Feasibility Study Lake Ditch Improvements

1. BACKGROUND

1.1 PURPOSE

The Lake Ditch Improvements project focuses on a 2,400-foot reach of Lake Ditch, an irrigation ditch owned and operated by the Left Hand Ditch Company (Company). The ditch parallels the west shore of Allens Lake. The amount of loan funding being requested by the Company is \$550,000. This project has been deemed necessary by the Company because the existing ditch is experiencing notable losses due to seepage and excessive sedimentation. This is hindering the ditch from delivering the Company's desired 25 cfs design flow. Due to the extremely narrow right-of-way (7.5 feet on both sides of ditch centerline), proper cleaning and maintenance of the ditch is uneconomical. Additionally, residents of the adjacent community surrounding Allens Lake have built their own crossings and patios on the ditch. This gives rise to concerns of public safety and further restricts ditch cleaning efforts.

It should also be noted that a County of Boulder Grading Permit will be required for this project. No other regulatory compliance issues are foreseen.

In summary, the purpose of the Lake Ditch Improvements project is to develop a solution which will eliminate seepage and allow more economical maintenance/cleaning, all while keeping the surrounding community safe.

1.2 STUDY AREA DESCRIPTION

The study area is located west of the intersection between US Highway 36 and Lakeridge Trail in Boulder County, 10 miles north of Boulder and 12 miles west of Longmont as shown in **Figure 1**. The 2,400-foot reach of Lake Ditch in question begins approximately 1.3 miles downstream of the point of diversion from Left Hand Creek. Left Hand Creek drains from Left Hand Canyon down to the front range. By the time it reaches the turnoff for Lake Ditch, the larger particles have settled out, leaving a bedload consisting of fines. This was apparent during a site visit when WWC identified only coarse/fine sand deposits in the ditch.

Figure 1: Site Vicinity Map

Lake Ditch originates from Left Hand Creek. It supplies water to 460 plus irrigators and 30,000 domestic customers. A schematic diagram of the Company's ditches and reservoirs is shown in **Figure 2**.

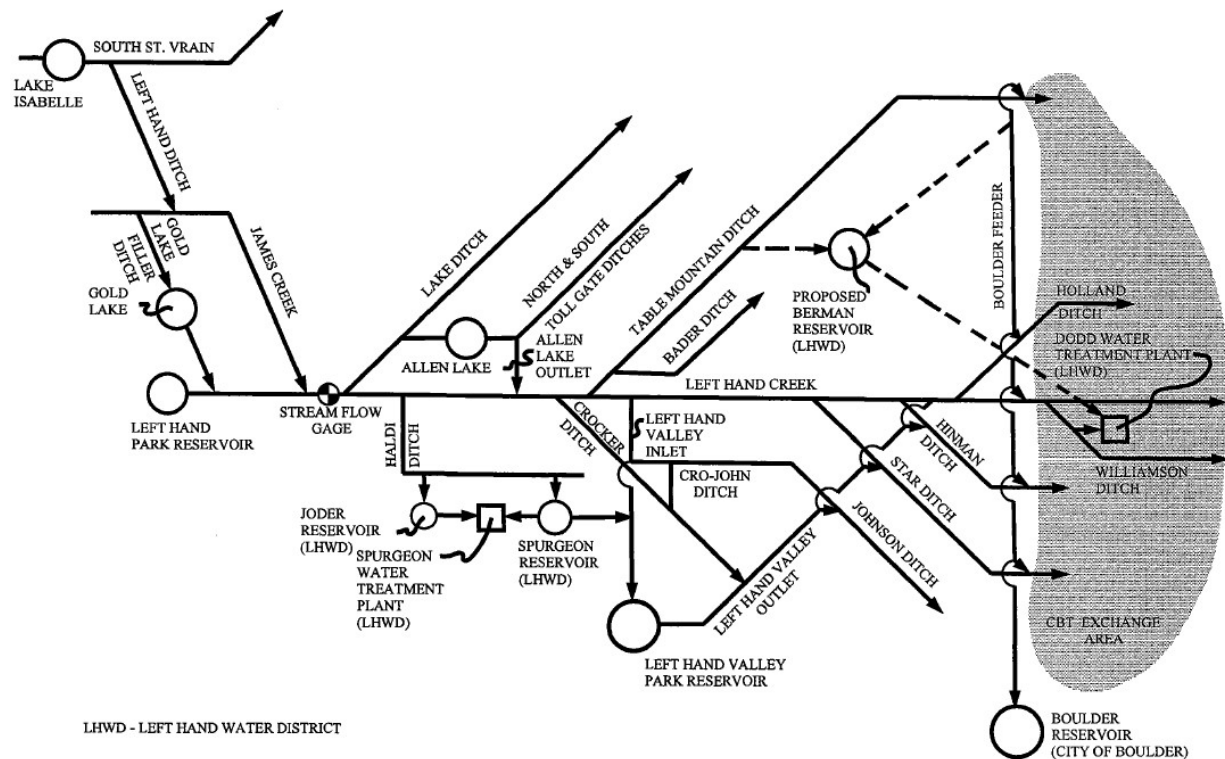

Figure 2: Left Hand Ditch Company Schematic

As shown below in **Figure 3**, the Company service area generally encompasses Left Hand Creek as it stretches from the foothills of the Front Range east to the town of Niwot, Colorado.

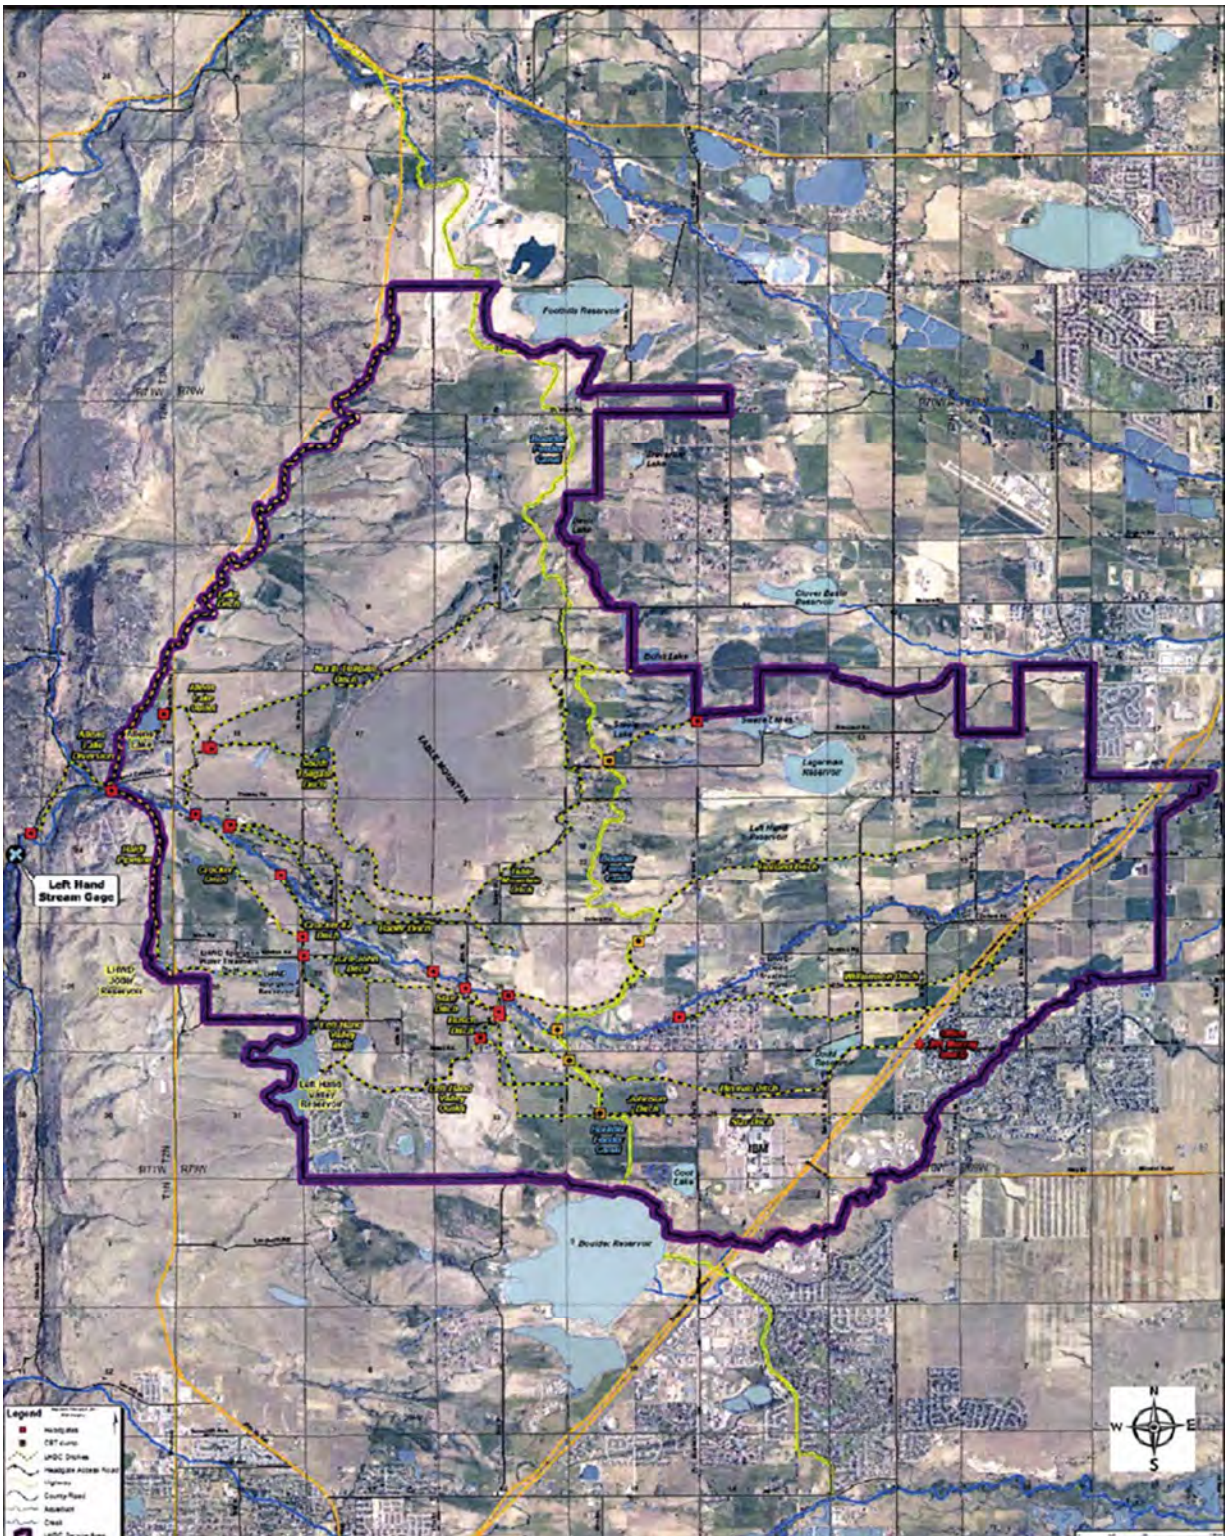

Figure 3: Left Hand Ditch Company Service Area

1.3 PREVIOUS STUDIES

A feasibility study has been completed for the Company in May of 2012 by Smith Geotechnical/Engineering Consultants. The study aimed to secure a loan for the repair of deficient items on Allens Lake and Lake Isabelle.

Allens Lake was experiencing erosion on the face of the dam which was a cause of concern for the State Engineer. Three alternatives were evaluated: 1) No Action Alternative, 2) Construction Alternative 1 - Repair with Riprap, and 3) Construction Alternative 2 – Repair with Concrete. Construction Alternative 1 was selected for Allens Lake because of the cost and ease of construction (Smith 2012).

At Lake Isabelle, an inspection in 2011 revealed that the access shaft to the gate valve along with the outlet pipe needed repairs. Again, three alternatives were evaluated: 1) No Action Alternative, 2) Construction Alternative 1 — Upgrade Existing Outlet Works, and 3) Construction Alternative 2 — Relocate the Control Gate. Construction Alternative 2 was selected for Lake Isabelle for reliability, ease of access, and safety concerns (Smith 2012).

The Company was granted a loan from the Colorado Water Conservation Board (CWCBC). The loan was in the amount of \$1,145,700 which was 90% of the estimated project cost.

2. PROJECT SPONSOR

The Company was formed on February 27, 1866 when the all of the owners of water rights on Left Hand Creek formed a mutual ditch company for the purpose of making a diversion from South St. Vrain Creek to the Left Hand Creek basin. The individual water rights of the various persons forming the company were transferred to the Company for distribution under a mutual ditch company system (Smith, 2012). The Company is made up of approximately 466 shareholders owning 16,800 shares of stock. A list of these shareholders is included in Attachment A.

The Left Hand Ditch Company is a mutual irrigating ditch company formed under C.R.S. § 742 101 to 118 and is a perpetual corporation formed "(i) to own and operate an irrigation and water system in the Niwot region of Boulder County, Colorado, and in connection therewith own, control, maintain and operate ditches, laterals, reservoirs, headgates, flumes, weirs, water rights and decrees, and other property of a complete irrigation and water system; (ii) to employ such secretaries, clerks, auditors, attorneys, water superintendents, ditch riders and laborers as may be needed; (iii) to divert, store, measure and distribute water under the water rights, priorities, and decrees owned or controlled by the Left Hand Ditch Company, including water allotments of Northern Colorado Water Conservancy District ("Northern Water") or any other foreign water not owned by the Corporation; (iv) to provide water to its stockholders for irrigation, agricultural, stock water, domestic, industrial, commercial and all other beneficial uses or purposes; and, (v) in general, to carry on the business of providing such water to the stockholders of the Corporation" (Article III, Amended and Restated Bylaws/Articles of Incorporation).

The original Articles of Incorporation are nearly illegible therefore Attachment B includes a copy of the current Amended and Restated Bylaws/Articles of Incorporation amended by the Shareholders of the Company on February 4, 2017. The powers and authorities of the Company as exercised by the Board of Directors are listed in Attachment B under Article VIII, Duties of Operators. Section 9 directs that "all notes, leases, deeds, contracts, and other documents including new certificates of stock, shall be approved by the Board of Directors, signed by the President or Vice President, and attested to by the Secretary or Assistant Secretary with seal affixed" (Article VIII, Amended and Restated Bylaws/Articles of Incorporation).

The Board of Directors consists of five persons who are stockholders or representatives of stockholders in the Company. One Director shall be elected from each of the five districts comprising the Company's irrigation system. The districts are listed in the Bylaws/Articles of Incorporation Article VI. The officers of the Company consisting of a President, Vice President Secretary, and Treasurer are members of the Board of Directors and are elected each year by the Board to fill vacancy left by officers whose term expired that year. The duties of Board of Directors are listed in Article VII of the Bylaws/Articles of Incorporation.

Revenues are derived principally from assessments charged on shares of stock owned by the stockholders. A small amount of revenue comes from the lease of surface rights at Left Hand Valley reservoir (Smith, 2012). Attachment C contains the last three years of financial statements prepared by the Company's accountant.

3. WATER RIGHTS

3.1 WATER AVAILABILITY

The Company owns the 33 most senior direct flow rights on Left Hand Creek totaling 294.58 cfs and effectively controlling the entire flow of Left Hand Creek. The Company also owns two direct flow priorities out of South St. Vrain Creek totaling 726 cfs. Water diverted from South St. Vrain Creek represents a majority of the total supply of the Left Hand Ditch Company. To regulate flows and to provide supply during times of diminished stream flow the Company owns five reservoirs including Allens Lake. **Table 1** lists the storage rights and **Table 2** list direct flow water rights of the Company (Smith, 2012).

3.2 WATER SUPPLY DEMANDS

On average, the Company delivers 50,000 acre-feet of water annually.

4. PROJECT DESCRIPTION

4.1 ANALYSIS OF ALTERNATIVES

Three alternatives have been evaluated in order to determine the best design for this project. The alternatives evaluated are 1) no-action, 2) ditch liner installation, and 3) ditch-to-pipe conversion. Each alternative is summarized below.

Alternative 1: No-Action

The first alternative evaluated was to make no modifications to the existing ditch. This is advantageous because there would be no direct project costs for the Company, no permitting required, and no disturbance to the surrounding community due to construction activities.

It is important to note, however, that the issues of seepage and sedimentation in the ditch are not addressed. Thus, the Company will still be losing critical flow in the ditch. Not to mention, while this alternative has no immediate capital expenditures, it will still cost the Company money. This is due to continued high maintenance costs required to dredge sediment out of the ditch. Current cleaning efforts are also a disturbance to the surrounding residential community due to the narrow right-of-way and excavating equipment. Additionally, safety of the crossings and patios belonging to the surrounding homes will continue to be a concern.

Alternative 2: Ditch Liner Installation

The second alternative evaluated was to install a synthetic liner into the bottom and side walls of the ditch. This alternative is advantageous because it directly addresses the need to eliminate seepage losses in the ditch. The ditch is over excavated, suitable bedding material is placed, the liner is installed, and the fill material is placed to return the ditch to its desired shape. The liner would limit water seepage from the ditch.

There are some critical issues that prevented this alternative from moving beyond initial investigation. Primarily, bedrock is located immediately beneath the invert and sides of the existing ditch. Although a geotechnical investigation was not completed to determine the depth and competence of the bedrock, Left Hand Excavating's experience with maintaining the ditch provided firsthand knowledge as to the depth and hardness of the bedrock. The costs associated with excavating the bedrock would prevent this from being a viable alternative. Additionally, sedimentation in the ditch would not be addressed by this option. The Company would continue to incur the cost of routine sediment removal along the ditch. The community would still be dealing with the disturbance of maintenance activities in their backyards. Concerns due to the safety of crossings and patios over the ditch are also not addressed.

The need for a County of Boulder Grading Permit will be required for this alternative because of the earthwork involved.

Because this alternative was found to be undesirable from an early stage, a detailed cost estimate was not developed. From experience, WWC anticipates that this alternative would not be cheaper than Alternative 3 simply due to rock excavation.

Alternative 3: Ditch-to-Pipe Conversion

The third alternative evaluated was a conversion from the existing open channel ditch to a pipe network. This alternative involves placing pipe and access manholes along the existing alignment of Lake Ditch. It is a beneficial alternative because it limits seepage loss to negligible amounts. Additionally, it has been determined that flow velocities will convey the coarse/fine sand bedload through the pipe. This significantly reduces cleaning and maintenance along the narrow corridor of Lake Ditch around Allens Lake. Not to mention, private crossings over the ditch will no longer be necessary which addresses the concerns for public safety in this area.

A County of Boulder Grading Permit will be required for this alternative. Excavation will be required to place manholes. Additionally, pipe bedding and earth backfill will be placed around the pipe to fill in the ditch and promote surface drainage.

A detailed cost estimate is discussed in Section 4.3. It should be noted that all goals and objectives of the Company are satisfied with this solution.

4.2 SELECTED ALTERNATIVE

Alternative 3, Ditch-to-Pipe Conversion is the selected alternative. For this alternative, it was necessary to determine whether the pipe network would be pressurized or non-pressurized. This determination was made by analyzing the head loss across the pipe network. This is simply the difference between existing up and downstream water surface elevations which can be determined using the slope of the ditch. Lake Ditch currently has an average slope of approximately 0.0009 ft/ft along the project reach. The slope yields a total drop of about 2.16 feet over the 2,400-foot project reach. From preliminary modeling, approximately 4 feet of head was required for the pressurized system to function properly. Thus, a non-pressurized, or open channel pipe network was selected for design.

The next step in design was to determine the type, size, and number of pipes to be used. After speaking with Left Hand Excavating, it was determined that a High-Density Polyethylene (HDPE) pipe, such as an ADS N-12 Dual-Wall HDPE pipe, would be desirable. The required design flow was 25 cfs. Bentley FlowMaster was used for preliminary modeling to evaluate the size and number of pipes required. Modeling was based off the ADS N-12 pipe's Manning's roughness coefficient of 0.012 and the existing channel slope of 0.0009. For open channel flow, it is desirable to keep pipes flowing under 80% full. Pipes flowing above 80% full can lead to air entrainment and fluctuate between open channel and pressurized pipe flow conditions leading to diminished flow capacity.

Multiple pipe configurations, sizing and shapes were evaluated using FlowMaster. As shown below in **Figure 4**, two 3-foot diameter pipes would be capable of delivering 25 cfs, each flowing about 55% full. This option provides the required capacity. However, it is not feasible to

fit two 3-foot diameter pipes side-by-side within the existing ditch easement. This option was evaluated to determine if two smaller diameter pipes could pass the design flow as pipe costs significantly increase with increased diameter.

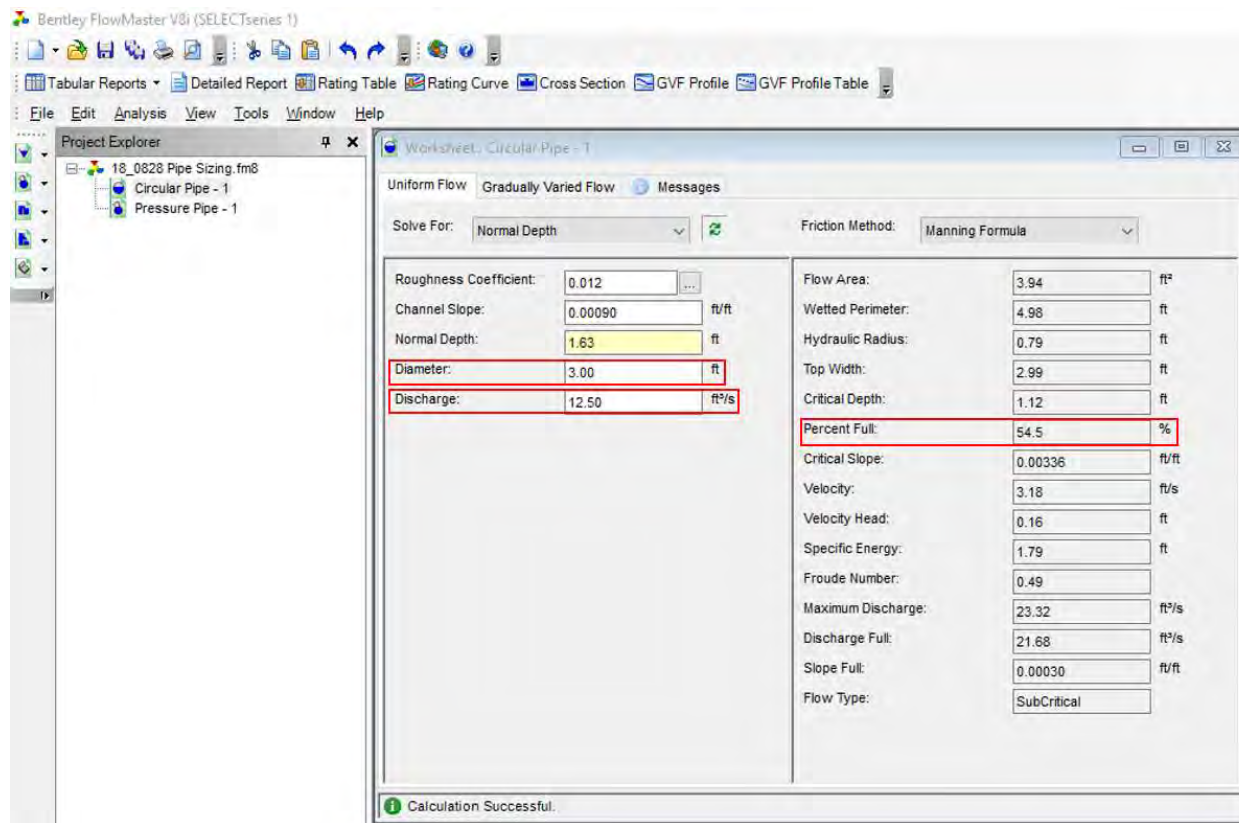

Figure 4: Bentley FlowMaster Modeling of Two 3-foot Pipes

A single 3.5-foot diameter pipe was also modeled which can deliver 25 cfs while flowing about 66% full. Although this configuration is closer to capacity, it is still under the 80% threshold and it fits nicely within the existing ditch channel. The FlowMaster modeling is shown in **Figure 5**.

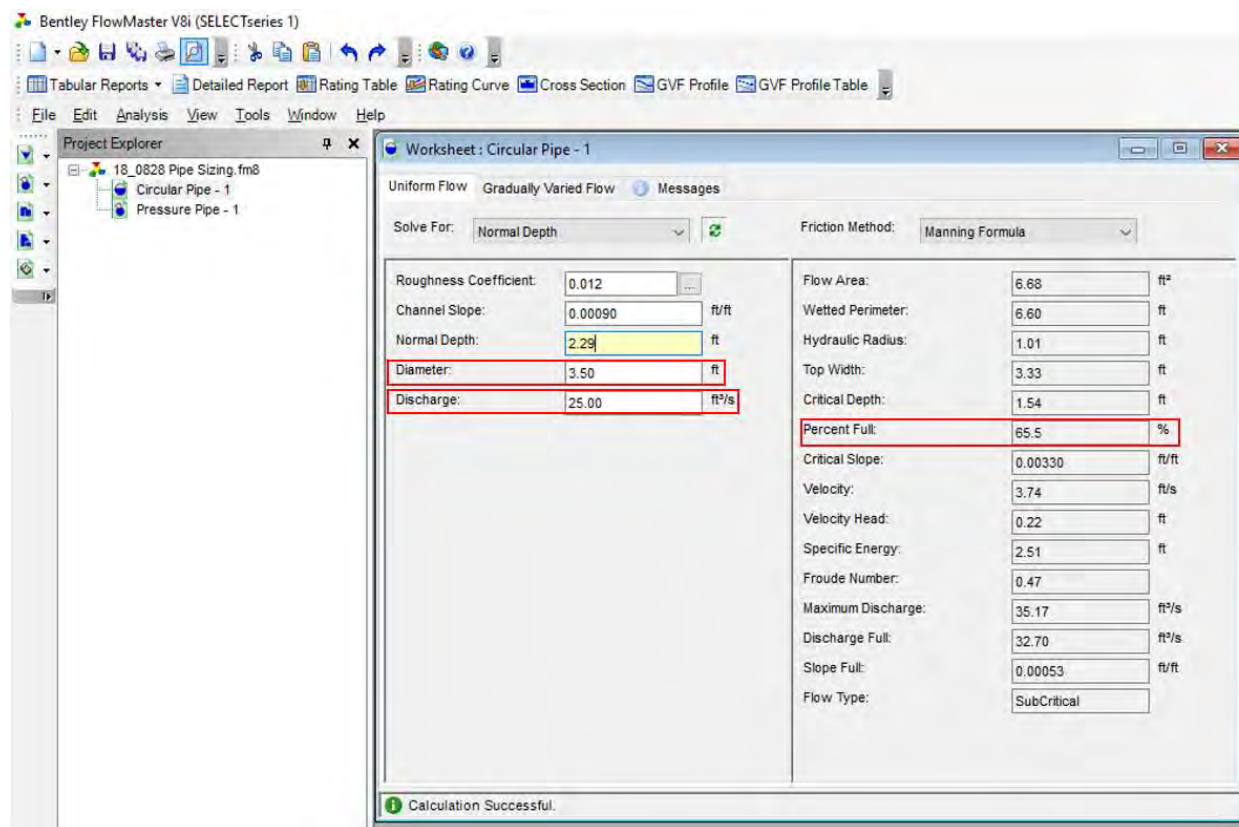

Figure 5: Bentley FlowMaster Modeling of a Single 3.5-foot Pipe

More detailed hydraulic modeling was completed in HEC-RAS and AutoDesk Storm and Sanitary Analysis to verify headwater/tailwater conditions and to develop hydraulic grade lines for the single 3.5-foot diameter pipe selection. The results of these calculations are presented on the General Site Overview and Profile sheet in the Construction Plan Set in Attachment D. It can be seen that the hydraulic grade line maintains acceptable elevation despite major and minor pipe losses.

The single 3.5-foot diameter pipe was selected because of its favorable hydraulics and space savings. Because the new pipeline must fit within the existing ditch, size was a major constraint. For this reason, the single pipe was the most feasible option.

4.3 DESIGN LAYOUT

The design was formulated to maximize economy by minimizing cleaning efforts and changes to the existing ditch alignment.

Lake Ditch was broken up into 33 pipe sections, 26 bends, 6 manholes, and entrance/exit structures. 6-foot manholes are required for a 3.5-foot diameter pipe. Manholes have been

strategically placed at bends greater than 45° and spaced no more than 400 feet apart. This allows for efficient cleaning and maintenance of the pipe network. The draft Construction Plan Set is presented in Attachment C and shows precise locations of the structures along the pipe reach as well as standard details regarding the inlet and outlet transition structures.

While the pipeline flow velocity will be great enough to keep sediment moving through, it is inevitable that sedimentation will still occur at the inlet of the pipe network. An inlet structure has been engineered to include a sand sluice which will mitigate this issue. This design is included on the Civil Details sheet of the draft Construction Plan Set included in Attachment D. A slide gate will be mounted with a 12-inch diameter blockout on the vertical wall of the inlet structure. A 12-inch HDPE pipe will discharge into the lake. The gate can be cracked which will provide suction to remove sand built up in the deep, slower moving pool at the pipe inlet. It should be noted that the 3.5-foot ditch pipe invert will be elevated to eliminate sediment entering the pipe network.

Additionally, the entrance structure will include a trash rack made of ¼" plate steel mounted at a 4:1 slope also pictured on the Civil Details page in Attachment D. This design prevents large debris from entering the pipe network and allows maintenance personnel to easily remove those debris from the trash rack using a hand rake.

4.4 COST ESTIMATE

A detailed summary of construction costs associated with Alternative 3 is shown below in **Table 3**. This cost estimation is based on WWC's relevant project experience and costs provided by local contractors and suppliers. Left Hand Excavating has reviewed the costs associated with this project and has provided significant input on the construction methods and planning. Quantities have been developed from a GPS grade ditch profile and cross sections surveyed by WWC. Additionally, a summary of total project costs for Alternative 3 is shown below in **Table 4**.

Table 3: Lake Ditch Improvements Construction Cost Estimation

Item Description	Unit	Unit Price	Quantity	Cost
1 Mobilization and Bonds (10% of all bid items)	LS	10%	1	\$ 48,719
2 Demolish Existing Residential Crossings	LS	\$ 15,000	1	\$ 15,000
3 ADS N-12 Dual-Wall HDPE Pipe, 42"	LF	\$ 150	2400	\$ 360,000
4 ADS N-12 Dual-Wall HDPE Pipe, 12"	LF	\$ 25	40	\$ 1,000
5 Pipe Bedding	CY	\$ 15	1850	\$ 27,750
6 Fresno Model 101C Slide Gate	EA	\$ 2,400	1	\$ 2,400
7 Precast Concrete Manhole, 6' Dia.	EA	\$ 5,000	6	\$ 30,000
8 Inlet Transition Structure	EA	\$ 12,000	1	\$ 12,000
9 Outlet Transition Structure	EA	\$ 14,000	1	\$ 14,000
10 Unclassified Excavation	CY	\$ 10	2100	\$ 21,000
11 Landscaping	LS	\$ 5,000	1	\$ 5,000
Unlisted Items (3% of Items 2-11)		3%		\$ 14,045
A Construction Cost Subtotal				\$ 550,914
B Contingency (15% of A)		15%		\$ 82,637
Estimated Project Cost			\$ 633,551	
Rounded Project Cost			\$ 634,000	

Table 4: Lake Ditch Improvements Total Project Costs

<u>Item</u>	<u>Cost</u>
1. Construction	\$551,000
2. Contingency @ 15%	\$83,000
3. Engineering Fees	\$26,000
4. Feasibility Study	\$5,000
5. Total Project Cost	\$665,000

4.5 IMPLEMENTATION SCHEDULE

The following schedule is proposed for implementation of the project.

<u>Task</u>	<u>Target Completion Date</u>
1. Feasibility Study Completed	11/29/18
2. Submit to CWCB	12/1/18
3. CWCB Action	1/31/19
4. Lake Ditch Improvements Project	
4.1. Design Completion	12/2018
4.2. Project Bid	1/2019
4.3. Award Bid	2/2019
4.4. Begin Construction	3/2019
4.5. Construction Completion	4/2019

4.6 IMPACTS

This project will have social impacts on the surrounding residential community during construction. Lake Ditch is adjacent to the backyards of a dozen or so homes included in the Lake of the Pines neighborhood. Construction activities will cause some disturbance. However, in the future, there will be fewer impacts to these residents because cleaning/maintenance efforts will be less invasive to the community.

Physical impacts of this project will include the elimination of the existing open channel ditch. While the community will be losing the ditch flowing adjacent to their backyards, it will eliminate safety concerns involving the private crossings and patios.

This project will have a significant, positive, economic impact for the Company. It will eliminate seepage issues ensuring that water rights are supplied, and the project greatly reduces cleaning/maintenance efforts. Ultimately, this project will save the Company time and money related to water savings and maintenance.

4.7 INSTITUTIONAL FEASIBILITY

A County of Boulder Grading Permit will be required for this project because of the involvement with earthwork. The US Army Corps of Engineers (Corps) was contacted and issued a determination that no permit will be required from the Corps for this project.

5. FINANCIAL FEASIBILITY ANALYSIS

The Company appears to be in sound financial condition with sufficient cash reserves maintained to cover more than one year's operating expenses. They have Current Assets of \$683,724, Property and Equipment of \$3,426,668, and long term debt of \$1,933,588 with 3 loans from the Colorado Water Conservation Board (CWCB).

As of December 31, 2017, **Table 5** shows a summary of the outstanding loans.

Table 5: Outstanding Loan Summary

Lender	Loan Amount	Remaining Amount	Yearly Payment	Year of Maturity
1. Colorado Water Conservation Board (1994 Spillway Project)	\$560,000	\$209,198	\$33,875	2029
2. Colorado Water Conservation Board (2012 Lake Isabelle/Allens Lake Project)	\$1,332,562	\$1,295,192	\$70,018	2042
3. Colorado Water Conservation Board (2014 Flood Repairs)	\$534,128	\$519,636	\$26,776	2043

At the end of 2017, the Company had cash deposits and investments of \$683,724, net assets of \$4,157,182, and total liabilities (debt) of \$2,112,237. The following is a summary of the Company's Independent Accountant's Review Report issued by Clausen & Associates Certified Public Accountants, PC. This report is included in Attachment C along with the detailed financial statements for the last three years.

	<u>2017</u>	<u>2016</u>
Net Assets	\$ 4,157,182	\$ 4,004,941
Current Assets	\$ 683,724	\$ 550,861
Total Liabilities	\$ 2,112,237	\$ 2,179,274
Total Revenue	\$ 548,275	\$ 536,017
Total Expenses	\$ 387,547	\$ 378,310

5.1 LOAN AMOUNT

The Company plans to apply for a loan in the amount of \$550,000 from the CWCB small projects fund. This application is included in Attachment E. With an interest rate of 2.5%, a 30-year term, and a loan amount of \$550,000, the annual payment would be \$26,278 per year. The interest rate of 2.5% was provided by the CWCB and is a blended rate based on the percentage of the Company owned by agricultural, municipal high income, and municipal middle income users and the interest rates. It is anticipated that construction will take place during the spring of 2019. A 1% loan origination fee of \$5,500 will also be charged to the Company.

5.2 BENEFIT TO COST ANALYSIS

The following analysis quantifies the benefits of this project which are gained by eliminating seepage from the ditch. It should be noted that the current value of water is expected to be \$8,000 to \$10,000 per acre-foot. This price has been determined based on the recent prices of water sold in Northern Colorado. It is expected that these prices will increase over the 30 year life of the

loan. However, the lower end of this current value has been used for the analysis. This is a conservative assumption that, as shown below, still yields a very positive benefit to cost ratio.

Total Project Cost Including Interest:

$$\$26,278 \times 30 \text{ years} + \$5,500 + \$115,000 = \$908,840$$

Total Cost Per Share of Stock:

$$\$908,840 \div 16,800 = \$54$$

Total Cost Per Share of Stock Per Year:

$$\$54 \div 30 \text{ years} = \$1.8$$

Cost Per Acre-Foot of Water Saved:

$$\$908,840 \div 2856 \text{ acre-feet} = \$318$$

$$\textbf{Benefit/Cost} = [\$8,000 \times 2856 \text{ acre-feet}] \div \$908,840 = 25.1$$

Although seepage loss is the most quantifiable benefit of this project. The Company will also save annual operation and maintenance costs because of reduced sedimentation in this reach of the ditch. Additionally, safety concerns of the surrounding community are eliminated.

5.3 FINANCING SOURCES

The Lake Ditch Improvements project will be financed in large using the \$550,000 CWCB loan. The remainder of the project will be paid for with funds raised by assessments and with cash the company has available in an existing certificate-of-deposit and money market account.

5.4 REVENUE AND EXPENDITURE PROJECTIONS

The following is a financial schedule for the Company completed by Clausen & Associates, Certified Public Accountants, PC. **Table 6** is presented in current dollars as no inflation is included.

Column (1) shows the assessment level project over the life of the project and loan; column (2) shows the revenue from assessment on 16,800 shares of stock; column (3) shows the "other income" the company has from leases, water transfers, and augmentation and was held constant to provide an analysis in today's dollars without inflation; column (4) is the operating expense as taken from the 2017 financial statement and was held constant rather than estimating inflation; and, columns (5), (6) and (7) show the loan payment on the existing CWCB loans.

Column (8) in **Table 6** shows the projected reserve funds that will be required by the Company for the Isabelle and Allens Lake project.

The total income and expenses are indicated in Columns (9) and (10) with the net income for each year shown in Column (11). The cash balance is the sum of Column (11) and the cash balance from the previous year.

Table 6: Left Hand Ditch Company Annual Financial Schedule

Year	(1) Assessment Per Share	(2) Income From Assessment	(3) Estimated Other Income	(4) Company O&M Expense	(5) CWCB LHV Dam Loan Pmt	(6) CWCB Emergency Loan Pmt	(7) CWCB Isabelle & Allen's Lake Loan Pmt	(8) Projected Reserve	(9) Total Income	(10) Total Expense	(11) Income Minus Expense	(12) Cash Balance	Year

2048	\$ 30	\$ 504,000	\$ 83,085	\$ 356,326					\$ 587,085	\$ 356,326	\$ 230,759	\$ 4,925,471	2048

5.5 LOAN REPAYMENT SOURCES

As shown in **Table 6** above, the CWCB loan for the Lake Ditch Improvements will be paid for using assessments. The Company also participates in other investment activities, seen in the financial statements included in Attachment C. These other sources of income will be used for repayment of the loan.

5.6 FINANCIAL IMPACTS

The assessments for the years 2001 to 2017 are summarized as follows.

<u>Year</u>	<u>Assessment</u>
2001	\$10.00
2002	\$10.00
2003	\$12.00
2004	\$14.00
2005	\$14.00
2006	\$14.00
2007	\$12.00
2008	\$12.00
2009	\$14.00
2010	\$14.00
2011	\$15.00
2012	\$15.00
2013	\$15.00
2014	\$15.00
2015	\$15.00
2016	\$15.00
2017	\$15.00

From the benefit to cost analysis performed in Section 5.2, the project costs only require stock prices to be raised by \$1.80 per share per year. This is an acceptable increase to the current assessment.

5.7 COLLATERAL

The Company can offer the following collateral for the CWCB loan.

1. The revenue from assessments as allowed by the Company's Rules and Regulations.
2. Assignment of land and physical assets to the CWCB.

5.8 SPONSOR CREDIT WORTHINESS

The Company currently has three outstanding loans as previously described. The most recent of these loans will mature and be paid off in 2043. The Company has significant capital assets, with

total assets of over \$4,157,182. As shown in **Table 6** and the benefit to cost analysis, the Company does not have to significantly raise the assessments and could tap into their cash reserves to make the yearly payment without significantly affecting their financial position.

AMENDED AND RESTATED
BYLAWS/ARTICLES OF INCORPORATION

ADOPTED: February 6, 2010
as amended February 1, 2014
as amended February 4, 2017

**AMENDED AND RESTATED
BYLAWS/ARTICLES OF INCORPORATION**

LEFT HAND DITCH COMPANY

Adopted February 6, 2010
as amended February 1, 2014
as amended February 4, 2017

**ARTICLE I
NAME AND DURATION**

The name of the Corporation is the LEFT HAND DITCH COMPANY and its period of duration shall be perpetual.

**ARTICLE II
PLACE OF BUSINESS**

The place of business of the Corporation shall be the valley of Left Hand Creek and its tributaries and the area occupied and served by its reservoirs and ditches in Boulder County, Colorado. The Service Area ("Service Area") of the Corporation shall be identified and delineated on the official map adopted by the Board of Directors on October 21, 2009. Such map shall be maintained at the corporate office. Any proposed change to the map of the Service Area shall be submitted to the stockholders of the Corporation for approval by a two-thirds vote of the stock represented at an annual meeting or a special meeting called for such purpose in accordance with Article V, provided a quorum is present and provided further that the notice to each stockholder for said meeting shall have contained specific information concerning the proposed change or changes.

**ARTICLE III
PURPOSES**

The objects and purposes of the business to be transacted by the Corporation, without pecuniary gain or profit, shall include, but not be limited to, the nature, objectives and purposes provided for in C.R.S. § 7-42-101 *et seq.*, and, in addition, shall include the following: (i) to own and operate an irrigation and water system in the Niwot region of Boulder County, Colorado, and, in connection therewith, to own, control, maintain and operate ditches, laterals, reservoirs, headgates, flumes, weirs, water rights and decrees, and other property of a complete irrigation and water system; (ii) to employ such secretaries, clerks, auditors, attorneys, water superintendents, ditch riders and laborers as may be needed; (iii) to divert, store, measure and distribute water under the water rights, priorities, and decrees owned or controlled by the Left Hand Ditch Company, including water allotments of Northern Colorado Water Conservancy District ("Northern Water") or any other foreign water not owned by the Corporation; (iv) to provide water to its stockholders for irrigation, agricultural, stock water, domestic, industrial,

commercial and all other beneficial uses or purposes; and (v) in general, to carry on the business of providing such water to the stockholders of the Corporation.

ARTICLE IV **CAPITAL STOCK**

Section 1. Authorized Shares.

The authorized Capital Stock of the Corporation shall be 16,800 shares of a par value of .3125 dollars each, of equal standing and of only one class.

Section 2. Transfers and Lost Certificates.

All transfers of stock shall be made upon the books of the Corporation upon surrender of the certificates covering the same, by the holder of the shares or by his legal representative. Transfer fees in an amount determined from time to time by the Board of Directors shall be paid by the transferor at the time of issuance of any stock certificate. Transfers shall be made only when the stockholder is free from indebtedness to the Corporation. Shares may be transferable to the Corporation itself.

New stock certificates may be issued in accordance with the procedure and provisions set forth in C.R.S. §§ 7-42-114 to 7-42-117, which provide, in general, that if a certificate has been lost or destroyed, the owner of the lost or destroyed certificate may file a statement under oath with the Secretary of the Corporation that the stock has been lost, mislaid or destroyed and request the issuance of a new stock certificate. Upon receipt of such request, the Secretary of the Corporation shall publish notice that a demand has been filed in accordance with the terms of the statute. If no claim of interest or ownership other than that made by the person filing such notice is filed with the Secretary of the Corporation, the Corporation shall issue a duplicate certificate. The costs of following the statutory proceedings shall be paid by the person requesting the new certificate. No bond shall be required when the statutory proceeding is followed.

Section 3. No Removal or Transfer.

No stockholder shall have any right to transfer or remove Left Hand Ditch Company water outside the Service Area of the Corporation.

ARTICLE V **STOCKHOLDERS MEETING**

Section 1. Annual Meeting.

The regular annual meeting of the stockholders of this Corporation shall be held in or near the town of Niwot, Boulder County, Colorado, on the first Saturday in February of each year, or on such other date as the Board of Directors may designate. The Board of Directors shall designate the time and place of such meeting.

Section 2. Special Meetings.

Special meetings of the stockholders of this Corporation may be called at any time by a resolution of the Board of Directors, at which meetings no business shall be transacted except such as shall be mentioned in the notice of the special meeting.

Section 3. Meeting at the Request of Stockholders.

Whenever the stockholders of ten percent (10%) of the Capital Stock of the Corporation request the President of the Corporation, in writing, to call a special meeting of the stockholders, giving the reasons for the special meeting, the President shall without delay call a meeting of the Board of Directors and present the request, and thereupon the Board of Directors shall call a special meeting of the stockholders to be held within thirty (30) days.

Section 4. Notice.

Notice of all meetings of stockholders shall be mailed or emailed to each stockholder of record not less than ten (10) nor more than sixty (60) days before such meeting, stating the time and place of said meeting, and, in the case of a special meeting, stating the object and purpose of said meeting.

Section 5. Record Date.

Stockholders of record as of the previous December 31 shall be entitled to vote at each annual meeting. The record date for a special meeting of stockholders shall be the date on which the notice of the meeting is sent.

Section 6. Quorum.

A majority of all the stock of the Corporation must be represented in person or by proxy at all meetings of stockholders to constitute a quorum for the transaction of any business.

Section 7. Proxies.

At all meetings of stockholders, a stockholder may vote by proxy executed in writing by the stockholder or by his duly authorized attorney-in-fact. Such proxy shall be filed with the Secretary of the Corporation before or at the time of the meeting. No proxy shall be valid after eleven (11) months from the date of its execution, unless otherwise provided in the proxy. In the event a stock certificate is held in the name of two or more persons (such as joint tenancy, tenancy in common, or other common ownership), any one of the owners listed on the stock book of the Corporation shall be deemed to have authority to sign the proxy on behalf of all the owners, unless and until such authority is proven to the contrary to the satisfaction of the Board of Directors.

Section 8. Voting.

Each outstanding share of stock shall be entitled to one vote on all matters properly placed before the stockholders.

Any shares held in the name of two or more persons (*e.g.*, joint tenancy, tenancy in common, or other common ownership) may be voted by one of the record owners unless and until such authority is proven to the contrary to the satisfaction of the Board of Directors. In the event two or more of such common owners purport to vote the shares held in common, the vote of the common stockholder or proxy named in a notice signed by all the record owners and received by the Corporation on or before the record date shall be counted, to the exclusion of the vote of any other common owner or owners. If no such notice has been received by the Corporation, then no votes of the common stockholders shall be counted in the event two or more of such stockholders purport to vote the shares held as common.

Any shares held in the name of a corporation or other entity (*e.g.*, a partnership, trust, limited liability company, municipal corporation, government entity, or district) or in a representative capacity (*e.g.*, an administrator, executor, personal representative, guardian, or conservator) may be voted in person or by proxy by such representative as the bylaws or other authority of such entity or representative may prescribe. The person so acting on behalf of a stockholder shall be defined as a "representative" for purposes of these Bylaws/Articles of Incorporation.

Section 9. Manner of Acting.

If a quorum is present, the affirmative vote of the majority of the shares represented at the meeting and entitled to vote on the subject matter shall be the act of the stockholders, unless the vote of a greater proportion or number is otherwise required by statute or by these Bylaws/Articles of Incorporation.

Section 10. Pledged Shares.

A stockholder whose shares are pledged shall be entitled to vote such shares until the shares have been transferred into the name of the pledgee, and thereafter the pledgee shall be entitled to vote the shares so transferred. In the case where shares of stock are shown on the corporate books to be owned by equity owners with other persons or parties shown as holding a security interest only, these shares shall be voted by the equity owner or owners.

ARTICLE VI **DIRECTORS**

Section 1. Number, Tenure and Qualifications.

The Board of Directors of the Corporation shall consist of five persons who shall be stockholders, or representatives of stockholders, in the Corporation. One director shall be

elected from each of the five districts or divisions of the Left Hand Ditch Company irrigation and water system as follows:

District 1: to be comprised of the territory irrigated from the Haldi Ditch, the Lake Ditch, the North and South Toll Gate Ditches, the Crocker Ditch and the Table Mountain Ditch.

District 2: to be comprised of the territory irrigated from the Cro-John Ditch, Crocker Ditch No. 2, Bader Ditch, the Johnson Ditch, the Star Ditch and the Hinman Ditch.

District 3: to be comprised of the territory irrigated from the Holland Ditch and the Williamson Ditch.

District 4: to be comprised of the area above the Boulder Supply Canal.

District 5: to be comprised of the area below the Boulder Supply Canal.

One or two directors shall be elected each year to fill the vacancy left by the director or directors whose term of office expires that year. Those nominated must be stockholders or representatives of stockholders in the district that they are to represent and may only be nominated by a stockholder, or representative of such stockholder, from that district. Those so nominated shall be voted on by all the stockholders as a body and the one receiving the highest number of votes in each district shall be declared elected for a term of three years.

For purposes of determining qualifications of a district stockholder, or representative of such stockholder, to nominate or serve as a director, the stockholder must be eighteen (18) years of age or older and must own land that is served by the Corporation's water system within the applicable district.

Notwithstanding the foregoing provisions, no stockholder shall be allowed to have more than one representative serving as a director.

Section 2. Election of Directors.

All elections shall be by ballot of the stockholders for the persons nominated. Each stockholder shall have the right to vote in person or by proxy the number of shares owned by him and standing in his name on the books of the Corporation, and the person or persons receiving the highest number of votes shall be declared to be elected to the Board of Directors.

Section 3. Term and Vacancies.

Directors shall serve until their successors are duly elected and have qualified. Vacancies on the Board of Directors caused by death, resignation, or inability to act of any member of the Board of Directors shall be filled by the remaining members of the Board to serve until the next regular or special meeting of the stockholders.

Section 4. Removal.

Any or all of the directors may be removed with or without cause by vote of the stockholders.

Section 5. Resignation.

A director may resign at any time by giving written notice to the Board of Directors and to the President or the Secretary of the Corporation. Unless otherwise specified in the notice, the resignation shall take effect upon receipt of the resignation by the Board or such officer, and the acceptance of the resignation shall not be necessary to make it effective.

ARTICLE VII **DUTIES OF DIRECTORS**

Section 1. Annual Meetings.

A meeting of the Board shall be held within a month following the annual meeting of Stockholders each year.

Section 2. Regular Meetings.

Regular meetings of the Board of Directors shall be held once a month with time and place to be determined by the President with the consent of the directors. Meetings shall be open to the stockholders or to others by invitation of the Board or the Vice President of Maintenance and Operations, but the Board may go into executive session at such times as it deems appropriate.

Section 3. Special Meetings.

Special meetings of the Board of Directors may be held upon the call of the President, the time and place to be fixed by the President, provided twenty-four (24) hours' notice is given each director of such special meeting. Special meetings of the Board shall be called by the President at any time or upon the request of two or more directors.

Section 4. Quorum.

At meetings of the Board of Directors, three members shall constitute a quorum for the transaction of business.

Section 5. Manner of Acting.

An act of the majority of the directors present at a meeting at which a quorum is present shall be an act of the directors.

Section 6. General Powers.

The business and affairs of the Corporation shall be managed by its Board of Directors. The directors shall in all cases act as a board, and they may adopt such rules and regulations for the conduct of their meetings and the management of the Corporation as they may deem proper, not inconsistent with these Bylaws/Articles of Incorporation and the laws of this State.

Section 7. Performance of Duties.

A director of the Corporation shall perform the duties of a director, including duties as a member of any committee of the Board upon which the director may serve, in good faith, in a manner the director reasonably believes to be in the best interests of the Corporation, and with such care as an ordinarily prudent person in a like position would use under similar circumstances. In performing a director's duties, a director shall be entitled to rely on information, opinions, reports, or statements, including financial statements and other financial data, in each case prepared or presented by persons and groups listed in paragraphs (a), (b), and (c) of this Section 7; but the director shall not be considered to be acting in good faith if the director has knowledge concerning the matter in question that would cause such reliance to be unwarranted. A person who so performs the duties of a director shall not have any liability by reason of being or having been a director of the Corporation. Those persons and groups on whose information, opinions, reports, and statements a director is entitled to rely upon are:

(a) One or more officers or employees of the Corporation whom the director reasonably believes to be reliable and competent in the matters presented;

(b) Counsel, public accountants, engineers, or other persons as to matters that the director reasonably believes to be within such person's professional or expert competence; or

(c) A committee of the Board upon which the director does not serve, duly designated in accordance with the provision of these Bylaws/Articles of Incorporation, as to matters within the committee's designated authority, which committee the director reasonably believes to merit confidence.

Section 8. Informal Action by Directors.

Any action required by law or any other action that may be taken at a meeting of the Board of Directors, or any committee thereof, may be taken without a meeting if every member of the Board in writing votes for such action, votes against such action, or abstains from voting, and waives the right to demand that a meeting be held. Action is taken only if the affirmative votes for such action equal or exceed the minimum number of votes necessary to take such action at a meeting at which all of the directors then in office were present and voted. The action shall only be effective if there are writings that describe the action, are signed by all directors, received by the Corporation, and filed with the minutes. Any such writings may be received by hand, mail, facsimile or email providing the Corporation with a complete copy of the document, including the signature. Actions taken shall be effective when the last writing necessary to effect the action is received by the Corporation, unless the writings set forth a different date. Any

director who has signed a writing may revoke it by a writing that is signed and dated and states that the prior vote is revoked. However, such writing must be received by the Corporation before the last writing necessary to effect the action is received. All such actions shall have the same effect as actions taken at a meeting.

Section 9. Presumed Consent.

A director who is present at any meeting of the Board at which corporate action is approved, but has not affirmatively voted in favor of such corporate action, shall be deemed to have voted in favor of such action unless the director: (i) objects at the beginning of such meeting to holding the meeting or transacting business at the meeting, and does not thereafter vote in favor of the action; (ii) contemporaneously votes against such action or otherwise requests that his or her dissent or abstention to such action be recorded in the minutes of such meeting; or (iii) delivers written notice of his or her dissent or abstention to such action to the presiding officer of the meeting prior to adjournment or to the Secretary (or another director if such director is also the Secretary) promptly after adjournment of the meeting.

Section 10. Committees.

The Board of Directors, by resolution, may designate from among its directors or officers an executive committee and other committees, each consisting of one or more directors or officers. Each such committee shall serve at the pleasure of the Board.

Section 11. Emergency Powers and Bylaws.

An "emergency" exists for the purposes of this Section if a quorum of the directors cannot readily be obtained because of some catastrophic event. In the event of an emergency, the Board of Directors may: (i) modify lines of succession to accommodate the incapacity of any director, officer, employee or agent; and (ii) relocate the principal office, designate alternative principal offices or regional offices, or authorize officers to do so. During an emergency, notice of a meeting of the Board of Directors need only be given to those directors whom it is practicable to reach, and may be given in any practicable manner, including by posting the notice on the website of the Corporation, via email, or over the radio. One or more officers of the Corporation present at a meeting of the Board of Directors may be deemed directors for the meeting, in order of rank and within the same rank in order of seniority, as necessary to achieve a quorum. Corporate action taken in good faith during an emergency binds the Corporation and may not be the basis for imposing liability on any director, officer, employee or agent of the Corporation on the ground that the action was not authorized. The Board of Directors may also adopt emergency bylaws, subject to amendments or repeal by the stockholders, which may include provisions necessary for managing the Corporation during an emergency, including: (i) procedures for calling a meeting of the Board of Directors; (ii) quorum requirements for the meeting; and (iii) designation of additional or substitute directors. The emergency bylaws shall remain in effect during the emergency and shall not continue after the emergency ends.

ARTICLE VIII

DUTIES OF OFFICERS

Section 1. Officers.

The officers of the Corporation shall consist of a President, a Vice-President, a Secretary and a Treasurer, who shall be members of the Board of Directors, and who shall be chosen annually by the Board of Directors. The Board of Directors may also appoint a Vice-President of Maintenance and Operations and an Assistant Secretary as officers of the Corporation. The Vice-President of Maintenance and Operations shall have such duties and responsibilities as the Board of Directors may establish from time to time. The Assistant Secretary may be an individual or a corporation and shall have such practical and ministerial functions as the Board of Directors may determine from time to time. Vacancies occurring in any office shall be filled by the Board of Directors.

Section 2. President.

The President of the Corporation shall preside at the meetings of the stockholders and of the Board of Directors.

Section 3. Vice-President.

The Vice-President shall preside at meetings in the absence of the President.

Section 4. Secretary.

The Secretary shall keep accurate minutes of all meetings of the Stockholders and the Board of Directors. The Secretary shall keep, or cause to be kept, a register of the Stockholders of the Company, and shall be responsible for delivering notices of meetings of the Stockholders and of the Board. The Secretary shall be custodian of the records and of the seal of the Company, and shall attest the affixing of the seal of the Company when so authorized. The Secretary shall perform all duties commonly incident to the office of Secretary and such other duties as may from time to time be assigned to him or her by the President.

Section 5. Treasurer.

Subject to any limitations set forth in any resolutions adopted by the Board in accordance with these Bylaws, the Treasurer shall have the care and custody of the money, funds, valuable papers and documents of the Company. The Treasurer shall keep accurate books of accounts of the Company's transactions, which shall be the property of the Company, and shall render financial reports and statements of condition of the Company when so requested by the Board or the President. The Treasurer shall perform all duties commonly incident to the office of Treasurer and such other duties as may from time to time be assigned to him or her by the President.

Section 6. Vice President of Maintenance and Operations.

The Vice President of Maintenance and Operations shall manage the day-to-day operations of the Corporation, and shall have charge of the waters carried by the Corporation's system under the direction of the Board of Directors.

Section 7. Assistant Secretary.

The Assistant Secretary shall act as directed by the Board of Directors in connection with all official transactions and financial business of the Corporation, and, in the absence of the Secretary, shall perform the duties of the Secretary.

Section 8. Authority of the Board of Directors.

The Board of Directors may assign such additional duties and responsibilities to each of the officers as may be deemed necessary. The Board shall have general management of (i) the irrigation and water system of the Corporation and of all water flowing therein or impounded therefor; (ii) the proper diversion of the water into the ditches and reservoirs of the Corporation, and (iii) the proper diversion and distribution of said water to the stockholders. All ditch riders, water superintendents, the Vice President of Maintenance and Operations, and assistants shall be under the supervision of the Board of Directors.

Section 9. Contracts, Loans and Official Documents.

All notes, leases, deeds, contracts, and other documents, including new certificates of stock, shall be approved by the Board of Directors, signed by the President or Vice-President, and attested to by the Secretary or Assistant Secretary with seal affixed.

ARTICLE IX
SALARIES AND COMPENSATION

The members of the Board of Directors shall each receive a monthly stipend or honorarium during his term of office in an amount approved by the stockholders each year at the annual meeting. In addition, each member of the Board shall be entitled to be reimbursed for all expenses actually incurred in performance of his or her duties as a member of the Board.

ARTICLE X
CORPORATE DOCUMENTS AND RECORDS

Section 1. Corporate Records.

The Corporation shall keep in its permanent records: (i) minutes of all meetings of its stockholders and Board of Directors; (ii) all actions taken by the stockholders or Board of Directors without a meeting; (iii) all actions taken by a committee in place of the Board of Directors; and (iv) all waivers of notices of meetings of stockholders, the Board of Directors, or any committee of the Board. The Corporation shall also maintain: (i) appropriate accounting records; (ii) a list of the names and addresses of its stockholders in alphabetical order, showing the number of votes each stockholder is entitled to cast; (iii) its Bylaws/Articles of Incorporation; (iv) Board resolutions relating to the characteristics, qualifications, rights, limitations and obligations of stockholders of any class or category; (v) minutes of all stockholders' meetings; (vi) records of all actions taken by stockholders without a meeting for the past three (3) years; (vii) all written communications to stockholders within the past three (3) years; (viii) a list of the names and business or home addresses of its current directors and officers; and (ix) all financial statements prepared during the last three (3) years.

Section 2. Inspection and Copying of Corporate Records.

A stockholder must deliver a written demand to the Vice President of Maintenance and Operations at least five (5) business days before the date on which that stockholder, his agent or attorney wishes to inspect and copy any of the corporate records identified in Section 1 of this Article. Such copying and inspecting must be done during regular business hours at the Corporation's principal office. The Corporation may impose a reasonable charge covering the costs of labor, material, and time spent for copies of the documents requested. The charge must be paid in advance, prior to the release of the copied documents. A stockholder may also inspect any other records at a reasonable location specified by the Corporation upon the same terms and conditions. Stockholders entitled to inspect these other records must also meet the following requirements: (i) the stockholder must have been a stockholder at least three (3) months immediately preceding the demand or must hold at least five percent (5%) of the voting power as of the date of the demand; (ii) the demand must be made in good faith and for a proper purpose; (iii) the stockholder must describe with reasonable particularity the records the stockholder desires to inspect and the purpose of the inspection; and (iv) the records must be directly connected with the described purpose. The decision with respect to a request conforming to the above intent shall reside with the directors.

ARTICLE XI

ASSESSMENTS

Section 1. Approval by Stockholders.

At the regular annual meeting of this Corporation, or at a special meeting called for that purpose, the stockholders shall by a majority vote of the stock represented at the meeting, levy an assessment on the Capital Stock of the Corporation for the purpose of providing funds for operation of the Corporation, keeping the ditches and reservoirs and other property in good repair, and for the payment of claims against the Corporation. In addition, the stockholders by majority vote shall levy an assessment for delivery by the Corporation of water allotted by Northern Water, or any other foreign water not owned by the Corporation, for delivery to stockholders of the Corporation.

Section 2. Notice of Assessments; Lien for Assessments.

When such assessments have been levied, they shall become due and payable June 1 of each year, and any assessments not paid by June 1 of each year shall be deemed to be "delinquent," and the Secretary or Assistant Secretary shall notify each stockholder of such delinquency by mail or email, or serve the said notice personally on such stockholders as he or she may decide. The record date for assessment of stockholders shall be March 31 of each year. The Corporation shall have a first lien on each share of Capital Stock of the Corporation for payment of any indebtedness due to the Corporation by the holder thereof until such indebtedness has been paid.

Section 3. Delinquent Assessments.

Such assessments, if not paid when due and payable, shall include interest from June 1 of the year in which they are levied at the rate of one percent (1%) compounded monthly until paid, unless a different interest rate is approved by the stockholders at the annual meeting. If such assessments are not paid within two (2) years after they became due and payable, it shall be the duty of the Secretary to advertise for sale and to sell such stock so delinquent, in the following manner:

The Secretary shall give written notice to the owner or the legal representative of the owner of the stock on which the assessments are delinquent, by mailing such notice certified mail, return receipt requested, addressed directly to the last known address of the said owner or his representative, at least thirty (30) days before the time set for said sale, which sale shall be scheduled by the Board of Directors. The notice shall notify the said owner or his legal representative that the said stock shall be sold at public auction on the said date unless prior to that time payment is made to the Secretary of all assessments made against the stock, any interest on the unpaid assessments, and all costs of the sale of the stock. A like notice shall be sent in the same manner to any person claiming or holding a lien on the said stock, as shown by the records of the Corporation or by the records at the office of the Clerk and Recorder of Boulder County, Colorado. The Secretary shall also publish notice in a newspaper published in Boulder County, Colorado, once a week for four successive weeks or for five issues of said newspaper, preceding

the date of the said sale. The stock on which the assessments are delinquent and unpaid shall be sold at the scheduled public auction to the highest bidder for cash. At such sale the Corporation may purchase the stock, and the transfer shall be made to the Corporation. All costs of the sale shall be paid out of the proceeds of the sale, including attorney fees and other expenses incident thereto, all assessments against the stock, together with interest. The balance shall then be paid to the person legally entitled to the money. The old certificate outstanding shall thereupon become null and void. If no claim is made to the balance of the proceeds of the sale within 90 days, the funds shall be delivered over to the state administrator of the Great Colorado Payback Program to be administered by the State of Colorado pursuant to C.R.S. §§ 38-13-101, *et seq.*, as may be amended from time to time.

Section 4. Minimum Assessment.

The stockholders may set a minimum assessment applicable to all stockholders.

Section 5. Denial of Water Deliveries.

In addition to the remedies provided above,

(a) No water owned or controlled by the Corporation, Northern Water, or any other foreign water not owned by the Corporation shall be delivered by the Corporation to, or for, any lands upon which assessments have been delinquent for a period of one year or more. Thereafter, the delinquent stockholder shall not have the use of any ditches, headgates, or other facilities of the Corporation until the delinquent account is paid in full. The officers and directors of the Corporation are hereby instructed and directed to withhold delivery of water in accordance with the provisions of this Section 5 until the delinquent account is paid in full.

(b) The delinquent stockholder shall not be entitled to seasonally or otherwise transfer or lease the stockholder's water until the delinquent account is paid in full.

Section 6. Denial of Water Deliveries to Stockholders of Member Ditches.

At the request of the president or authorized representative of any of the member ditches of the Corporation, the Corporation and its officers and directors shall cooperate to deny delivery of water owned or controlled by the Corporation or Northern Water or any other foreign water not owned by the Corporation to a stockholder of a member ditch who is delinquent in payment of assessments to such member ditch until the delinquent account is paid in full. The delinquent stockholder shall not have the use of any ditches, headgates, or other facilities of the Corporation until the delinquent account is paid in full. In addition, the delinquent stockholder shall not be entitled to seasonally or otherwise transfer or lease his/her water until the delinquent account is paid in full.

ARTICLE XII

AMENDMENTS

These Bylaws/Articles of Incorporation may be amended at any regular, special or annual meeting of the stockholders of this Corporation by a two-thirds vote of the stock represented at the meeting, provided a quorum is present, and provided further that the notice to each stockholder for said meeting shall have contained specific information concerning the proposed amendment or amendments.

Amendments may be proposed by the Board of Directors, a committee appointed by the Board of Directors for this purpose, or a group of stockholders representing at least ten percent (10%) of the Capital Stock of the Corporation.

ARTICLE XIII

LIABILITY OF DIRECTORS

A director of the Corporation shall not be personally liable to the Corporation or its stockholders for monetary damages for breach of fiduciary duty as a director, except for liability arising from (i) a breach of the director's duty of loyalty to the Corporation or its stockholders; (ii) acts or omissions not in good faith or that involve intentional misconduct or a knowing violation of law; (iii) any transaction from which the director derived any improper personal benefit; or (iv) any other act expressly proscribed or for which directors are otherwise liable under the Colorado Corporation Code or statutory law. If Colorado statutory law is subsequently amended to authorize corporate action further limiting or eliminating the personal liability of directors, then the liability of a director of the Corporation shall be limited or eliminated to the fullest extent permitted by Colorado statute, as so amended.

ARTICLE XIV

INDEMNIFICATION

Section 1. Definitions.

For purposes of this Article:

(a) The term "director or officer" shall include any officer or director of the Corporation or any employee or agent serving at the request of the Corporation.

(b) The term "proceeding" shall mean any threatened, pending, or completed action, suit, or proceeding, whether civil, criminal, administrative, or investigative, whether formal or informal, any appeal in such an action, suit or proceeding, and any inquiry or investigation that could lead to such an action, suit or proceeding.

(c) The term "party" includes an individual who is, was, or is threatened to be made a named defendant or respondent in a proceeding.

(d) The term “liability” shall mean any obligation to pay a judgment, settlement, penalty, fine (including an excise tax assessed with respect to an employee benefit plan), or reasonable expense incurred with respect to a proceeding.

(e) When used with respect to a director, the phrase “official capacity” shall mean the office of director in the Corporation, and, when used with respect to a person other than a director, shall mean the office in the Corporation held by the officer or the employment, fiduciary or agency relationship undertaken by the employee or agent on behalf of the Corporation, but in neither case shall include service for any foreign or domestic corporation or for any other person, employee benefit plan, or other enterprise.

Section 2. General Provisions.

The Corporation may indemnify any person who is or was a party, or is threatened to be made a party to any proceeding by reason of the fact that such person is or was a director or officer of the Corporation, against expenses, including attorney fees, liability, judgments, fines, and amounts paid in settlement actually and reasonably incurred by such person in connection with such proceeding if such person: (i) acted in good faith; (ii) reasonably believed, in the case of conduct in an official capacity with the Corporation, that the conduct was in the best interest of the Corporation, and, in all other cases, that the conduct was at least not opposed to the best interests of the Corporation; and (iii) with respect to any criminal proceeding, had no reasonable cause to believe that the conduct was unlawful. However, no person shall be entitled to indemnification under this Section 2: (i) in connection with a proceeding brought by or in the right of the Corporation in which the director or officer was adjudged liable to the Corporation; or (ii) in connection with any other proceeding charging improper personal benefit to the director or officer, whether or not involving action in that person’s official capacity, in which the officer or director is ultimately adjudged liable on the basis that the director or officer improperly received personal benefit. Indemnification under this Section 2 in connection with a proceeding brought by or in the right of the Corporation shall be limited to reasonable expenses incurred in connection with the proceeding. The termination of any action, suit, or proceeding by judgment, order, settlement, conviction, or upon a plea of *nolo contendere* or its equivalent, shall not in and of itself be determinative that the person did not meet the standard of conduct set forth in this Section 2.

Section 3. Successful Defense on the Merits; Expenses.

To the extent that a director or officer of the Corporation has been wholly successful on the merits in defense of any proceeding to which he was a party, such person shall be indemnified against reasonable expenses, including attorney fees, actually and reasonably incurred in connection with such proceeding.

Section 4. Determination of Rights to Indemnification.

Except as provided in Section 3 of this Article, any indemnification under this Article, unless ordered by a court, shall be made by the Corporation only as authorized in each specific case upon a determination that indemnification of the director/officer is permissible under the

circumstances because the director/officer met the applicable standard of conduct set forth in Section 2 of this Article by one of the following:

(a) A majority vote of a quorum consisting of directors who are not parties to such proceeding;

(b) If a quorum cannot be obtained, by a vote of a majority of the members of a committee created by the Board of Directors, consisting of two or more directors who are not parties to the proceeding;

(c) If a quorum is obtained, or a committee is so designated, but such quorum or committee so directs, then by independent legal counsel selected by the Board of Directors in a written opinion, or by the voting stockholders (other than those who are directors and are, at the time, seeking indemnification);

(d) If a quorum of directors who are not parties to such a proceeding is not available, and a committee has not been formed, by independent legal counsel in a written opinion;

(e) The affirmative vote of a majority of shares of the Corporation entitled to vote represented at a duly held meeting at which a quorum is present, or the written consent of holders of a majority of the outstanding shares entitled to vote (for purposes of this subsection 4(e)), and shares owned by the person to be indemnified shall not be considered outstanding or entitled to vote thereon; or

(f) The court in which the proceeding is or was pending, on application made by the Corporation or the director/officer or the attorney or other person rendering services in connection with the defense, whether or not such application by the director/officer, attorney, or other person is opposed by the Corporation.

Section 5. Advance Payment of Expenses; Undertaking to Repay.

The Corporation may pay for or reimburse the reasonable expenses, including attorney fees, incurred by a director or officer who is a party to a proceeding in advance of the final disposition of the proceeding if:

(a) the director/officer furnishes the Corporation a written affirmation of the director/officer's good faith belief that the standard of conduct set forth in Section 2 has been met;

(b) the director/officer furnishes the Corporation with a written undertaking, executed personally or on the director/officer's behalf, to repay the advance if it is determined that the person did not meet the standard of conduct set forth in Section 2, which undertaking shall be an unlimited general obligation of the director/officer, but need not be secured, and may be accepted without reference to financial ability to make repayment; and

(c) a determination is made by the body authorizing indemnification that the facts then known to such body would not preclude indemnification.

Section 6. Other Employees and Agents.

The Corporation may indemnify such other employees and agents of the Corporation to the same extent and in the same manner provided in Section 2 with respect to directors and officers, by adopting a resolution of a majority of the members of the Board of Directors specifically identifying by name or position the employees or agents entitled to indemnification.

Section 7. Insurance.

The Board of Directors may exercise the Corporation's power to purchase and maintain insurance, including, without limitation, insurance for legal expenses and costs incurred in connection with defending any claim, proceeding, or lawsuit on behalf of any person who is or was serving as a director, officer, or employee of the Corporation against any liability asserted against the director, officer or employee or incurred by the person in any such capacity or arising out of the person's status as such, whether or not the Corporation would have the power to indemnify that person against such liability under the provisions of this Article.

Section 8. Nonexclusivity of Article.

The indemnification provided by this Article shall not be deemed exclusive of any other rights and procedures to which one indemnified may be entitled under the Bylaws/Articles of Incorporation, any agreement, resolution of disinterested directors, or otherwise, both as to action in such person's official capacity and as to action in another capacity while holding such office, and shall continue as to a person who has ceased to be a director or officer, and shall inure to the benefit of such person's heirs, executors, and administrators.

Section 9. Notice to Stockholders of Indemnification.

If the Corporation indemnifies or advances expenses to a director or an officer, the Corporation shall give written notice by mail or email of the indemnification to the stockholders with or before the notice of the next stockholders' meeting.

ARTICLE XV
DISTRIBUTION OF WATER

Section 1. No Withdrawal without Permission.

No stockholder shall draw water from the system without prior permission or agreement approved by the Board of Directors.

Section 2. Transportation of Foreign Water.

All transportation of and orders for water allotted by Northern Water or any other foreign water not owned or controlled by the Corporation for persons or entities who are stockholders or non-stockholders of the Corporation for delivery within the Service Area utilizing the Corporation's ditches, headgates, facilities or receiving ditches shall be made in compliance with policies adopted by the Board of Directors.

Section 3. Checks, Headgates, and Other Diversion Structures.

The Board of Directors shall have the unrestricted discretion to control the location and construction of checks, headgates and other diversion structures installed in the system, and, as a condition for permitting any such checks, headgates or diversion structures, to require compliance with such structural or engineering specifications as are reasonably necessary to ensure the safety and structural integrity of the system and the unimpeded and undiminished flow of water therein.

Section 4. Requests for Permanent Changes in Distribution.

Each stockholder or person receiving water through the Corporation's system desiring (i) to permanently change the place of use of any water to which the stockholder or person may be entitled, or (ii) to make any permanent change in distribution of any kind or nature, including, without limitation, plans of augmentation, changes in the nature of use, time of use, purpose of use, and point of diversion, shall make prior written request therefor to the Board of Directors and to the governing body of any receiving ditches impacted by such change. If, in the opinion of the Board of Directors, such change can be made without injury to the Corporation's water system or the receiving ditches, the Corporation or other stockholders, the Board of Directors shall provide written approval of such change. Upon receipt of a similar written approval from the governing body of any receiving ditch impacted by the change, such water may be delivered to such place or places as requested upon such terms and conditions imposed by the Board of Directors and/or the governing body of any receiving ditch.

Section 5. Availability and Distribution.

Water delivered to the headgates of the Corporation's ditches shall be made available to stockholders only in proportion to the amount of water of Left Hand Ditch Company, Northern Water, or any other foreign water not owned by the Corporation, to which the stockholders are entitled based on their ownership. It is the duty of the Vice President of Maintenance and Operations to ascertain and deliver the amount of water available at the headgates of the Corporation's ditches for the benefit of the stockholders. It shall be the responsibility of the stockholders to notify the Corporation of shares owned and rented.

ARTICLE XVI
REIMBURSEMENT OF COSTS FOR CHANGE OF USE
AND FOR SPECIAL REQUESTS

Except as authorized by the Board of Directors, any stockholder or other person receiving water through the Corporation's system desiring to make any of the changes described in Section 4 of Article XV shall reimburse the Corporation for all its reasonable costs, damages, and expenses in connection therewith, including, but not limited to, attorney fees, engineering fees, court costs, fees and costs of employees, contractors, or consultants of the Corporation, costs of measuring devices, additional or new headgates, division boxes, flumes, outlet structures, storage and carriage fees, costs or damages from seepage, shrinkage, evaporation, additional maintenance, and any other reasonable expenses associated with hearings, contract negotiations, objections or protests to water court applications and trials involving water rights, priorities, and decrees owned or controlled by the Corporation.

Any stockholder that makes a request of the Corporation of a type not described in Section 4 of Article XV shall, in the discretion of the Board of Directors, reimburse the Corporation for all costs and expenses in connection therewith to the extent that the request does not apply to the other stockholders of the Corporation.

No stockholder shall construct any temporary or permanent structure or barrier that would block or restrict access to an easement of the Corporation or would damage or impair any of the Corporation's facilities. Any such structure or barrier shall be removed by the stockholder, at the stockholder's expense within three (3) business days after the Corporation has given notice of the offending structure or barrier by mail or email to the stockholder, and, if the stockholder does not remove the structure or barrier, the Corporation shall remove such structure or barrier, and charge the stockholder for any and all costs connected with the removal, including attorney fees and court costs incurred in defending or protecting its facilities or easements. The stockholder shall indemnify and hold harmless the Corporation, its officers, directors, agents and employees from and against every claim, demand, liability, cost, charge, suit, judgment and expense of whatsoever kind or nature, including, but not limited to, interest, court costs and attorney fees that the Corporation, its officers, directors, agents or employees may incur as a result of, or in any way arising out of, the removal of the structure or barrier and repairing any damage caused by the structure or barrier.

CERTIFICATE

The foregoing Amended and Restated Bylaws/Articles of Incorporation were adopted as the Bylaws/Articles of Incorporation of Left Hand Ditch Company by vote of the stockholders, effective February 6, 2010, as amended February 1, 2014, and as amended February 4, 2017.

TRASH RACK DETAIL

TRASH RACK NOTES:

1. SHOP WELD ONLY.
2. TRASH RACK SHALL BE COATED WITH DARK COLORED EPOXY PAINT, SUITABLE FOR UNDERWATER AND ABOVE WATER OPERATIONS, ENGINEER APPROVED.
3. INSTALL ANCHOR TABS (TYP. OF 2 PER TRASH RACK PANEL) USING STAINLESS STEEL ANCHORS AND NUTS. EMBED AND EPOXY ANCHORS A MINIMUM OF 6".
4. PROVIDE SHOP DRAWINGS FOR ENGINEER APPROVAL.
5. TRASH RACK SHALL BE PAID AS A LUMP SUM BID ITEM.
6. CONTRACTOR TO FIELD VERIFY TRASHRACK DIMENSIONS.

ATTACHMENT E

Terry,

It was good to hear from you today.

As a follow up, I wanted to be sure to share a few details with you via email as a reference for you.

The process to obtain a CWCB loan requires the preparation of a **Loan Feasibility Study and Application**. The Loan Feasibility Study is prepared **by the borrower's engineer**. It contains information on the borrower (type of organization, service area, source of revenue), the need for the loan/project, an alternative analysis, detailed description of the project information on the borrower's water rights and three years of financial statements. That information is reviewed by CWCB staff and presented to our Board for approval. (I've attached one of the ditch company's old feasibility studies for reference.)

In addition to the Loan Feasibility Study, we also request borrowers submit this [one-page application](#).

The CWCB can now finance 100% of the project costs (engineering and construction included.) As a reminder, there is a 1% loan service fee that can be rolled into the loan.

In regards to timing, our board meets every other month throughout the year and applications/feasibility studies for loans under \$10M are due the 1st of the month one month before the board meets. It typically takes 4-5 months from application date until funds are available. The next deadline is December 1, 2018 for board approval in January 2019 with funds available around April.

Interest rates move with the market and are set for each board meeting. By mid-November we'll set the rate for the December 1 deadline.

As part of the contracting process, we do require all borrowers to provide an Attorney Opinion Letter stating that the borrower can execute a binding agreement with the state. This is done after our board approves the loan, but I like to be sure you're aware of it up front.

Additional information can be found on our [loan program webpage](#) or please feel free to contact me if you have any questions about the process.

Looking forward to working with you again,

Anna Mauss, P.E.
