<b>Description:</b> WSRF; Regulation 84 Edible Crop Irrigation Edu & Outreach						
Regulation 84 Edible Crop Irrigation Public Education & Outreach; The project will develop materials, training guidance, a video, and other resources to help utilities educate potential customers on the safe and effective use of reclaimed water for edible crop irrigation. The project will create educational and training guide templates for three user types (commercial, non-commercial, and residential). These templates will ensure that all the necessary components are included to comply with CDPHE's Regulation 84 and can be edited for the needs of individual end users.
