1. PARTIES

This Agreement is entered into by and between Grantee named on the Cover Page for this Agreement (the “Grantee”), and the STATE OF COLORADO acting by and through the State agency named on the Cover Page for this Agreement (the “State”). Grantee and the State agree to the terms and conditions in this Agreement.

2. TERM AND EFFECTIVE DATE

A. Effective Date

This Agreement shall not be valid or enforceable until the Effective Date, and the Grant Funds shall be expended by the Fund Expenditure End Date shown on the Signature and Cover Page for this Agreement. The State shall not be bound by any provision of this Agreement before the Effective Date, and shall have no obligation to pay Grantee for any Work performed or expense incurred before the Effective Date, except as described in **§5.D**, or after the Fund Expenditure End Date.

B. Initial Term

The Parties’ respective performances under this Agreement shall commence on the Agreement Performance Beginning Date shown on the Cover Page for this Agreement and shall terminate on the Initial Agreement Expiration Date shown on the Cover Page for this Agreement (the “Initial Term”) unless sooner terminated or further extended in accordance with the terms of this Agreement.

C. Extension Terms - State’s Option

The State, at its discretion, shall have the option to extend the performance under this Agreement beyond the Initial Term for a period, or for successive periods, of 1 year or less at the same rates and under the same terms specified in this Agreement (each such period an

“Extension Term”). In order to exercise this option, the State shall provide written notice to Grantee in a form substantially equivalent to Sample Option Letter attached to this Agreement.

D. End of Term Extension

If this Agreement approaches the end of its Initial Term, or any Extension Term then in place, the State, at its discretion, upon written notice to Grantee as provided in §14, may unilaterally extend such Initial Term or Extension Term for a period not to exceed 2 months (an “End of Term Extension”), regardless of whether additional Extension Terms are available or not. The provisions of this Agreement in effect when such notice is given shall remain in effect during the End of Term Extension. The End of Term Extension shall automatically terminate upon execution of a replacement Agreement or modification extending the total term of this Agreement.

E. Early Termination in the Public Interest

The State is entering into this Agreement to serve the public interest of the State of Colorado as determined by its Governor, General Assembly, or Courts. If this Agreement ceases to further the public interest of the State, the State, in its discretion, may terminate this Agreement in whole or in part. A determination that this Agreement should be terminated in the public interest shall not be equivalent to a State right to terminate for convenience. This subsection shall not apply to a termination of this Agreement by the State for breach by Grantee, which shall be governed by §12.A.i.

i. Method and Content

The State shall notify Grantee of such termination in accordance with §14. The notice shall specify the effective date of the termination and whether it affects all or a portion of this Agreement, and shall include, to the extent practicable, the public interest justification for the termination.

ii. Obligations and Rights

Upon receipt of a termination notice for termination in the public interest, Grantee shall be subject to the rights and obligations set forth in §12.A.i.a.

iii. Payments

If the State terminates this Agreement in the public interest, the State shall pay Grantee an amount equal to the percentage of the total reimbursement payable under this Agreement that corresponds to the percentage of Work satisfactorily completed and accepted, as determined by the State, less payments previously made. Additionally, if this Agreement is less than 60% completed, as determined by the State, the State may reimburse Grantee for a portion of actual out-of-pocket expenses, not otherwise reimbursed under this Agreement, incurred by Grantee which are directly attributable to the uncompleted portion of Grantee’s obligations, provided that the sum of any and all reimbursement shall not exceed the maximum amount payable to Grantee hereunder.

F. Grantee’s Termination Under Federal Requirements

Grantee may request termination of this Grant by sending notice to the State, or to the Federal Awarding Agency with a copy to the State, which includes the reasons for the termination and the effective date of the termination. If this Grant is terminated in this manner, then

Grantee shall return any advanced payments made for work that will not be performed prior to the effective date of the termination.

Any other term used in this Agreement that is defined in an Exhibit shall be construed and interpreted as defined in that Exhibit.

4. STATEMENT OF WORK

Grantee shall complete the Work as described in this Agreement and in accordance with the provisions of Exhibit A. The State shall have no liability to compensate Grantee for the delivery of any goods or the performance of any services that are not specifically set forth in this Agreement.

5. PAYMENTS TO GRANTEE

A. Maximum Amount

Payments to Grantee are limited to the unpaid, obligated balance of the Grant Funds. The State shall not pay Grantee any amount under this Agreement that exceeds the Agreement Maximum shown on the Signature and Cover Page of this Agreement.

B. Payment Procedures

i. Invoices and Payment

- a. The State shall pay Grantee in the amounts and in accordance with the schedule and other conditions set forth in Exhibit A and Exhibit C.
- b. Grantee shall initiate payment requests by invoice to the State, in a form and manner approved by the State.
- c. The State shall pay each invoice within 45 days following the State's receipt of that invoice, so long as the amount invoiced correctly represents Work completed by Grantee and previously accepted by the State during the term that the invoice covers. If the State determines that the amount of any invoice is not correct, then Grantee shall make all changes necessary to correct that invoice.
- d. The acceptance of an invoice shall not constitute acceptance of any Work performed or deliverables provided under this Agreement.

ii. Interest

Amounts not paid by the State within 45 days of the State's acceptance of the invoice shall bear interest on the unpaid balance beginning on the 45th day at the rate of 1% per month, as required by §24-30-202(24)(a), C.R.S., until paid in full; provided, however, that interest shall not accrue on unpaid amounts that the State disputes in writing. Grantee shall invoice the State separately for accrued interest on delinquent amounts, and the invoice shall reference the delinquent payment, the number of day's interest to be paid and the interest rate.

iii. Payment Disputes

If Grantee disputes any calculation, determination or amount of any payment, Grantee shall notify the State in writing of its dispute within 30 days following the earlier to occur of Grantee's receipt of the payment or notification of the determination or calculation of the payment by the State. The State will review the information presented by Grantee and may make changes to its determination based on this review. The calculation, determination or payment amount that results from the State's review shall not be subject to additional dispute under this subsection. No payment subject to a dispute under this subsection shall be due until after the State has concluded its review, and the State shall not pay any interest on any amount during the period it is subject to dispute under this subsection.

iv. Available Funds-Contingency-Termination

The State is prohibited by law from making commitments beyond the term of the current State Fiscal Year. Payment to Grantee beyond the current State Fiscal Year is contingent on the appropriation and continuing availability of Grant Funds in any subsequent year (as provided in the Colorado Special Provisions). If federal funds or funds from any other non-State funds constitute all or some of the Grant Funds, the State's obligation to pay Grantee shall be contingent upon such non-State funding continuing to be made available for payment. Payments to be made pursuant to this Agreement shall be made only from Grant Funds, and the State's liability for such payments shall be limited to the amount remaining of such Grant Funds. If State, federal or other funds are not appropriated, or otherwise become unavailable to fund this Agreement, the State may, upon written notice, terminate this Agreement, in whole or in part, without incurring further liability. The State shall, however, remain obligated to pay for Services and Goods that are delivered and accepted prior to the effective date of notice of termination, and this termination shall otherwise be treated as if this Agreement were terminated in the public interest as described in §2.E.

C. Matching Funds.

Grantee shall provide Matching Funds as provided in Exhibit C. Grantee shall have raised the full amount of Matching Funds prior to the Effective Date and shall report to the State regarding the status of such funds upon request. Grantee's obligation to pay all or any part of any matching funds, whether direct or contingent, only extend to funds duly and lawfully appropriated for the purposes of this Agreement by the authorized representatives of Grantee and paid into Grantee's treasury or bank account. Grantee represents to the State that the amount designated "Grantee's Matching Funds" in Exhibit C has been legally appropriated for the purposes of this Agreement by its authorized representatives and paid into its treasury or bank account. Grantee does not by this Agreement irrevocably pledge present cash reserves for payments in future fiscal years, and this Agreement is not intended to create a multiple-fiscal year debt of Grantee.

D. Reimbursement of Grantee Costs.

The State shall reimburse Grantee's allowable costs, not exceeding the maximum total amount described in Exhibit C for all allowable costs described in this Grant and shown in the Budget, except that Grantee may adjust the amounts between each line item of the Budget without formal modification to this Agreement as long as the Grantee provides notice to the State of the change, the change does not modify the total maximum amount of this Agreement or the maximum amount for any state fiscal year, and the change does not modify any requirements of the Work. However, any costs incurred by Grantee prior to the Effective Date shall not be reimbursed. Grantee's costs for Work performed after the Fund Expenditure End Date shown on the Cover Page for this Agreement, or after any phase performance period end date for a respective phase of the Work, shall not be reimbursable. The State shall only reimburse allowable costs described in this Contract and shown in the Budget if those costs are:

- i. Reasonable and necessary to accomplish the Work and for the Goods and Services provided; and
- ii. Equal to the actual net cost to Grantee (i.e. the price paid minus any items of value received by Grantee that reduce the cost actually incurred).

E. Close-Out.

Grantee shall close out this Award within 45 days after the Fund Expenditure End Date shown on the Signature and Cover Page for this Agreement. To complete close-out, Grantee shall submit to the State all deliverables (including documentation) as defined in this Agreement and Grantee's final reimbursement request or invoice. The State will withhold 5% of allowable costs until all final documentation has been submitted and accepted by the State as substantially complete. If the Federal Awarding Agency has not closed this Federal Award within 1 year and 90 days after the Fund Expenditure End Date shown on the Signature and Cover Page for this Agreement due to Grantee's failure to submit required documentation, then Grantee may be prohibited from applying for new Federal Awards through the State until such documentation is submitted and accepted

6. REPORTING - NOTIFICATION

A. Quarterly Reports.

In addition to any reports required pursuant to §16 or pursuant to any other Exhibit, for any Agreement having a term longer than 3 months, Grantee shall submit, on a quarterly basis, a written report specifying progress made for each specified performance measure and standard in this Agreement. Such progress report shall be in accordance with the procedures developed and prescribed by the State. Progress reports shall be submitted to the State not later than 5 Business Days following the end of each calendar quarter or at such time as otherwise specified by the State.

B. Litigation Reporting

C. Performance and Final Status

Grantee shall submit all financial, performance and other reports to the State no later than 45 calendar days after the end of the Initial Term if no Extension Terms are exercised, or the final Extension Term exercised by the State, containing an evaluation and review of Grantee's performance and the final status of Grantee's obligations hereunder.

Grantee shall maintain such records for a period (the "Record Retention Period") of three years following the date of submission to the State of the final expenditure report, or if this Award is renewed quarterly or annually, from the date of the submission of each quarterly or annual report, respectively. If any litigation, claim, or audit related to this Award starts before expiration of the Record Retention Period, the Record Retention Period shall extend until all litigation, claims, or audit findings have been resolved and final action taken

by the State. The State, may notify Grantee in writing that the Record Retention Period shall be extended. For records for real property and equipment, the Record Retention Period shall extend three years following final disposition of such property.

B. Inspection

Grantee shall permit the State to audit, inspect, examine, excerpt, copy and transcribe Grantee Records during the Record Retention Period. Grantee shall make Grantee Records available during normal business hours at Grantee's office or place of business, or at other mutually agreed upon times or locations, upon no fewer than 2 Business Days' notice from the State, unless the State determines that a shorter period of notice, or no notice, is necessary to protect the interests of the State.

C. Monitoring

The State will monitor Grantee's performance of its obligations under this Agreement using procedures as determined by the State. The federal government and any other duly authorized agent of a governmental agency, in its discretion, may monitor Contractor's performance of its obligations under this Contract using procedures as determined by that governmental entity. The State shall have the right, in its sole discretion, to change its monitoring procedures and requirements at any time during the term of this Agreement. The State shall monitor Grantee's performance in a manner that does not unduly interfere with Grantee's performance of the Work.

D. Final Audit Report

Grantee shall promptly submit to the State a copy of any final audit report of an audit performed on Grantee's records that relates to or affects this Agreement or the Work, whether the audit is conducted by Grantee or a third party.

8. CONFIDENTIAL INFORMATION-STATE RECORDS

A. Confidentiality

Grantee shall keep confidential, and cause all Subcontractors to keep confidential, all State Records, unless those State Records are publicly available. Grantee shall not, without prior written approval of the State, use, publish, copy, disclose to any third party, or permit the use by any third party of any State Records, except as otherwise stated in this Agreement, permitted by law or approved in Writing by the State. Grantee shall provide for the security of all State Confidential Information in accordance with all policies promulgated by the Colorado Office of Information Security and all applicable laws, rules, policies, publications, and guidelines. Grantee shall immediately forward any request or demand for State Records to the State's principal representative

B. Other Entity Access and Nondisclosure Agreements

Grantee may provide State Records to its agents, employees, assigns and Subcontractors as necessary to perform the Work, but shall restrict access to State Confidential Information to those agents, employees, assigns and Subcontractors who require access to perform their obligations under this Agreement. Grantee shall ensure all such agents, employees, assigns, and Subcontractors sign agreements containing nondisclosure provisions at least as protective as those in this Contract, and that the nondisclosure provisions are in force at all times the agent, employee, assign or Subcontractor has access to any State Confidential Information. Grantee shall provide copies of those signed nondisclosure provisions to the State upon execution of the nondisclosure provisions.

C. Use, Security, and Retention

Grantee shall use, hold and maintain State Confidential Information in compliance with any and all applicable laws and regulations in facilities located within the United States, and shall maintain a secure environment that ensures confidentiality of all State Confidential Information wherever located. Grantee shall provide the State with access, subject to Grantee's reasonable security requirements, for purposes of inspecting and monitoring access and use of State Confidential Information and evaluating security control effectiveness. Upon the expiration or termination of this Agreement, Grantee shall return State Records provided to Grantee or destroy such State Records and certify to the State that it has done so, as directed by the State. If Grantee is prevented by law or regulation from returning or destroying State Confidential Information, Grantee warrants it will guarantee the confidentiality of, and cease to use, such State Confidential Information.

D. Incident Notice and Remediation

If Grantee becomes aware of any Incident, it shall notify the State immediately and cooperate with the State regarding recovery, remediation, and the necessity to involve law enforcement, as determined by the State. Unless Grantee can establish that none of Grantee or any of its agents, employees, assigns or Subcontractors are the cause or source of the Incident, Grantee shall be responsible for the cost of notifying each person who may have been impacted by the Incident. After an Incident, Grantee shall take steps to reduce the risk of incurring a similar type of Incident in the future as directed by the State, which may include, but is not limited to, developing and implementing a remediation plan that is approved by the State at no additional cost to the State. The State may adjust or direct modifications to this plan, in its sole discretion and Grantee shall make all modifications as directed by the State. If Grantee cannot produce its analysis and plan within the allotted time, the State, in its sole discretion, may perform such analysis and produce a remediation plan, and Grantee shall reimburse the State for the reasonable costs thereof.

E. Safeguarding PII

If Grantee or any of its Subcontractors will or may receive PII under this Agreement, Grantee shall provide for the security of such PII, in a manner and form acceptable to the State, including, without limitation, State non-disclosure requirements, use of appropriate technology, security practices, computer access security, data access security, data storage encryption, data transmission encryption, security inspections, and audits. Grantee shall be a "Third-Party Service Provider" as defined in §24-73-103(1)(i), C.R.S. and shall maintain security procedures and practices consistent with §§24-73-101 *et seq.*, C.R.S.

Such a conflict of interest would arise when a Grantee or Subcontractor's employee, officer or agent were to offer or provide any tangible personal benefit to an employee of the State, or any member of his or her immediate family or his or her partner, related to the award of, entry into or management or oversight of this Agreement.

B. Apparent Conflicts of Interest

Grantee acknowledges that, with respect to this Agreement, even the appearance of a conflict of interest shall be harmful to the State's interests. Absent the State's prior written approval, Grantee shall refrain from any practices, activities or relationships that reasonably appear to be in conflict with the full performance of Grantee's obligations under this Agreement.

C. Disclosure to the State

If a conflict or the appearance of a conflict arises, or if Grantee is uncertain whether a conflict or the appearance of a conflict has arisen, Grantee shall submit to the State a disclosure statement setting forth the relevant details for the State's consideration. Failure to promptly submit a disclosure statement or to follow the State's direction in regard to the actual or apparent conflict constitutes a breach of this Agreement.

Colorado Water Conservation Board

Water Plan Grant - Exhibit A

Statement Of Work

Date:	June 7, 2019
Name of Grantee:	The Greenway Foundation
Name of Water Project:	Denver One Water Plan
Funding Source:	CWCB; Flood Control District; City and County of Denver

Water Project Overview:

The Denver One Water Plan (OWP) is intended to be an integrated land use and water resources plan initiated by the City and County of Denver with support from interested stakeholders.

Denver is in the process of completing several plans that will lay the groundwork for water-related decisions and activities. The following outlines the water conservation themes identified in these plans:

Denverright (2040 Comprehensive Plan):

- Conserve water and use it more efficiently.
- Encourage requirements for water-conserving landscaping for private development and publicly owned land.
- Encourage requirements for water-conserving landscaping for private development and publicly owned land.

Blueprint Denver (Land Use and Mobility Plan):

- Urban outdoor water use is the largest demand on most municipal supplies. Outdoor water conservation is important as water resources become more scarce.
- Include water conservation requirements for landscaping for new developments, such as irrigation standards that incorporate water budgeting and hydrozone analysis. Promote efficient water use for landscaping.

Game Plan (Parks and Recreation):

- Protect water quality and manage water use.
- Partner with Denver Water to expand use of recycled water and accelerate the implementation of other water-saving technologies.
- Create select park areas to incorporate climate-resilient landscape and drought tolerance.
- Enhance the technical expertise and operational capacity to expand our low-water and naturalized landscapes.

Project Objectives:

The OWP will engage both internal and external stakeholders (identified in Task 1) to identify common goals; gaps in regulations and existing policies/practices; opportunities to leverage resources; and establish mutually beneficial implementation strategies.

Denver and the entire Front Range are experiencing unprecedented growth and managing their most valuable natural resource is more important than ever. Currently, the City has limited policy and land use requirements that guide water decisions as they continue to grow and demands increase. Large re-developments such as National Western Center, The River Mile, Sun Valley, and the Stadium District provide opportunities to implement water saving measures, progressive stormwater and floodplain management practices, and innovative approaches to recreation along Denver's waterways.

The ultimate goal of the OWP is to establish policies and priorities around how the City manages water in a holistic matter in support of community values while providing a method to incorporate them into future decisions via land use and zoning codes.

While these plans are very valuable on their own, the OWP will provide a framework to guide how these plans are used to inform future City initiatives, guide policy, and support project implementation.</p> <p>The OWP needs to integrate several previous and ongoing City planning efforts, including:</p> <ul style="list-style-type: none"> • Denveright Comprehensive Plan • Water Management Plan • Recycled Water Management Advisory Committee Report • Storm Drainage Master Plan • Water Quality Management Plan • Green Infrastructure Implementation Strategy • Ultra-Urban Green Infrastructure Guidelines • Sanitary Sewer Master Plan • River South Master Plan • River North Master Plan • River Vision Implementation Plan • Game Plan • Blueprint Denver • 2020 Sustainability Goals • Hazard Mitigation Plan • Emergency Management Plan • Various Neighborhood Plans <p>The OWP will also address the City's role in our partners' plans, including:</p> <ul style="list-style-type: none"> • Colorado's Water Plan (CWCB) • Urban Storm Drainage Criteria Manual (UDFCD) • Various UDFCD master plans • Various Denver Water and Metro Wastewater plans <p>Method/Procedure:</p> <ul style="list-style-type: none"> • Identify linkages and commonalities between entities and their respective plans that are mutually beneficial. • Review of existing data and planning reports to identify any current gaps and/or conflicts in data. • Develop recommendations to capitalize on commonalities and fill identified gaps with input from the entire project team.

Tasks
<p>Deliverable:</p> <ul style="list-style-type: none"> Matrix to categorize and synthesize the pertinent aspects of existing data/plans/reports and interdependencies between datasets. Summary of recommendations to leverage opportunities and overcome challenges. Documentation in draft report format.
Tasks
Task 3: Watershed Evaluation and Prioritization
<p>Description of Task:</p> <p>Several reports/plans outlined in Task 2 include prioritizations of watersheds, projects, and/or areas of growth. This task will develop a combined, holistic scorecard for the watersheds to create a “master” prioritization to reflect the shared vision and goals identified in Task 1. In addition to a “master” dataset for prioritization, the OWP will be flexible enough to allow the user to drill down into specific areas for discipline-specific prioritization information. This platform will allow the data to be leveraged across disciplines and inform ongoing and future projects across the City.</p>
<p>Method/Procedure:</p> <ul style="list-style-type: none"> Establish baseline watershed conditions (i.e. water use, flood risk, stormwater needs, green infrastructure opportunities, etc.) throughout the City utilizing the existing assessment and prioritization data compiled in Task 2. Develop objectives to address comprehensive water needs through collaboration with stakeholders. Synthesize those metrics to score and prioritize watersheds in a geodatabase performance. Determine procedures for maintenance; reports; and distribution.
<p>Deliverable:</p> <ul style="list-style-type: none"> Geodatabase to centralize baseline, objectives, and metrics data, allowing flexibility in sharing watershed status and progress across the City Departments, its partners, and the public. Procedure document to guide use of geodatabase and its underlying data. Documentation in draft report format.
Tasks
Task 4 – Set Performance Goals and Monitoring Procedures
<p>Description of Task:</p> <p>The OWP will establish performance metrics that assist the City in measuring their progress towards the identified vision and goals. The performance metrics should have a clear way of collecting data to compare and monitor previous existing conditions to implemented outcomes. This will be an ongoing process and may involve modifications of performance metrics to ensure a more focused and efficient collection of necessary data to measure project achievement and outcomes. The process may include:</p> <ul style="list-style-type: none"> Identification of key performance areas Analysis of necessary and available performance data Preparation of performance measures from the following categories: <ul style="list-style-type: none"> Input Measures Output Measures Outcome Measures

Tasks
Method/Procedure:
<ul style="list-style-type: none"> Identify the goals for performance and monitoring procedures through using the outcomes of Tasks 1 and 2 and through collaboration with stakeholders and the community. Develop baseline performance metrics for demand reductions, water quality, flood mitigation, and storm water management. Establish a system for measuring future outcomes that reliably evaluates performance.
Deliverable:
<ul style="list-style-type: none"> Matrix that categorizes the goals of the performance and monitoring procedures and includes the baseline performance metrics for each category. Guidance document for performance reporting and evaluation. Documentation in draft report format.
Tasks
Task 5 – Establish Strategies for Implementation
Description of Task:
<p>The OWP will establish strategies on how the City will apply water-related policy and land use related to development and re-development throughout the watershed. This task will explore opportunities to link the City’s land use policies and procedures to the OWP and to identify a streamlined process to implement the goals of the plan. In addition, funding strategies should be developed and evaluated with an emphasis on identifying federal, state, local government, and private partnerships to achieve common goals for watershed resiliency. The plan will provide a step-by-step roadmap for phased implementation as funding opportunities are realized, including specific strategies for future stakeholder outreach.</p>
Method/Procedure:
<ul style="list-style-type: none"> Establish an implementation framework that uses innovative approaches to address key challenges of high-level initiatives and action items identified in previous tasks and public outreach. Develop new strategies that will be categorized under three groups: regulatory and policy tools, investments, and partnerships. Identify a phased implementation strategy that addresses and prioritizes roles, responsibilities, and coordination needed to advance the goals of the plan and leverage potential funding opportunities. This strategy will establish the near-, mid-, and long-term priorities for implementation. Develop guidelines and procedures to assist private developers and support implementation.
Deliverable:
<ul style="list-style-type: none"> Process to update existing City standards, ordinances, etc. to support implementation efforts. Documentation in draft report format.
Tasks
Task 6 – One Water Plan Report
Description of Task:
<p>Results, data, and findings from all other tasks will be used to generate the OWP. All stakeholders and the community should be involved in the review of the draft and final plan. Comments and recommendations from the community, stakeholders, City staff, and other organizations will be evaluated and incorporated in the final OWP. The OWP will have a robust communication/integration plan to share the results across the Region; provide tools to local decision-makers; and accomplish successful, integrated implementation.</p>

Tasks
Method/Procedure:
<ul style="list-style-type: none"> • Compile and further refine the results, data, and findings from all other tasks into a plan document. • Develop a plan layout that utilizes graphics and text to clearly communicate all sections of the plan document in a fluid and cohesive way.
Deliverable: <ul style="list-style-type: none"> • Final OWP document.
Task 7 – Public Engagement
Description of Task:
<p>This task includes community engagement and consensus building among the stakeholders to discover a shared vision and goals for Citywide watershed management. Throughout the planning process, it's important the community and stakeholders are informed of the plan and involved in guiding the direction of the plan. The data and findings from Tasks 1, 2, and 3 should be used as a baseline to inform the public engagement strategy. The public engagement strategy should be organized to receive input from stakeholders and the community on Tasks 4, 5, and 6. Innovative and meaningful multifaceted approaches should be used to involve the community and analyze input.</p>
Method/Procedure:
<ul style="list-style-type: none"> • Develop a public outreach and engagement communication strategy that is informed by previous and ongoing planning efforts but is specific to the goals of the OWP. Utilize innovative and diverse forms of public engagement to inform the public of the planning process and obtain feedback including, but not limited to the following: <ul style="list-style-type: none"> ○ Public Workshops ○ Plan webpage ○ Online surveys ○ Advisory Committee ○ Focus Groups ○ Technical Committee ○ Community Group/Special Constituency Briefings ○ City Representatives ○ City Council Blueprint Denver Committee • Establish a meaningful process for receiving, analyzing, and incorporating public feedback into the OWP and to better inform the planning process. • Participate in all public engagement efforts and create content needed for all efforts that is dynamic and interactive. • Support and assist City staff throughout the plan adoption process.
Deliverable:
<ul style="list-style-type: none"> • Minimum of three public workshops. • Minimum of three public engagement formats used throughout the planning process (e.g. digital, printed, online, in-person). • Production of printed and digital materials for all public engagement efforts. • Analysis of public feedback of each public engagement effort documented in draft report format.
