Craig Godbout – WSRA Application
Colorado Water Conservation Board
1313 Sherman Street, Room 721
Denver, CO 80203

Dear Mr. Godbout,

My name is Tom Verquer and I'm a voting member of the Arkansas Basin Roundtable. My reasons for dissenting on the Water Supply Reserve Account Grant Regional Water Supply Infrastructure Project: Preliminary Engineering of Area 3 Facilities from the Pikes Peak Regional Water Authority are as follows:

1. Ambiguity in outcomes as far as total water uses – amounts of water in the 2050 gap.
2. Sources for water – no contracts for transmission of water from Pueblo Reservoir.
3. No concepts for growth or development reduction.
4. No specific on sources of more water rights.
5. Plan is not really reflecting reality.

Sincerely,

Tom Verquer
Arkansas Basin Roundtable Voting Member
