RE: Request for Administration of the Instream Flow Reach on the Roaring Fork River between the confluence of Difficult Creek and the confluence of the Maroon Creek

DATE: March 25, 2016

On behalf of the Colorado Water Conservation Board, I hereby request the water officials of the State of Colorado to administer in the priority system the Board's instream flow water right on the following segment of Roaring Fork River, District 38, to preserve the natural environment to a reasonable degree.

Case No.	Upper Terminus	Lower Terminus	Amount	Appropriation Date
W2948	confl Difficult Creek	confl Maroon Creek	32 cfs (1/1-12/31)	1/14/1976

The Roaring Fork River near Aspen, CO gage is in the reach and has been used to determine flow conditions are below the minimum for the decreed water right. The Board is hereby placing a written call for said instream flow water right to ensure that the full decreed amount of this water right is made available for the decreed beneficial use of preserving the natural environment to a reasonable degree. The effective date of this call is March 25, 2016 and the call is to be in effect until further notification from the CWCB.

Signed:
