

Kendall Reservoir Company

Date: August 26, 2020

Subject: Final Status report

Number: POGG1,PDAA,201900002445

Description: PDAA 2500 WSRF KENDALL REHAB IMPROVEMENT_CRB

Company: Kendall Reservoir Company

Address: 977 MANCOS WAY FRUITA, CO 81521

Contact: HAROLD TEFF

Kendall reservoir activities continue as planned. The reservoir water was used for ag water in July under drought conditions

Activities in the Summer, 2020 included:

1. Bi-monthly trips to the site to clear the spillway of trash and debris and checking the locks on the valve
2. Cleanout and re-leveling of the weir for measuring water flow
3. Provided irrigation water to fields over a 2 week period in July

The reservoir is currently at the reserve level, with flow through the outlet valve.

Task status for the reservoir:

Task 1- Company setup, project initiation-COMplete

1. Research reservoir rehabilitation requirements. Completed.
2. Incorporate reservoir ownership. Completed. Incorporated as Kendall Reservoir Company
3. Establish plans to fund and engineer the rehabilitation. Completed. Funded via CWCB program.

Task 2- Project review, preliminary cost analysis-COMplete

1. Hire an engineering firm to assist in completion of the project. Completed. Hired Colorado River Engineering.
2. Communicate plans with the ownership group. Completed.

3. Coordinate and communicate with the US Forest Service. Completed. Meetings held with Jon Hare and Loren Paulson of the USFS.

Task 3-Engineering, Investigation and Permitting -COMPLETE

Complete the following activities in preparation for construction phases:

1. Outlet Pipe Camera Investigation & Analysis. Completed, video available
2. Existing conditions survey for design support. Survey completed.
3. Geotechnical Sampling & Soils Analysis. Soil survey completed.
4. Engineering Design & Construction Drawing Preparation. Completed
5. USFS Permitting. Completed. USFS Says permits not needed for the proposed construction.
6. Contract Documents, Bid Process, Contractor Selection. Contracting, bids and contractor selection delayed until funding available.
