SUBJECT: Open Water Foundation – South Platte Roundtable Data Platform Grant Application

Dear Mr. Godbout,

The South Platte Basin Roundtable approved funding of \$40,000 from the basin fund to the Open Water Foundation's South Platte Roundtable Data Platform project. The project was reviewed by the Roundtable on July 11, 2017 at our monthly meeting. There was a quorum of members present at the meeting. This project requests \$60,000 in funding from the Statewide account.

The project will provide an open source data platform that will aid the South Platte Basin Roundtable and other decision makers by providing a visualization of data that has been previously unavailable. The data that will be made available will influence and propel decisions made across all categories of BIP goals.

The completed grant application will be forwarded directly to you by the applicant. Please contact the applicant directly or me at 720-272-2857 -- gvarra@varracompanies.com, if you have any comments or questions.

Sincerely,

Garrett Varra
South Platte Basin Roundtable Vice-Chair

Subject: Open Water Foundation – South Platte Data Platform Grant Application

Dear Mr. Godbout:

The Metro Roundtable approved funding of \$20,000 from the basin fund for the Open Water Foundation's South Platte Data Platform project. The project was reviewed by the Roundtable on August 10 at our monthly meeting. There was a quorum of members present at the meeting. This project requests \$60,000 in funding from the Statewide account.

Note that the South Platte Basin Roundtable had originally approved \$40,000 to support this project and had requested that the applicant approach the Metro Roundtable to split the cost. With the Metro Roundtable's approval, the South Platte Roundtable funding allocation can be reduced to \$20,000.

The project will provide an open source platform that will aid the South Platte and Metro Basin Roundtables and other decision makers by providing a visualization of data that has been previously unavailable. The data that will be made available will influence and propel decisions made across all categories of BIP goals.

The completed grant application was forwarded directly to you by the applicant. Please contact the applicant directly or me at (303) 979-7286, barbarabiggs802@gmail.com, if you have any comments or questions.

Sincerely,

Barbara Biggs
