

Consent Agenda Item 1.j

March 11-12, 2020 Board Meeting

Case No. 19CW3129 (Water Division 5); Grand County Water & Sanitation District No. 1

Summary of Water Court Application

Application for appropriative rights of exchange, conditional water storage right, and a plan for augmentation.

Staff Recommendation

Staff recommends that the Board ratify the filing of a Statement of Opposition filed on behalf of the Board in January 2020 to protect CWCB's instream flow water rights.

CWCB Instream Flow Water Rights

The CWCB holds water rights, including the following instream flow water rights in Water Division 5 in the Colorado Headwaters Watershed, that could be injured by this application:

Case Number	Stream	Upper Terminus	Lower Terminus	CFS Rate (Dates)	Approp. Date
80CW0447 (Div. 5)	Colorado River	hdgt Windy Gap Project div	confl Williams Fork River	90 (1/1 - 12/31)	07/08/1980
80CW0446 (Div. 5)	Colorado River	confl Williams Fork River	confl Troublesome Creek	135 (1/1 - 12/31)	07/08/1980
80CW0448 (Div. 5)	Colorado River	confl Troublesome Creek	confl Blue River	150 (1/1 - 12/31)	07/08/1980
90CW0302 (Div. 5)	Fraser River	confl Jim Creek	confl Vasquez Creek	8 (5/15 - 9/15) 3.5 (9/16 - 5/14)	11/27/1990
90CW0307 (Div. 5)	Fraser River	confl Vasquez Creek	confl St Louis Creek	5 (9/16 - 5/14) 11 (5/15 - 9/15)	11/27/1990
90CW0315 (Div. 5)	Fraser River	confl St Louis Creek	confl Ranch Creek	11 (9/16 - 5/14) 17 (5/15 - 9/15)	11/27/1990
90CW0308 (Div. 5)	Fraser River	confl Ranch Creek	confl Crooked Creek	17 (5/15 - 9/15) 11 (9/16 - 5/14)	11/27/1990
90CW0308 (Div. 5)	Fraser River	confl Crooked Creek	confl Colorado River	30 (5/15 - 9/15) 19 (9/16 - 5/14)	11/27/1990
90CW0318 (Div. 5)	Vasquez Creek	hdgt Denver Water Board div	hdgt Grand County div	6 (5/15 - 9/15) 3 (9/16 - 5/14)	11/27/1990

Potential for Injury

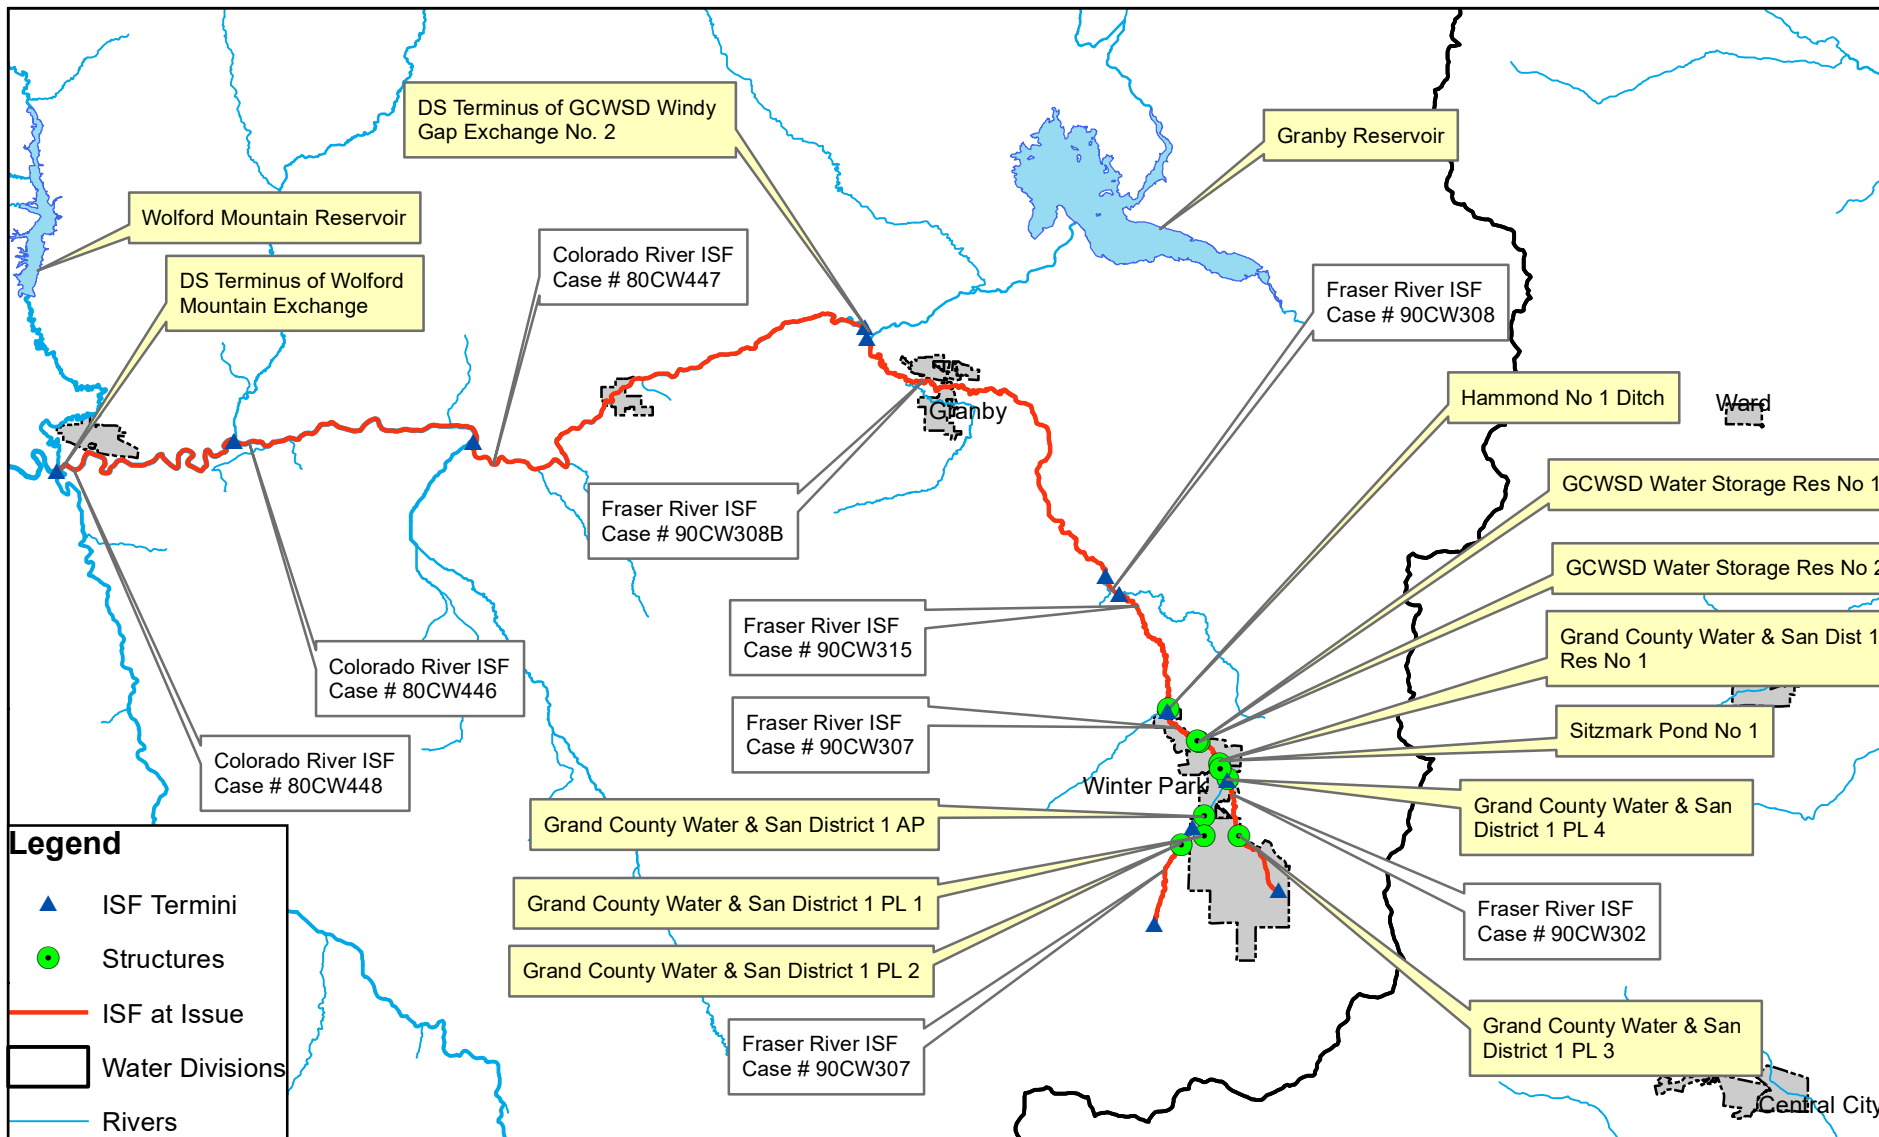

- The proposed plan for augmentation and exchange may not replace depletions in the proper time, place and amount, which could injure the CWCB's instream flow water rights.
- The proposed appropriative right of exchange should be defined clearly with a reference to intervening instream flow water rights so that the CWCB's instream flow water rights are not injured.

Other Objectors

Statements of Opposition were also filed by: City and County of Denver; Middle Park Water Conservancy District; Rendezvous Colorado LLC, Cornerstone Winter Park Holdings LLC, and Byers Peak Properties, LLC; The Town of Fraser; Winter Park Ranch Water & Sanitation District, Winter Park Recreational Association, Winter Park Water and Sanitation District.

Attorney Representing CWCB

William D. Davidson, Assistant Attorney General, is assigned to this case and can be contacted at will.davidson@coag.gov, or 720-508-6280.

DIVISION 5 WATER COURT- NOVEMBER 2019 RESUME

3. PURSUANT TO C.R.S., §37-92-302, AS AMENDED, YOU ARE NOTIFIED THAT THE FOLLOWING PAGES COMPRISE A RESUME OF THE APPLICATIONS AND AMENDED APPLICATIONS FILED WITH THE WATER CLERK FOR WATER DIVISION 5 DURING THE MONTH OF NOVEMBER 2019. *The water right claimed by this application may affect in priority any water right claimed or heretofore adjudicated within this division and owners of affected rights must appear to object and protest within the time provided by statute or be forever barred.*

19CW3129 GRAND COUNTY – GRAND COUNTY WATER AND SANITATION DISTRICT #1, c/o Bruce Hutchins, District Manager, bhutchins@gcws1.com. Attorney for Applicant: David A. Bailey, Law Office of David A. Bailey, P.O. Box 350433, Westminster, Colorado 80035-0433, Telephone: (303) 898-6531, dbailey@NRattorney.com. Please direct all inquiries, correspondence and pleadings regarding this matter to counsel for the District identified herein. APPLICATION FOR APPROPRIATIVE RIGHTS OF EXCHANGE, CONDITIONAL WATER STORAGE RIGHT, AND A PLAN FOR AUGMENTATION. 1. Name and address of Applicant: Grand County Water and Sanitation District No. 1 ("Applicant"), P.O. Box 3077, Winter Park, Colorado 80482. Telephone: (970) 726-5583. 2. Summary of Application. Applicant provides water and sewer services to a portion of the Town of Winter Park. Applicant owns numerous water rights on Big Vasquez Creek, Little Vasquez Creek and the Fraser River, as well as a decreed exchange from Granby Reservoir to several diversion points used as part of Applicant's water supply system and for augmentation. Applicant also owns other water rights on the Fraser and Colorado Rivers that can be used for augmentation purposes. Applicant seeks to adjudicate an augmentation plan and use of water by exchange to provide diversions to its water supply system and to augment these diversions of water and related depletions to the Fraser and Colorado River Basins. 3. Name and descriptions of water rights: The following structures and water rights have been decreed by Applicant as part of its integrated water supply system. This application is limited to the claims for relief described in Sections 4-7 below and does not seek to, and does not, alter or amend the decrees for any of these water rights. A map showing the location of these structures is attached hereto as Exhibit A. Except as described below, all of the following water rights are, and will be, used in Applicant's service area, which includes parts of Sections 27, 28, 29, 32, 33, 34, and 35, T. 1 S., R. 75 W., 6th P.M., and which includes areas that are, or will be, irrigated. A map of Applicant's service area is attached hereto as Exhibit B. A. Grand County Water and Sanitation District Pipeline No. 1. Point of Diversion: At a point whence the Southeast Corner of Section 32, T. 1 S., R. 75 W., 6th P.M., bears North 03°45' East a distance of 1,775 feet. As set forth in the diligence decree in Case No. 16CW3073, the diversion point has also been described as located in the NW¼SW¼ of Section 4, T. 2 S., R. 75 W., 6th P.M., 1532.27 feet from the south section line and 286.04 feet from the west section line. Source: Little Vasquez Creek, tributary to the Fraser and Colorado Rivers. Appropriation date: May 20, 1960. Date of decree: May 31, 1972 (Case No. CA-1768). Amount: 1.5 cfs, absolute. Use: Domestic. B. Grand County Water and Sanitation District Pipeline No. 1, Enlargement. Point of Diversion: Same as Grand County Water and Sanitation Pipeline No. 1 above. Source: Little Vasquez Creek, tributary to the Fraser and Colorado Rivers. Appropriation date: November 4, 1982. Date of decree: December 29, 1986 (Case No. 82CW403). Amount: 3.0 cfs, conditional, to be used at either or both of the decreed points of diversion for the Grand County Water and Sanitation District Pipeline No. 1 and Grand County Water and Sanitation District Pipeline No. 2. Use: All municipal uses including fire protection and industrial uses. C. Grand County Water and Sanitation District Pipeline No. 2. Point of Diversion: At a point whence the Southeast corner of Section 32, T. 1 S., R. 75 W., 6th P.M., bears North 41°00' East a distance of 2,660 feet. As set forth in the diligence decree in Case No. 16CW3073, the diversion point has also been described as located in the SW¼SE¼ of Section 5, T. 2 S., R. 75 W., 6th P.M., 595.73 feet from the south section line and 2574.68 feet from the east section line. Source: Big Vasquez Creek, tributary to the Fraser and Colorado Rivers. Appropriation date: May 20, 1960. Date of decree: May 31, 1972 (Case No. CA-1768). Amount: 1.5 cfs, absolute. Use: Municipal. D. Grand County Water and Sanitation District Pipeline No. 2, Enlargement. Point of Diversion: Same as Grand County Water and Sanitation Pipeline No. 2 above. Source: Big Vasquez Creek, tributary to the Fraser and Colorado Rivers. Appropriation date: November 4, 1982. Date of decree: December 29, 1986 (Case No. 82CW403). Amount: 3.0 cfs, conditional, to be used at either or both of the decreed points of diversion for the Grand County Water and Sanitation District Pipeline No. 1 and Grand County Water and Sanitation District Pipeline No. 2. Use: All municipal uses including fire protection and industrial uses. E. Grand County Water and Sanitation District Pipelines Nos. 1 and 2 as alternate points of diversion for each other. Point of Diversion: Same as Grand County Water and Sanitation District Pipelines Nos. 1 and 2 above. Source: Little and Big Vasquez Creeks, tributary to the Fraser and Colorado Rivers. Appropriation date: May 20, 1960. Date of decree: December 29, 1986 (Case No. 82CW402). Amount: 1.5 at each point of diversion, absolute (for a total of 3.0 cfs at each diversion point). Uses: Domestic use for Pipeline No. 1 and municipal use for Pipeline No. 2. F. Grand County Water and Sanitation District Pipelines Nos. 1 and 2 (decreed in C.A. 1768) as diverted at an alternate point of diversion. Point of Diversion: Situated in the SE¼SE¼ of Section 32, T. 1 S., R. 75 W., 6th P.M., more particularly described as follows: Beginning at a point on the South line of said Section 32, whence the East Quarter Corner of the South line of said Section 32, which is monumented with a 1" steel pipe, bears

March 11-12, 2020

N 89°13'19" W a distance of 515.60', thence at a right angle to said section line, N 0°36'41"E a distance of 18.51', to said water rights point which is monumented with a ½" rebar and a plastic cap marked P.E.L.S. 9132. Source: Big Vasquez Creek, tributary to the Fraser and Colorado Rivers. Appropriation date: May 20, 1960. Date of decree: December 29, 1986 (Case No. 85CW332). Amount: 3.0 cfs total (1.5 cfs for each of Pipeline No. 1 and Pipeline No. 2), absolute. Uses: Domestic use for Pipeline No. 1 and municipal use for Pipeline No. 2. G. Grand County Water and Sanitation District Pipeline No. 3. Point of Diversion: At a point whence the Southeast Corner of Section 33, T. 1 S., R. 75 W., 6th P.M., bears North 02°03' East a distance of 3,000 feet. As set forth in the decree in Case No. 15CW3040, the diversion point has also been described as a point in the NE¼SW¼ of Section 3, T. 2 S., R. 75 W., 6th P.M., 1005 feet from the south section line and 465 feet from the west section line of said section. Source: Fraser River, tributary to the Colorado River. Appropriation date: November 4, 1982. Date of decree: December 29, 1986 (Case No. 82CW404). Amount: 3.0 cfs, conditional. Uses: All municipal uses, including fire protection and industrial uses. H. Grand County Water and Sanitation District Pipeline No. 4. Point of Diversion: 3020 feet east of the west line and 450 north of the south line of Section 28, T. 1 S., R. 75 W., 6th P.M. Source: Fraser River, tributary to the Colorado River. Appropriation date: December 21, 1989. Date of decree: May 23, 1990 (Case No. 89CW270). Amount: 4.5 cfs, conditional. Uses: All municipal uses, including fire protection, irrigation and domestic use. I. GCWSD Water Storage Reservoir No. 1 and GCWSD Water Storage Reservoir No. 2. Point of diversion (both reservoirs): The GCWSD Intake Structure located in the NW¼NW¼ of Section 28, T. 1 S., R. 75 W., 6th P.M., at a point on the west bank of the Fraser River approximately 270 feet east of the west line of Section 28 and 195 feet south of the north line of Section 28. Applicant has the right to divert water from the GCWSD Intake Structure to the GCWSD Water Storage Reservoir at a maximum rate of 6.0 cfs. The GCWSD Water Storage Reservoir No. 2 is connected to (and receives water from) GCWSD Water Storage Reservoir No. 1 by a pond transfer structure consisting of an inlet pipeline, a gate valve, a manhole or vault and an outlet pipeline. Location of Reservoir No. 1: The reservoir is generally located northeasterly of U.S. Highway No. 40 within the S½SE¼ of Section 20 and the NE¼NE¼ of Section 29, T. 1 S., R. 75 W., 6th P.M. Location of Reservoir No. 2: The reservoir is generally located northeasterly of U.S. Highway No. 40 within the S½SE¼ of Section 20, T. 1 S., R. 75 W., 6th P.M. Source (both reservoirs): Fraser River, tributary to the Colorado River. Appropriation date (both reservoirs): December 4, 2002. Date of decree: February 23, 2005 (Case No. 02CW367). Amounts (absolute amounts determined by, and set forth in, the decree in Case No. 18CW3070): Reservoir No. 1 – 94 af absolute; 64 af, conditional. Reservoir No. 2 – 70 af absolute; 10 af, conditional. Uses (both reservoirs): Municipal uses, irrigation, augmentation, piscatorial, aesthetic and recreation. J. Sitzmark Pond No. 1. Point of diversion: The Sitzmark Pond No. 1 is an off-channel reservoir fed by Sitzmark Ditch No. 1 with a capacity and diversion rate of 1.0 cfs; its headgate is located in the NE¼SW¼, Section 28, T. 1 S., R. 75 W., 6th P.M., 1700 feet from south section line and 2150 feet from the west section line. Location of Sitzmark Pond No. 1: NE¼SW¼ of Section 28, T. 1 S., R. 75 W., 6th P.M., 1900 feet from the south section line and 2100 feet from the west section line. Source: Fraser River, tributary to the Colorado River. Appropriation date: June 15, 2011. Date of decree: April 26, 2013 (Case No. 11CW166). Amount: 8.0 af, conditional. Uses: All municipal uses, exchange, augmentation, fire protection and piscatorial. K. Grand County Water and Sanitation District No. 1 Reservoir. Point of Diversion: The Grand County Water and Sanitation District No. 1 Reservoir fills through a ditch from the Sitzmark Pond No. 1 when the Sitzmark Pond No. 1 has filled. Location of the Grand County Water and Sanitation District No. 1 Reservoir: In the NE¼SW¼ of Section 28, T. 1 S., R. 75 W., 6th P.M. The initial point of survey is located at a point on the north line of said NE¼SW¼ 200 feet east of the Northwest Corner of said NE¼SW¼. Source: Fraser River, tributary to the Colorado River. Appropriation date: December 20, 1983. Date of decree: May 1, 1984 (Case No. 83CW333). Amount: 8.0 af, conditional. Uses: Domestic and municipal. 4. FIRST CLAIM: APPROPRIATIVE RIGHT OF EXCHANGE. Name of exchange: GCWSD Wolford Mountain Exchange. Upstream termini of the exchange: As described above, the Grand County Water and Sanitation District Pipeline No. 1 and its Enlargement, the Grand County Water and Sanitation District Pipeline No. 2 and its Enlargement, the Grand County Water and Sanitation District Pipeline No. 1 and No. 2 as alternative points of diversion for each other, Grand County Water and Sanitation District Pipeline No. 1 and No. 2 at an additional alternate point of diversion (see § 3.F), the Grand County Water and Sanitation District Pipeline No. 3, the Grand County Water and Sanitation District Pipeline No. 4, the GCWSD Water Storage Reservoirs Nos. 1 and 2, the Sitzmark Pond No. 1, and the Grand County Water and Sanitation District No. 1 Reservoir. Applicant claims the right to include other locations and additional structures located in the reach of the Fraser River and its tributaries identified above as part of the GCWSD Wolford Mountain Exchange. Downstream terminus of the exchange: The confluence of Muddy Creek and the Colorado River. Operation: Applicant will cause water to be released from Wolford Mountain Reservoir to Muddy Creek and the Colorado River and then exchanged up the Colorado and Fraser Rivers to the points of depletion from the diversions described above by release of water, up to 12.75 af annually, pursuant to its Water Allotment Contract with the Middle Park Water Conservancy District ("MPWCD"), dated January 1, 1999. Applicant will use a portion of the storage right adjudicated in Case No. 87CW283, decree entered November 20, 1989, District Court, Water Division No. 5. The MPWCD has an interest in 3,000 af of this Wolford Mountain water by virtue of an agreement between the Colorado River Water Conservation District, the Board of County Commissioners of Grand County, and the MPWCD, dated December 17, 1992. The legal description of the place of storage is: Wolford Mountain Reservoir, the dam of which is located in the SW¼NE¼ of Section 25, T. 2 N., R. 81 W., 6th P.M. Applicant shall only have the right to operate the exchange when water is available pursuant to its contract with MPWSD and when a live stream exists between the downstream and upstream termini of the exchange. Date of Appropriation: January 1, 1999. How appropriation initiated: Entering into the Water Allotment Contract with MPWCD. Date water applied to beneficial use: Not applicable. Amount claimed: Absolute to the GCWSD Water Storage

Reservoir No. 1 and GCWSD Water Storage Reservoir No. 2 at the rate of 3.0 cfs, and conditional to the GCWSD Water Storage Reservoir No. 1 and GCWSD Water Storage Reservoir No. 2 at the rate of 3.0 cfs, for a total decreed rate to these reservoirs of 6.0 cfs. Conditional to the other upstream termini at the rates described in the exchange matrix attached hereto as Exhibit C. Uses: Municipal, including irrigation, fire protection, piscatorial, fish and wildlife habitat, augmentation, replacement of evaporative losses and aesthetic.

5. SECOND CLAIM: APPROPRIATIVE RIGHT OF EXCHANGE. Name of exchange: GCWSD Windy Gap Exchange No. 2. Upstream termini of the exchange: As described above, Grand County Water and Sanitation District Pipelines Nos. 1 and 2 as diverted at an alternate point of diversion (see § 3.F), the Grand County Water and Sanitation District Pipeline No. 4, the GCWSD Water Storage Reservoirs Nos. 1 and 2, and the Sitzmark Pond No. 1. Applicant claims the right to include other locations and additional structures located in the reach of the Fraser River and its tributaries identified above as part of the GCWSD Windy Gap Exchange No. 2. Downstream terminus of the exchange: The confluence of the Colorado River and the Fraser River. Operation: Applicant will cause water to be released from Granby Reservoir to the Colorado River and then exchanged up the Fraser River to the points of depletion from the diversions described above by release of water, up to 250 af annually, pursuant to its Water Allotment Contract with the MPWCD, dated January 1, 1999, for water to be released from Granby Reservoir. This water is a portion of the 3,000 af which the Municipal Subdistrict, Northern Colorado Water Conservancy District, has agreed to annually place in storage in Granby Reservoir, which is located on the Colorado River upstream from the confluence of the Fraser and Colorado Rivers in Grand County, Colorado. Additional provisions of this Agreement are outlined in the Agreement Concerning the Windy Gap Project and the Azure Reservoir and Power Project, dated and signed April 30, 1980 and approved by the Water Court, Water Division No. 5, Civil Action 1768, by Interlocutory Decree dated October 27, 1980, and Supplement to Agreement of April 30, 1980, dated March 29, 1985, and duly decreed in Case No. 85CW135. Granby Reservoir is located in parts of T. 3 N. and T. 2 N., R. 76 W., 6th P.M., and T. 2 N., R. 75 W., 6th P.M. Applicant shall only have the right to operate the exchange when water is available pursuant to its contract with MPWSD and when a live stream exists between the downstream and upstream termini of the exchange. Date of Appropriation: Date of this application. How appropriation initiated: Filing of this application and by resolution of the Board of Directors of District dated October 15, 2019. Date water applied to beneficial use: Not applicable. Amount claimed: Conditional at the rates described in the exchange matrix attached hereto as Exhibit C. Uses: Municipal, including irrigation, fire protection, piscatorial, fish and wildlife habitat, augmentation, replacement of evaporative losses and aesthetic.

6. THIRD CLAIM: APPLICATION FOR CONDITIONAL WATER STORAGE RIGHT. Applicant holds a conditional water storage right for the Grand County Water and Sanitation District No. 1 Reservoir, which is specifically described above, pursuant to which the use of the Grand County Water and Sanitation District No. 1 Reservoir is adjudicated for domestic and municipal purposes. Applicant seeks a new conditional water right to be known as the “GCWSD No. 1 Reservoir Augmentation Water Right” to allow use of the reservoir for augmentation purposes. The GCWSD No. 1 Reservoir Augmentation Water Right is part of Applicant’s integrated water supply system. Date of Appropriation: Date of this application. How appropriation initiated: Filing of this application and by resolution of the Board of Directors of Applicant dated October 15, 2019. Date water applied to beneficial use: Not applicable. Amount claimed: 8.0 af, conditional (no expansion in the size of the reservoir is sought herein). Use: Augmentation. Comments: The GCWSD No. 1 Reservoir Augmentation Water Right shall not be used for augmentation until the Grand County Water and Sanitation District No. 1 Reservoir is lined to prevent seepage inflow and outflow. Lining the reservoir is part of Applicant’s integrated water supply plan.

7. FOURTH CLAIM: PLAN FOR AUGMENTATION. Structures to be augmented: Grand County Water and Sanitation District Pipeline No. 1 and its Enlargement, the Grand County Water and Sanitation District Pipeline No. 2 and its Enlargement, the Grand County Water and Sanitation District Pipeline No. 1 and No. 2 as alternative points of diversion for each other, Grand County Water and Sanitation District Pipeline No. 1 and No. 2 at an additional alternate point of diversion (see § 3.F), Grand County Water and Sanitation District Pipeline No. 3, and the Grand County Water and Sanitation District Pipeline No. 4, all as more particularly described in Section 3 above. Water rights to be used for augmentation: The GCWSD Water Storage Reservoirs Nos. 1 and 2, the Sitzmark Pond No. 1, the GCWSD No. 1 Reservoir Augmentation Water Right, the GCWSD Wolford Mountain Exchange, the GCWSD Windy Gap Exchange No. 2, and water available to Applicant under its Water Allotment Contracts with the Middle Park Water Conservancy District (250 af from Granby Reservoir and 12.75 af from Wolford Mountain Reservoir), all as more particularly described above. Complete statement of plan for augmentation: Applicant provides water and sewer services to a portion of the Town of Winter Park. As such, Applicant diverts, and will divert in the future, water from the structures to be augmented for water supply purposes. This water is applied to domestic, commercial, irrigation, and other municipal purposes within Applicant’s service boundaries, most of which is collected in Applicant’s sanitary sewer system and transported to the Upper Fraser Valley Wastewater Treatment Plant located north of Fraser, Colorado (the “Wastewater Treatment Plant”). Treated wastewater is discharged to the Fraser River. A relatively small portion of Applicant’s water supply system is, and will continue to be, applied to irrigation purposes within Applicant’s service boundaries. Return flows (including delayed returned flows) from irrigation diversions are returned to the Fraser River within Applicant’s service boundaries. This application seeks to quantify these irrigation return flows to offset a portion of Applicant’s diversions. The purpose of this plan for augmentation is to permit Applicant to continue diversions of water under the water rights and for the purposes identified above when curtailment would otherwise be required to meet a valid senior call for water. Out of priority depletions from diversions in the amount of up to 2,424 af shall be replaced to prevent injury to vested water rights. Non-irrigation depletions are calculated at 5% of diversions for non-irrigation purposes, and irrigation depletions are calculated at 83% of diversions for irrigation purposes. This plan is intended to cover Applicant’s water service obligations up to the anticipated buildout of the Town

of Winter Park as estimated by the Town. In accordance with C.R.S. § 37-92-305(8)(c), or any subsequent amendment or revision thereof, Applicant may use additional or alternative sources of water for augmentation, substitution, replacement, and exchange pursuant to the decree entered upon this application in the manner allowed by statute in place at the time Applicant seeks to use such additional or alternate replacement supplies. Applicant shall comply with all procedures required by such statute before using such additional or alternate supplies in this plan for augmentation. 8. Names and addresses of owners or reputed owners of the land upon which any new diversion or storage structure, or modification to any existing diversion or storage structure is or will be constructed or upon which water is or will be stored, including any modification to the existing storage pool. A. The Grand County Water and Sanitation District Pipeline No. 1 and its Enlargement, the Grand County Water and Sanitation District Pipeline No. 2 and its Enlargement, the Grand County Water and Sanitation District Pipeline No. 1 and No. 2 as alternative points of diversion for each other are located on United States Forest Service land and used by Applicant pursuant to a Special Use Permit, dated April 18, 2006 (Authorization ID: SUL265). The address of the United States Forest Service is Jon Morrissey, District Ranger, U.S. Forest Sulphur Ranger District, 9 Ten Mile Drive, P.O. Box 10, Granby, CO 80446. B. The Grand County Water and Sanitation District Pipeline No. 1 and No. 2 as an additional alternate point of diversion not located on the National Forest is located on land owned by Hideaway Park Condominiums. The address of Hideaway Park Condominiums is P.O. Box 3095, Winter Park, CO 80482. C. The Grand County Water and Sanitation District Pipeline No. 3 is located on land owned by United States Forest Service. The address of the United States Forest Service is Jon Morrissey, District Ranger, U.S. Forest Sulphur Ranger District, 9 Ten Mile Drive, P.O. Box 10, Granby, CO 80446. D. The Grand County Water and Sanitation District Pipeline No. 4 is located on land owned by owned by the Town of Winter Park. The Town's address is c/o Keith Riesberg, Town Manager, 50 Vasquez Road, P.O. Box 3327, Winter Park, CO 80482. E. The GCWSD Water Storage Reservoir No. 1 and the GCWSD Water Storage Reservoir No. 2 are located on land owned by Applicant. F. The diversion structure, an overflow structure, an emergency spillway and discharge pipelines for the GCWSD Water Storage Reservoir No. 1 and the GCWSD Water Storage Reservoir No. 2 are located on land owned by the Town of Fraser and used by Applicant pursuant to an Easement from the Town of Fraser, dated June 24, 2007. The Town of Fraser's address is c/o Jeff Durbin, Town Manager, 153 Fraser Avenue, P.O. Box 370, Fraser, CO 80442. G. The diversion pipeline from the diversion structure to GCWSD Water Storage Reservoir No. 1 is located on land owned by Rendezvous Colorado LLC and is used by Applicant pursuant to an Easement, dated January 7, 2007. Rendezvous' address is c/o Terry Stanford, 77795 U.S. Highway 40, P.O. Box 149, Winter Park, CO 80482. H. The Sitzmark Pond No. 1 is located on land owned by the Town of Winter Park. The Town's address is c/o Keith Riesberg, Town Manager, 50 Vasquez Road, P.O. Box 3327, Winter Park, CO 80482. I. The Grand County Water and Sanitation District No. 1 Reservoir and the GCWSD No. 1 Reservoir Augmentation Water Right (for which a conditional water right is requested herein) is located on land owned by Applicant.

YOU ARE HEREBY NOTIFIED THAT YOU HAVE until the last day of JANUARY 2020 to file with the Water Clerk a verified Statement of Opposition setting forth facts as to why this application should not be granted or why it should be granted in part or on certain conditions. A copy of such statement of opposition must also be served upon the applicant or the applicant's attorney and an affidavit or certificate of such service shall be filed with the Water Clerk, as prescribed by Rule 5, CRCP. (Filing Fee: \$192.00) KATHY POWERS, Water Clerk, Water Division 5; 109 8th Street, Suite 104 Glenwood Springs, CO 81601.
