Dear Greg:

The Colorado Basin Roundtable voted unanimously at its May 22, 2017 meeting to approve a \$40,000 Basin Account WSRF grant to the Missouri Heights-Mountain Meadows Irrigation Co. ditch lining project in Garfield County. The goal in this phase of improvements is to line 5,800 feet of ditch that seeps about 7 cfs of irrigation water.

The project comports with objectives in our Basin Implementation Plan relating to the sustaining of agriculture and improving efficient water use.

The project scored 10.25 of a possible 14.25 points on our scoring matrix, which measures how grants address our Roundtable objectives.

Sincerely yours,
