Re: Letter of Support for the One World One Water Center - MSU Denver WSRA application titled *MSU Denver Theatre Troupe Water Outreach Project*.

Dear Craig,

The Metro Roundtable has received a presentation regarding the WSRA application from the One World One Water (OWOW) Center at MSU Denver from the Metro Basin Roundtable and Statewide funds to assist in the implementation of the MSU Denver Theatre Troupe Water Outreach Project.

In 2015, Denver Water, the City of Boulder, and Aurora Water collaborated with the One World One Water Center, and the MSU Denver Theater Department, to create a first-of-its-kind theater performance on water conservation and water protection for fifth & sixth-graders in their service areas. The response was phenomenal, and over 3,000 students, and their teachers and parents, attended the performances at several schools and the three utility water festivals in Denver, Boulder, and Aurora. The Colorado State Science Standards for 6th graders specifically requires that students learn about their water supply, the importance of water, and local water issues. This is an excellent program to meet those requirements.

Upon review and consideration of this proposal by the Metro Roundtable, a motion was made and seconded to supply this letter of support for the application. A quorum of the Metro Roundtable unanimously approved that motion at its October 14, 2015 meeting.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Barbara Biggs', with a stylized flourish at the end.

Barbara Biggs, Chair  
Metro Roundtable
