Ken Neubecker
Updates

Lunch: Reeder Creek beef burgers, fixings and veggie burgers available

1:15 pm meet at the Windy Gap Reservoir viewing area for Windy Gap Bypass discussion

2:00 pm leave the viewing area, drive to Kemp Breeze

2:20 pm stop at Kemp Breeze Wildlife area to discuss the Colorado River Habitat Restoration project

2:45 pm leave Kemp Breeze Wildlife area, drive to Kremmling

3:15 pm arrive in Kremmling, visit ILVK irrigation/stream improvement projects

4:00 pm end tour

Directions:

The address to Reeder Creek Ranch is:
137 County Road 39
Kremmling, CO 80459

Problem: Some GPS take you to the wrong location if you plug that in (about 10 miles away on Highway 9).

It is about 6 miles East (Up River) from Kremmling on the South side of the Colorado River where County Roads 33 and 39 intersect.

Directions from Silverthorne (Or the Trough Road from

Wolcott, which is what I take to and from Glenwood Springs. Just turn left on Highway 9 at the end and directions are the same):

On Highway 9 traveling north toward Kremmling, when the town becomes visible, before you cross the Colorado River, take a right on County Road 33. County Road 33 (River Road) parallels the Colorado River on the **south side**. Travel 5 miles until County Road 33 intersects County Road 39. At the intersection, you will see two large red buildings, they are the only red buildings in the valley. Turn into either driveway and the meeting will take place in the red building to the north.

Please call me (Paul) with any questions. [\(970\) 531-2008](tel:9705312008)

All roundtable meetings are open and the public is encouraged to attend.
