Water Plan Grant - Exhibit A

Statement Of Work

Date:	April 12, 2021
Name of Grantee:	Genesee Water & Sanitation District
Name of Water Project:	Enlargement of Genesee Reservoir No. 1
Funding Source:	Colorado Water Plan Grant for Water Storage and Supply Projects

Water Project Overview:

The project involves increasing the storage capacity in the Genesee Water and Sanitation District's (District's) existing Genesee Reservoir No. 1 by enlarging the existing embankment dam and modifying inlet and outlet piping so that active, treatable storage capacity can be increased by 46 acre-feet. Genesee Reservoir No. 1 is an existing off-channel reservoir that is filled with water pumped from Bear Creek near Kittredge, CO. The Colorado Water Plan Grant will be used to offset final design engineering, permitting, and construction costs associated with the reservoir enlargement. Construction is currently scheduled for 2022. The water provided by the enlargement will increase drought protection and protect the health and safety of more than 3,900 people who are dependent on a reliable, high quality municipal water supply within the District's boundaries. The enlargement will also increase the District's operational reliability and protect the District's existing conditional water rights. In extreme drought conditions, the project would allow the District to reuse treated sewage effluent when legally allowed to do so, to provide emergency water supplies. The additional water storage could also be made available to other Bear Creek water users through temporary leases or water purchases. The additional water supply could also provide water based recreation for the local citizens.

Project Objectives:

The project objective is to increase the District's existing raw water storage capacity by about 50 percent to provide additional drought protection, increase its operational reliability and flexibility, and protect its existing water rights. The enlarged reservoir could also provide limited water-based recreation activities.

Tasks
Task 1 – Final Design Engineering & Permitting & Project Management
Description of Task: Complete a final design package of drawings, specifications, and engineering calculations for approval by the Colorado Dam Safety Department of the Colorado Division of Water Resources and obtain local, state, and federal permits for the project.
Method/Procedure:
The final design includes documenting hydrologic analysis, hydraulic calculations, site geology evaluations, geotechnical analysis, and structural analysis to support the construction drawings and specifications. The permitting will involve obtaining local grading and stormwater permits from Jefferson County and a Nationwide 404 Permit from the U.S. Army Corps of Engineers.
Deliverable:
Approved construction documents from the Colorado Dam Safety Department and local and federal permits for the construction. This work will be documented in monthly engineering invoices.

Tasks
Task 2 – Reservoir Enlargement Construction
Description of Task: Construction Cost Reimbursement for Reservoir Enlargement
Method/Procedure:
The existing dam will be enlarged with additional fill and an upstream crest parapet wall that will provide additional flood routing storage for the raised normal high water line. The enlargement will also involve modifying the existing side channel spillway and provide a new membrane liner for the enlarged reservoir. The inlet and outlet piping will also be revised to allow complete use of the dead storage in the reservoir as a raw water drinking water treatment source. See Exhibit B for the anticipated construction bid tab.
Deliverable:
Monthly construction contractor pay estimates and construction engineering invoices will be provided for reimbursement during the construction period. At the end of construction, a letter accepting the construction will be required from the Colorado Dam Safety Department.

Budget and Schedule
This Statement of Work shall be accompanied by a combined Budget and Schedule that reflects the Tasks identified in the Statement of Work and shall be submitted to CWCB in excel format.

Electronic Record and Signature Disclosure		

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

From time to time, DNR (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through the DocuSign system. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to this Electronic Record and Signature Disclosure (ERSD), please confirm your agreement by selecting the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

Getting paper copies

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. You will have the ability to download and print documents we send to you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a limited period of time (usually 30 days) after such documents are first sent to you. After such time, if you wish for us to send you paper copies of any such documents from our office to you, you will be charged a \$0.00 per-page fee. You may request delivery of such paper copies from us by following the procedure described below.

Withdrawing your consent

If you decide to receive notices and disclosures from us electronically, you may at any time change your mind and tell us that thereafter you want to receive required notices and disclosures only in paper format. How you must inform us of your decision to receive future notices and disclosure in paper format and withdraw your consent to receive notices and disclosures electronically is described below.

Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.

How to contact DNR:

You may contact us to let us know of your changes as to how we may contact you electronically, to request paper copies of certain information from us, and to withdraw your prior consent to receive notices and disclosures electronically as follows:

To contact us by email send messages to: lilo.santos@state.co.us

To advise DNR of your new email address

To let us know of a change in your email address where we should send notices and disclosures electronically to you, you must send an email message to us at lilo.santos@state.co.us and in the body of such request you must state: your previous email address, your new email address. We do not require any other information from you to change your email address.

If you created a DocuSign account, you may update it with your new email address through your account preferences.

To request paper copies from DNR

To request delivery from us of paper copies of the notices and disclosures previously provided by us to you electronically, you must send us an email to lilo.santos@state.co.us and in the body of such request you must state your email address, full name, mailing address, and telephone number. We will bill you for any fees at that time, if any.

To withdraw your consent with DNR

To inform us that you no longer wish to receive future notices and disclosures in electronic format you may:

- i. decline to sign a document from within your signing session, and on the subsequent page, select the check-box indicating you wish to withdraw your consent, or you may;
- ii. send us an email to lilo.santos@state.co.us and in the body of such request you must state your email, full name, mailing address, and telephone number. We do not need any other information from you to withdraw consent.. The consequences of your withdrawing consent for online documents will be that transactions may take a longer time to process..

Required hardware and software

The minimum system requirements for using the DocuSign system may change over time. The current system requirements are found here: <https://support.docusign.com/guides/signer-guide-signing-system-requirements>.

Acknowledging your access and consent to receive and sign documents electronically

To confirm to us that you can access this information electronically, which will be similar to other electronic notices and disclosures that we will provide to you, please confirm that you have read this ERSD, and (i) that you are able to print on paper or electronically save this ERSD for your future reference and access; or (ii) that you are able to email this ERSD to an email address where you will be able to print on paper or save it for your future reference and access. Further, if you consent to receiving notices and disclosures exclusively in electronic format as described herein, then select the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

By selecting the check-box next to 'I agree to use electronic records and signatures', you confirm that:

- You can access and read this Electronic Record and Signature Disclosure; and
- You can print on paper this Electronic Record and Signature Disclosure, or save or send this Electronic Record and Disclosure to a location where you can print it, for future reference and access; and
- Until or unless you notify DNR as described above, you consent to receive exclusively through electronic means all notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you by DNR during the course of your relationship with DNR.
