Colorado Water Conservation Board
Water Supply Reserve Fund Grant Application

Instructions
<p>All WSRF grant applications shall conform to the current 2020 WSRF Criteria and Guidelines.</p> <p>To receive funding from the WSRF, a proposed water activity must be recommended for approval by a Roundtable(s) AND the approved by the Colorado Water Conservation Board (CWCB). The process for roundtable consideration and recommendation is outlined in the 2020 WSRF Criteria and Guidelines. The CWCB meets bimonthly.</p> <p>If you have questions, please contact the WSRF Grant Program Manager (for all Roundtables) or your Roundtable Liaison:</p> <div style="display: flex; justify-content: space-around; margin-top: 20px;"> <div style="text-align: center;"> <p>Ben Wade ben.wade@state.co.us 303-866-3441 x3238 (office)</p> </div> <div style="text-align: center;"> <p>Sam Stein Sam.stein@state.co.us 303-866-3441 (office)</p> </div> </div>

Water Activity Overview
<p>The Forests to Faucets Teacher Training Workshop Series 2021-2023 will train 15-20 teachers annually to teach their students about the importance of area water supplies and the interconnection of healthy watersheds through a multi-day course, including options for field-based educational tours. The COVID19 pandemic has put enormous pressures on educators, and the support offered through this workshop is needed now more than ever. This project meets the requests of teachers for new non-screen-based educational tools, informed by needs assessment surveys conducted throughout 2020. This training empowers educators to include place-based watershed education in their lesson plans and engage students to think critically about Colorado's water issues. This workshop is appropriate for teachers of K-12 classrooms and rotates over three years between the Animas/San Juan River watershed (Durango and Silverton), the Upper San Juan watershed (Pagosa Springs), and the Mancos/Dolores River watershed (Mancos, Dolores and Cortez). The Forest to Faucets education partnership contributes to Southwest Conservation District's and Southwest Basin Roundtable's Education Action Plan priority to provide water education for constituents in the region (Southwest Basin's Public Education, Participation, and Outreach Implementation Plan). Funding will support three workshops in 2021-2023, reaching a total of 45-60 teachers and by extension educate over 900 students.</p>

Measurable Results		
To catalog measurable results achieved with WSRF funds please provide any of the following values.		
	New Storage Created (acre-feet)	
	New Annual Water Supplies Developed or Conserved (acre-feet), Consumptive or Nonconsumptive	
	Existing Storage Preserved or Enhanced (acre-feet)	
	Length of Stream Restored or Protected (linear feet)	
	Efficiency Savings (indicate acre-feet/year OR dollars/year)	
	Area of Restored or Preserved Habitat (acres)	
	Length of Pipe/Canal Built or Improved (linear feet)	
X	Other	Explain: 15-20 Educators will be trained each year, impacting 300-500 students per year

Water Activity Justification
<p>Provide a description of how this water activity supports the goals of Colorado's Water Plan, the most recent Statewide Water Supply Initiative, and the respective roundtable Basin Implementation Plan and Education Action Plan ⁽¹⁾. The Applicant is required to reference specific needs, goals, themes, or Identified Projects and Processes (IPPs), including citations (e.g. document, chapters, sections, or page numbers).</p> <p>For applications that include a request for funds from the Statewide Account, the proposed water activity shall be evaluated based upon how well the proposal conforms to Colorado's Water Plan criteria for state support (CWP, Section 9.4, pp. 9-43 to 9-44;) (Also listed pp. 4-5 in 2020 WSRF Criteria and Guidelines).</p>

Water Activity Justification

The Forests to Faucets program meets the Colorado's Water Plan Goal 9.5:

"K-12 Education: Water providers across the state administer several K-12 programs. All of these programs use education and outreach to help address specific water supply issues, many of them aimed at educating the public on how to reduce municipal and agricultural water use. Other numerous water conservancy district efforts reach thousands of students each year at children's water festivals and special initiatives within area school districts."

One example is Project Wet (Water Education for Teachers), which is "a national program that trains Colorado teachers how to educate their students about water." The Forests to Faucets program uses Project WET curriculum, as well as unique, original lessons designed for the southwest region.

Southwest Basin Implementation Plan

The Forest to Faucets education partnership contributes to the Southwest Basin Roundtable's Education Action Plan priority to provide water education for constituents in the region (Southwest Basin's Public Education, Participation, and Outreach Implementation Plan).

This project meets the Southwest Basin Implementation Plan's (BIP) Goal A4: "Promote dialogue, foster cooperation and resolve conflict among water interests in every basin and between basins for the purpose of implementing solutions to Southwest Colorado's and Colorado's water supply challenges (SWSI 2010)" by supporting watershed education for young water users. Educators that attend the Forests to Faucets program are introduced to lessons regarding municipal water use, land management implication for water quality, agricultural practices and irrigation, and impacts of drought. These lessons serve to foster an informed public for generations to come.

Matching Requirements: Basin Account Requests	
Basin (only) Account grant requests require a 25% match (cash and/or in-kind) from the Applicant or 3 rd party and shall be accompanied by a letter of commitment as described in the 2020 WSRF Criteria and Guidelines (submitted on the contributing entity's letterhead). Attach additional sheet if necessary.	
Contributing Entity	Amount and Form of Match (note cash or in-kind)
Total Match	
If you requested a Waiver to the Basin Account matching requirements, indicate the percentage you wish waived.	

Matching Requirements: Statewide Account Requests	
Statewide Account grant requests require a 50% match as described in the 2020 WSRF Criteria and Guidelines . At least of 10% of the required Statewide Account Grant request match shall be cash from Basin Account funds whether that is from one or multiple basins; and the remaining 40% of the required match may be provided from any source, including other grants, cash from the Basin Account, or any combination of cash, in-kind services, or in-kind materials.and shall be accompanied by a letter of commitment . Attach additional sheet if necessary.	
Contributing Entity	Amount and Form of Match (note cash or in-kind):
Southwest Basin Request	\$1,566 (cash, this request)
Forests to Faucets team (MSI, SJMA, FLC, WIP)	\$28,509 (cash)
Forests to Faucets team (MSI, SJMA, FLC, WIP)	\$3,656 (in-kind)
Content experts and donated space	\$13,200 (in-kind)
Great Outdoors Colorado	\$5,300 (cash, request pending)
2022-2023 Seeking additional sources of cash, which may include past sponsors: Durango Education Foundation, Trout Unlimited, Colorado Alliance for Environmental Education	\$12,750(cash, seeking additional)

The Colorado Water Plan projects a water supply shortfall of more than 500,000 acre-feet annually by 2050 if current trends continue. This supply gap is exacerbated by population growth and climate change (Statewide Water Education Action Plan for Colorado 2020-2025). With serious and impending water issues looming, water education is needed in all sectors to promote an appreciation and awareness of the *value* of water (Raucer 2005). According to Pacific Oaks College (POC) "Teacher education programs offer teachers ways to keep their classrooms and curriculum fresh, exciting, and highly educational" (2016, para. 1). Additional benefits for educators include learning new methods to incorporate Next Generation Science Standards (National Research Council, 2012) to better motivate students with place-based, hands-on watershed activities. If students better understand the subject material because it is taught with more engaging and interactive methods, overall learning is enhanced. Furthermore, when learning experiences leverage the power of place, students and teachers are more likely to develop deeper, more meaningful understandings of local water quality and quantity issues.

Staff Recommendation:
Staff recommends approval of up to \$1,566 from the Southwest Basin Account and \$14,096 from the Statewide Account to help fund the project: Forests to Faucets: My Water Comes from the San Juan Mountains Teacher Training Workshop Series

Water Activity Summary: If approved, WSRF funds would be used to fund the Forests to Faucets Teacher Training Workshop Series 2021-2023. The workshop series will train 15-20 teachers annually to teach their students about the importance of area water supplies and the interconnection of healthy watersheds through a multi-day course, including options for field-based educational tours.

The applicant believes support offered through this workshop is needed now more than ever since the COVID-19 pandemic has put enormous pressures on educators. This project meets the requests of teachers for new non-screen-based educational tools, informed by needs assessment surveys conducted throughout 2020. The applicant states the training empowers educators to include place-based

watershed education in their lesson plans and engage students to think critically about Colorado's water issues. This workshop is appropriate for teachers of K-12 classrooms and rotates over three years between the Animas/San Juan River watershed (Durango and Silverton), the Upper San Juan watershed (Pagosa Springs), and the Mancos/Dolores River watershed (Mancos, Dolores and Cortez). Over the three year project schedule, WSRF funding will help support a total of 45-60 teachers and by extension educate over 900 students in the Southwest Basin.

Discussion: This project aligns with a Water Plan educational goal of educating the public on specific water related issues. It also aligns with the Southwest Basin Roundtable's Education Action Plan of providing water education for constituents in the region. Finally, it aligns with the Basin's Basin Implementation Plan by promoting dialogue, foster cooperation and resolve conflict among water interests.

Issues/Additional Needs: The applicant will need to secure matching funding prior to contracting. No others issues or additional needs have been identified.

Eligibility Requirements: The application meets requirements of all eligibility components.

Evaluation Criteria: Staff has determined this activity satisfies the Evaluation Criteria.

RE: Forest to Faucets
WSRF Grant Request

The Southwest Basins Roundtable approved funding of \$1,566 from the Southwest Basins Roundtable account for the Forest to Faucets. In addition, we are recommending that the Colorado Water Conservation Board approve their request for \$14,096 from the Statewide account. This application was considered fully and approved by the Southwest Basins Roundtable at the November 19, 2020 meeting. There was a quorum of members present at the meeting.

The proposed project meets the Colorado Water Plan's goal 9-5 to educate the public on specific water related issues, it also supports the Southwest Basins Roundtable's Education Action Plan priority to provide water education for constituents in the region as well as Measurable Goals or Outcomes of the Southwest Basins BIP A4) promote dialogue, foster cooperation and resolve conflict among water interest.

The completed Grant Application will be forwarded directly to you by the applicant. Please contact the applicant directly or me at 970-563-0320, etolen@laplawd.org, if you have questions or wish to discuss this application in more detail.

Sincerely,

Edward Tolen
