CONSENT AGENDA: Item 2a - Loan Deauthorizations
Haldi Ditch Company - Emergency Haldi Ditch Repair Project

Background

The Haldi Ditch is located within the Left Hand Ditch Company's system and within the Left Hand Water District. During the 2013 flood event, the Left Hand Creek left its bank immediately upstream of the Haldi Diversion scouring a new channel and disconnecting the creek from the diversion. The project involved the construction of a grouted boulder drop structure to divert water back into the historic channel leading to the intake structure and removal and replacement of a pipeline that was scoured and damaged. Construction completed but Ditch Company's contribution was covered by grant funding. The loan was amended to \$0. See attached letter from W.R. Dagel, Secretary/Treasurer, Haldi Ditch Company, dated June 22, 2015.

Subject: De-authorization of Haldi Ditch Repair Contract C150389

Mr. Hernandez,

Pursuant to our telephone conversation, Haldi Ditch Co would like to begin the de-authorization process on the Repair Contract C150389. Haldi Ditch was able to complete flood destroyed repairs to the Haldi Ditch with the CWCB grant if \$25,000.

We have not used any of the funding that C150389 would have provided. Since we used no funding, does the service fee apply? If the fee applies, we will gladly pay it.

Respectfully,

W.R. Dagle
