

Colorado Basin Roundtable
May 21, 2018
Noon to 4 p.m.
Morgridge Commons, 815 Cooper Ave., Glenwood Springs, CO
Agenda

11:45 Pizza lunch available for beneficial use (without waste)

12:15 Grand Valley Water Users Association Grant Request Vote
Electrical Upgrade Project -- \$60k WSRF Basin request
Next Steps Committee recommends approval

12:30 Update on Preservation of the Shoshone Call Flows
Peter Fleming, General Counsel, Colorado River District

As requested at the last meeting, we will have a brief update on the investigation of West Slope entities to preserve the flows created by operation of the Shoshone Hydro Plant in Glenwood Canyon. The importance of preserving these flows to the West Slope is discussed in the Colorado River Cooperative Agreement, in the CBRT Basin Implementation Plan section of Colorado's Water Plan, and in the CBRT White Paper of 2013.

1:00 Four West Slope Basin Roundtable Meeting Report
Eric Kuhn and attendees will discuss the Risk Study discussion held on April 25 and the consensus to push ahead with Phase III. This will entail a WSRF grant request and a scope of work, which is being drafted.

1:45 Break

2:00 10-year Penalty Box Explanation

2:20 Kendall Reservoir Co. WSRF Grant Request

2:35 IBCC, CWCB Update

2:50 Bad Snowpack/Streamflows Update

3:00 Roundtable concerns
