Fund Advisory Committee Leaders:

Enclosed are the financial reports for your fund for the month of December 2009. These include a rollforward of fund activity and an audit trail for the month of December. We are sending these reports only to the individual designated as the primary contact for your affiliated fund with the understanding that you will distribute these reports to others on your fund advisory committee and those individuals involved with particular projects and accounts so they can see the results of your collective efforts.

The enclosed Endowment Investment Summary details the current and historic returns for investments in our three long-term investment models. Returns for all three of our asset allocation models were positive for the quarter and each exceeded its benchmark.

You will receive a couple of other items from us in the next week or two that will require your attention and action. The first is an email regarding NCF's Confidentiality Policy. We are asking the fund advisory committee of each affiliated fund to review and discuss the Confidentiality Policy annually. As you know, ensuring that donors have a high level of trust in your fund advisory committee members is key to maintaining strong, long-term relationships with those donors. One element of donor trust is maintaining the confidentiality of personal information provided by donors.

Second, you will receive a packet in the mail related to scholarship administration. If your affiliated fund intends to grant scholarships during 2010, you must complete the Scholarship Selection Committee forms included in the packet and return them to NCF. If you will not be granting scholarships, please return the one-page form indicating this to us.

If you have questions or need more information, please call or email your NCF development staff member or me.

Thank you for all that you do for your communities and our state.

Sincerely,

Diane M. Wilson, CPA
Chief Financial & Administrative Officer

Endowment Investment Summary

Investment Returns

As of December 31, 2009

Following is a summary of investment returns for each of the three asset allocation models for endowed accounts of Nebraska Community Foundation affiliated funds. McCarthy Group Advisors (MGA) of Omaha is the investment advisor for these portfolios. The actual returns are compared to a benchmark that is established by weighting specific indexes appropriate to each of the components of the asset allocation model (for further information, see the NCF Investment Policy at www.nebcommfound.org/Updates/invpol.pdf.) Returns are net of manager fees (except for MGA fees, which are paid by NCF and not passed through to affiliated funds).
