SUBJECT: Upper Dolores Cold Water Fisheries Adaptive Management Plan - \$15,000
from Basin Account

Dear Mr. Godbout:

The Southwest Basin Roundtable is pleased to recommend funding of \$15,000 from the Southwest Basin Account for the Upper Dolores Cold Water Fisheries Adaptive Management Plan. The application was considered in detail and approved at the April 8, 2015 meeting of the Southwest Basin Roundtable. There was a quorum of Roundtable members present.

The proposed project is an IPP and fits well with the priority the Roundtable has placed on developing context and methods for evaluating and integrating non-consumptive needs with water supply IPPs in each of our nine sub-basins.

The completed Grant Application will be forwarded directly to you by the applicant. Please contact the applicant directly or me at 970-565-7562, mpreston@frontier.net, if you have questions or wish to discuss this application in more detail.

Sincerely,

Michael Preston
Southwest Basin Roundtable Chair
