairs to the Evans Town Ditch Repair Project.

The City very much appreciates the Colorado Water Conservation Board approval of our loan but the City of Evans was able to affect repairs without the need of the Loan.

We appreciate your assistance to the City of Evans and other communities and districts as well.

Sincerely,

Fred Starr
