<b>Description:</b> WPGGF Naturita Park River Revitalization						
The Town of Naturita proudly presents our plan to revitalize a portion of our most valued asset. The San Miguel River. In conjunction with a \$736,680 project to add a new playground, perimeter trail, and drainage features to our existing park, we are enhancing our riverbank to be more inviting to the public. Luckily, the river runs parallel to our park. By closing Vera Ray Drive and landscaping an area between the new trail and the river, we will create a perfect place for the public to recreate. This project will entail site and irrigation design, drainage, grading, erosion control, boulder placement, trees, riparian plants, topsoil, turf, and rip rap.
