AGENDA ITEM: 13. Colorado's Water Plan & Statewide Water Supply Initiative Update

Staff recommendation: This item is informational only, with no Board action requested.

Background:

In November of 2015, the CWCB presented the final draft of Colorado's Water Plan to Governor Hickenlooper. The Plan included a number of actions, goals, and measurable objectives. Chapter 10 of the Plan was designated the "Critical Action Plan," featuring near-term, high-impact actions which would support the measurable objectives and enhance Colorado's Water Values.

CWCB Staff will present the regular update on Colorado's Water Plan implementation efforts.

CWCB staff will also give a status report on the update of the Statewide Water Supply Initiative (SWSI).
