The Poudre Headwaters Restoration Project is the largest and most ambitious native trout restoration project in Colorado’s history, and will provide a recovery stronghold for the federally-listed threatened Greenback cutthroat trout that can serve as a basis for ultimate delisting of the species. The decade-long project will reclaim approximately 38 miles of stream and 110 acres of lake habitat for the imperiled species across the headwaters of the Cache la Poudre River on the Arapaho National Forest and Rocky Mountain National Park.

The first construction phase of the project is installation of a fish barrier on the Grand Ditch outlet into the Poudre system at La Poudre Pass and will isolate the Greenback restoration habitat from western slope habitats intercepted by the Grand Ditch, outside of the Greenback’s native range. Once the barrier is installed and its effectiveness is confirmed, the first phase of non-native fish removal and native fish reintroduction can take place in the habitats from headwaters through Long Draw Dam; that collaborative effort with Colorado Parks and Wildlife will reclaim approximately 5 miles of stream and the 104 acres of Long Draw Reservoir as Greenback cutthroat trout habitat. CWCB funds will support construction of the Grand Ditch barrier as the necessary precursor to those other activities.

The Forest Service has completed barrier design, NEPA compliance, and secured the required 404 permits for this project. The project is ‘shovel ready’ and will be bid immediately upon approval.

Water Project Overview
<p>Please provide a summary of the proposed water project (200 words or less). Include a description of the project and what the CWP Grant funding will be used for specifically (e.g., studies, permitting process, construction). Provide a description of the water supply source to be utilized or the water body affected by the project, where applicable. Include details such as acres under irrigation, types of crops irrigated, number of residential and commercial taps, length of ditch improvements, length of pipe installed, and area of habitat improvements, where applicable. If this project addresses multiple purposes or spans multiple basins, please explain.</p> <p>The Applicant shall also provide, in Exhibit A, a detailed Statement of Work, Budget, Other Funding Sources/Amounts and Schedule.</p>
<p>Funding from the CWCB would support construction of a fish barrier at the outlet of the Grand Ditch as it delivers water into La Poudre Pass Creek. The barrier will be the first construction phase in the multi-year Poudre Headwaters Restoration Project, to restore a metapopulation of the federally listed Greenback cutthroat trout. The full project will provide connected habitat to over 38 miles of stream and more than 110 acres of lakes and reservoirs, supporting a large and resilient native trout population that addresses species recovery goals and will help enable delisting of the species under the Endangered Species Act. The Grand Ditch barrier will isolate the recovery area from west slope waters intercepted by the Grand Ditch. Once completed, the barrier combined with the existing Long Draw Dam will secure approximately 5 miles of recovery habitat and 104 acres of reservoir for the first phase of native trout restoration.</p> <p>The Forest Service has completed barrier design, NEPA compliance, and secured the required 404 permits for this project. The project is 'shovel ready' and will be bid imminently (prior to CWCB's grant decision) in order to pursue target construction dates for late end of summer/early autumn 2021.</p>

The Greenback cutthroat trout, Colorado's state fish, is a federally-listed threatened species and in current condition could be at risk to be moved to endangered status. The Poudre Headwaters Restoration Project is a major step in recovering the species and ensuring its future resiliency, thereby reducing the risk of uplisting and ultimately providing a basis for delisting of the species. In addition to its necessary contribution to the long-term project results, the first phase Grand Ditch barrier will secure habitat allowing reclamation and restoration of the initially reintroduced population within the larger metapopulation project. Both short- and long- term, the project contributes to the Colorado Water Plan Critical Watershed Health, Environment, and Recreation Action #1:

“Continue to support and participate in collaborative approaches to prevent listing under the Endangered Species Act. Promote the sustainability of endangered, threatened, and imperiled aquatic- and riparian-dependent species and communities (e.g., recovery programs, cooperative agreements, and other efforts) by developing a plan that compiles and develops near-term projects and methods. At the same time, the CWCB will support the strategic implementation of currently identified projects with technical and financial assistance.”

Restoration at larger scale, as proposed with the Poudre Headwaters Restoration Project, has been identified by conservation biologists as a key strategy in providing resiliency for long-term species conservation including in the face of increased disruption from climate change. Indeed, the historic Cameron and East Troublesome fires – which burned portions of the Poudre headwaters – highlight the value of broader restoration efforts. While some subwatersheds were significantly impacted, others were not – suggesting that they would provide refugia for aquatic life. Securing a species across that larger range and with connectivity available allows for recolonization from those undisturbed patches of habitat following disruptions such as wildfire or flood. This approach advances the Colorado Water Plan Additional Critical Action #2:

“Evaluate and incorporate appropriate adaptation for the potential effects of climate change on municipal, industrial, environmental, and agricultural projects and methods that address the water supply gaps.”

The Poudre Headwaters Restoration project also aligns well with Colorado's Water Values. The project reflects a commitment to collaboration, involving state, federal and private partners in implementation of the restoration program and serving as a collaborative approach to meeting mitigation requirements under permitting for the Long Draw Reservoir. The project addresses a proposed new focus area being integrated in the update of the South Platte/Metro Basin Implementation Plan. It demonstrates sustainability by applying conservation biology principles to recovery of a currently threatened species. Finally, it is fiscally and technically feasible, benefiting from a substantial seed money source of matching funds in the Long Draw Mitigation Trust established by the Water Supply and Storage Company and holding more than \$1 million toward project implementation over the next ten years. The Trust will provide matching funds for this CWCB grant.

REFER TO SECTION H OF THE CONTRACT FOR ORDER OF PRECEDENT OF DOCUMENTS AND FURTHER DIRECTION.

MATERIALS:

1. CONCRETE: REINFORCED CONCRETE SHALL BE CLASS A(AE) WITH A 28 DAY COMPRESSIVE STRENGTH OF 4500 PSI WITH AN ENTRAINED AIR CONTENT OF 4.0% TO 7.0% AND MAXIMUM AGGREGATE SIZE OF 1 1/2". ALL CONCRETE TO BE MADE IN ACCORDANCE WITH AN APPROVED MIX DESIGN. ALL EXPOSED CAST-IN-PLACE CONCRETE SHALL BE GIVEN A CLASS 2 "RUBBED FINISH". ALL FORMED SURFACES TO BE BACKFILLED SHALL BE GIVEN A CLASS 1 "ORDINARY FINISH". FLOOR OF SPLASH PAD SHALL RECEIVE A BROOM FINISH. CHAMFER ALL EXPOSED EDGES AND FILLET RE-ENTRANT CORNERS 3/4" (UNLESS NOTED OTHERWISE). REFER TO SECTION 552 OF FP-14
2. REINFORCING STEEL: EPOXY COATED, DEFORMED TYPE CONFORMING TO AASHTO M31 (ASTM A615) GRADE 60 AND ASTM A775. TWO INCH CONCRETE COVER TYPICAL, 3 INCH WHEN CAST DIRECTLY AGAINST EARTH, EXCEPT AS NOTED. CUTTING AND BENDING SHALL CONFORM TO ACI 315. REFER TO SECTION 554 OF FP-14.
3. RIP-RAP: CLASS SHALL BE AS STATED ON THE PLANS AND DETAILS. PLACEMENT SHALL BE PER SECTION 251.04 OF FP-14. NO RIP-RAP SHALL BE PLACED UPHILL OF THE CUT CATCH LINE. EXCAVATION SPOILS SHALL BE UTILIZED AS RIP-RAP WHEN IN COMPLIANCE WITH FP-14 SECTION 705.02, INCLUDING DESIGNATED GRADATION. SITE GENERATED ROCK THAT IS SUB-ANGULAR IS ACCEPTABLE, EFFORT SHALL BE MADE TO MIX THE ANGULAR AND SUB-ANGULAR ROCK PRIOR TO PLACEMENT. IMPORTED RIP-RAP, IF REQUIRED, SHALL HAVE THE SAME COLOR AND TEXTURAL APPEARANCE AS THE ROCK FOUND ON-SITE.

FOUNDATION NOTES:

CONCRETE FOUNDATION SHALL BE PLACED ON SUITABLE IN SITU MATERIAL THAT HAS BEEN SCARIFIED TO A DEPTH OF 6" AND COMPACTED PER SECTION 208.10. UNSUITABLE MATERIAL SHALL BE REMOVED TO A DEPTH OF 18" BELOW FOOTING AND BACKFILLED WITH STRUCTURAL BACKFILL MATERIAL PER SECTION 208.09. IF BEDROCK IS ENCOUNTERED AT BEARING DEPTH, REMOVE LOOSE PIECES AND SWEEP CLEAN. THICKEN FOOTING BELOW BOTTOM REINFORCEMENT TO MEET BEDROCK AS NECESSARY.

SITE CONDITIONS:

1. OBSERVED SOILS AT THE SITE ARE GW-GC (GRAVELS WITH SAND AND CLAY) USING UNIFIED SOIL CLASSIFICATION. META-IGNEOUS ROCK, SUCH AS WEATHERED GRANITE OR GNEISS, WAS OBSERVED ON THE SURFACE AND IN TEST PITS TO 5 FT DEPTHS. ROCK OBSERVED MAY BE BEDROCK OR LARGE BOULDER.
2. IMPACT HAMMER OR BLASTING MAY BE REQUIRED TO COMPLETE EXCAVATION. A BLASTING PLAN SHALL BE SUBMITTED TO THE CONTRACTING OFFICER (CO) IN COMPLIANCE WITH SECTION 205 OF FP-14 AND APPROVED PRIOR TO BEGINNING BLASTING OPERATIONS.
3. ALL TOPSOIL ENCOUNTERED WITHIN EXCAVATION AND FILL AREAS SHALL BE STRIPPED AND STOCKPILED IN APPROVED LOCATIONS FOR USE IN REHAB POST CONSTRUCTION.

DEWATERING AND SOIL EROSION CONTROL:

1. PROTECT AGAINST SOIL EROSION AND SEDIMENTATION DURING CONSTRUCTION IN ACCORDANCE WITH FP-14 SECTION 157 AND PROJECT PERMITS. SUBMIT PLAN TO CO FOR APPROVAL.
2. DEWATER THE EXCAVATION IN ACCORDANCE WITH SECTION 157 AND 208. THE FLUME WILL BE CONVEYING WATER UNTIL EARLY SEPTEMBER. FLOW VOLUMES AND EXACT CUT-OFF DATE WILL BE SHARED PRIOR TO CONTRACT START DATE. CONTRACTOR SHALL ALSO ANTICIPATE SURFACE OR GROUND WATER INFILTRATING THE EXCAVATIONS. ALL WORK SHALL BE COMPLETED PER THE CONTRACT SPECIFICATIONS, STANDING OR RUNNING WATER IN THE WORK AREA DOES NOT RELIEVE THE CONTRACTOR FROM MEETING THE SPECIFICATIONS.

CONSTRUCTION NOTES:

1. WATER STORAGE AND SUPPLY (WSS) WILL BE REPLACING THE CONCRETE FLUME STRUCTURE WITHIN THE SAME TIME FRAME OF THIS PROJECT. ADDITIONAL STAGING AREAS FOR WSS WILL BE PROVIDED BY FOREST SERVICE PERMIT, THESE AREAS WILL BE KNOWN AND SHALL BE AVOIDED. COORDINATION WILL BE REQUIRED FOR SITE ACCESS, SIGNING, DEWATERING AND AT THE CONCRETE STRUCTURE TO FLUME INTERFACE. THE CO SHALL BE APPRISED OF ALL AGREEMENTS MADE BETWEEN THE CONTRACTOR AND WSS WITHIN 48 HOURS OR BEFORE THE WORK TAKES PLACE, WHICHEVER COMES FIRST.
2. CONTRACTOR IS RESPONSIBLE FOR OBTAINING ALL FEDERAL, STATE AND LOCAL PERMITS REQUIRED TO COMPLETE THE WORK OF THIS CONTRACT, UNLESS OTHERWISE TOLD BY THE CO.
3. WATER FOR FIRE PREVENTION AND SUPPRESSION REQUIREMENTS UNDER THE CONTRACT, AS WELL AS FOR USE WITH CONSTRUCTION ACTIVITIES MAY BE OBTAINED FROM NEOTA CREEK WHERE IT PASSES UNDER LONG DRAW ROAD. ENSURE PROPER WATER DRAFTING PROTOCOLS ARE MET.
4. DESIGN DOES NOT INCLUDE EXCAVATION FOR EQUIPMENT ACCESS TO THE BOTTOM OF THE EXCAVATION AREAS. ALL EXCAVATION AND OTHER WORK FOR ACCESS IS INDIRECT TO THE ITEM.
5. FOREST SERVICE WILL PROVIDE AN ARCHAEOLOGICAL MONITOR, WHO SHALL BE PRESENT DURING ALL EXCAVATION ACTIVITIES. CONTRACTOR SHALL NOTIFY CO 48 HOURS IN ADVANCE OF INTENT TO EXCAVATE.
6. AVOIDANCE AREAS SHOWN ON THE PLANS AND IDENTIFIED IN THE FIELD BY THE ARCHAEOLOGICAL MONITOR WITHIN THE PROJECT LIMITS SHALL BE ENCIRCLED WITH ORANGE SAFETY FENCING. FENCING SHALL BE MAINTAINED FOR THE DURATION OF THE PROJECT.

Colorado Water Conservation Board
Colorado Water Plan grants program
Via email: waterplan.grants@state.co.us

Dear CWCB members & staff:

Colorado Trout Unlimited is the designated trustee for the Long Draw Reservoir Mitigation Trust, established with \$1.25 million in seed money from the Water Supply and Storage Company. These funds were provided in meeting mitigation requirements for the federal land use authorization for Long Draw Reservoir and are reserved for purposes of the Poudre Headwaters Restoration project. The funds are available for engineering, barrier construction, non-native fish removal, and other costs related to the restoration of a Greenback cutthroat trout metapopulation in the headwaters reaches of the Cache la Poudre river.

As Trustee, CTU is writing to confirm that the Long Draw Reservoir Mitigation Trust will provide at least \$300,000 toward the Grand Ditch Fish Barrier installation as part of the Poudre Headwaters Restoration project. The trust will provide more funding as needed if costs for the project increase above current budget. We are pleased to support this effort to advance the project for which the Trust was established. We appreciate the Colorado Water Conservation Board's consideration of a matching grant for the project under the Colorado Water Plan grant program.

Sincerely,

A handwritten signature in blue ink that reads "David Nickum".

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Future developments. For the latest information about developments related to Form W-9 and its instructions, such as legislation enacted after they were published, go to www.irs.gov/FormW9.

Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) which may be your social security number (SSN), individual taxpayer identification number (ITIN), adoption taxpayer identification number (ATIN), or employer identification number (EIN), to report on an information return the amount paid to you, or other amount reportable on an information return. Examples of information returns include, but are not limited to, the following.

- Form 1099-INT (interest earned or paid)

- Form 1099-DIV (dividends, including those from stocks or mutual funds)
- Form 1099-MISC (various types of income, prizes, awards, or gross proceeds)
- Form 1099-B (stock or mutual fund sales and certain other transactions by brokers)
- Form 1099-S (proceeds from real estate transactions)
- Form 1099-K (merchant card and third party network transactions)
- Form 1098 (home mortgage interest), 1098-E (student loan interest), 1098-T (tuition)
- Form 1099-C (canceled debt)
- Form 1099-A (acquisition or abandonment of secured property)

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN.

If you do not return Form W-9 to the requester with a TIN, you might be subject to backup withholding. See What is backup withholding, later.

By signing the filled-out form, you:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),
2. Certify that you are not subject to backup withholding, or
3. Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income, and
4. Certify that FATCA code(s) entered on this form (if any) indicating that you are exempt from the FATCA reporting, is correct. See *What is FATCA reporting*, later, for further information.

Note: If you are a U.S. person and a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

Definition of a U.S. person. For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien;
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States;
- An estate (other than a foreign estate); or
- A domestic trust (as defined in Regulations section 301.7701-7).

Special rules for partnerships. Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax under section 1446 on any foreign partners' share of effectively connected taxable income from such business. Further, in certain cases where a Form W-9 has not been received, the rules under section 1446 require a partnership to presume that a partner is a foreign person, and pay the section 1446 withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid section 1446 withholding on your share of partnership income.

In the cases below, the following person must give Form W-9 to the partnership for purposes of establishing its U.S. status and avoiding withholding on its allocable share of net income from the partnership conducting a trade or business in the United States.

- In the case of a disregarded entity with a U.S. owner, the U.S. owner of the disregarded entity and not the entity;
- In the case of a grantor trust with a U.S. grantor or other U.S. owner, generally, the U.S. grantor or other U.S. owner of the grantor trust and not the trust; and
- In the case of a U.S. trust (other than a grantor trust), the U.S. trust (other than a grantor trust) and not the beneficiaries of the trust.

Foreign person. If you are a foreign person or the U.S. branch of a foreign bank that has elected to be treated as a U.S. person, do not use Form W-9. Instead, use the appropriate Form W-8 or Form 8233 (see Pub. 515, *Withholding of Tax on Nonresident Aliens and Foreign Entities*).

Nonresident alien who becomes a resident alien. Generally, only a nonresident alien individual may use the terms of a tax treaty to reduce or eliminate U.S. tax on certain types of income. However, most tax treaties contain a provision known as a "saving clause." Exceptions specified in the saving clause may permit an exemption from tax to continue for certain types of income even after the payee has otherwise become a U.S. resident alien for tax purposes.

If you are a U.S. resident alien who is relying on an exception contained in the saving clause of a tax treaty to claim an exemption from U.S. tax on certain types of income, you must attach a statement to Form W-9 that specifies the following five items.

1. The treaty country. Generally, this must be the same treaty under which you claimed exemption from tax as a nonresident alien.
2. The treaty article addressing the income.
3. The article number (or location) in the tax treaty that contains the saving clause and its exceptions.
4. The type and amount of income that qualifies for the exemption from tax.
5. Sufficient facts to justify the exemption from tax under the terms of the treaty article.

Example. Article 20 of the U.S.-China income tax treaty allows an exemption from tax for scholarship income received by a Chinese student temporarily present in the United States. Under U.S. law, this student will become a resident alien for tax purposes if his or her stay in the United States exceeds 5 calendar years. However, paragraph 2 of the first Protocol to the U.S.-China treaty (dated April 30, 1984) allows the provisions of Article 20 to continue to apply even after the Chinese student becomes a resident alien of the United States. A Chinese student who qualifies for this exception (under paragraph 2 of the first protocol) and is relying on this exception to claim an exemption from tax on his or her scholarship or fellowship income would attach to Form W-9 a statement that includes the information described above to support that exemption.

If you are a nonresident alien or a foreign entity, give the requester the appropriate completed Form W-8 or Form 8233.

Backup Withholding

What is backup withholding? Persons making certain payments to you must under certain conditions withhold and pay to the IRS 24% of such payments. This is called "backup withholding." Payments that may be subject to backup withholding include interest, tax-exempt interest, dividends, broker and barter exchange transactions, rents, royalties, nonemployee pay, payments made in settlement of payment card and third party network transactions, and certain payments from fishing boat operators. Real estate transactions are not subject to backup withholding.

You will not be subject to backup withholding on payments you receive if you give the requester your correct TIN, make the proper certifications, and report all your taxable interest and dividends on your tax return.

Payments you receive will be subject to backup withholding if:

1. You do not furnish your TIN to the requester,
2. You do not certify your TIN when required (see the instructions for Part II for details),
3. The IRS tells the requester that you furnished an incorrect TIN,
4. The IRS tells you that you are subject to backup withholding because you did not report all your interest and dividends on your tax return (for reportable interest and dividends only), or
5. You do not certify to the requester that you are not subject to backup withholding under 4 above (for reportable interest and dividend accounts opened after 1983 only).

Certain payees and payments are exempt from backup withholding. See *Exempt payee code*, later, and the separate Instructions for the Requester of Form W-9 for more information.

Also see *Special rules for partnerships*, earlier.

What is FATCA Reporting?

The Foreign Account Tax Compliance Act (FATCA) requires a participating foreign financial institution to report all United States account holders that are specified United States persons. Certain payees are exempt from FATCA reporting. See *Exemption from FATCA reporting code*, later, and the Instructions for the Requester of Form W-9 for more information.

Updating Your Information

You must provide updated information to any person to whom you claimed to be an exempt payee if you are no longer an exempt payee and anticipate receiving reportable payments in the future from this person. For example, you may need to provide updated information if you are a C corporation that elects to be an S corporation, or if you no longer are tax exempt. In addition, you must furnish a new Form W-9 if the name or TIN changes for the account; for example, if the grantor of a grantor trust dies.

Penalties

Failure to furnish TIN. If you fail to furnish your correct TIN to a requester, you are subject to a penalty of \$50 for each such failure unless your failure is due to reasonable cause and not to willful neglect.

Civil penalty for false information with respect to withholding. If you make a false statement with no reasonable basis that results in no backup withholding, you are subject to a \$500 penalty.

Criminal penalty for falsifying information. Willfully falsifying certifications or affirmations may subject you to criminal penalties including fines and/or imprisonment.

Misuse of TINs. If the requester discloses or uses TINs in violation of federal law, the requester may be subject to civil and criminal penalties.

Specific Instructions

Line 1

You must enter one of the following on this line; **do not** leave this line blank. The name should match the name on your tax return.

If this Form W-9 is for a joint account (other than an account maintained by a foreign financial institution (FFI)), list first, and then circle, the name of the person or entity whose number you entered in Part I of Form W-9. If you are providing Form W-9 to an FFI to document a joint account, each holder of the account that is a U.S. person must provide a Form W-9.

a. **Individual.** Generally, enter the name shown on your tax return. If you have changed your last name without informing the Social Security Administration (SSA) of the name change, enter your first name, the last name as shown on your social security card, and your new last name.

Note: ITIN applicant: Enter your individual name as it was entered on your Form W-7 application, line 1a. This should also be the same as the name you entered on the Form 1040/1040A/1040EZ you filed with your application.

b. **Sole proprietor or single-member LLC.** Enter your individual name as shown on your 1040/1040A/1040EZ on line 1. You may enter your business, trade, or "doing business as" (DBA) name on line 2.

c. **Partnership, LLC that is not a single-member LLC, C corporation, or S corporation.** Enter the entity's name as shown on the entity's tax return on line 1 and any business, trade, or DBA name on line 2.

d. **Other entities.** Enter your name as shown on required U.S. federal tax documents on line 1. This name should match the name shown on the charter or other legal document creating the entity. You may enter any business, trade, or DBA name on line 2.

e. **Disregarded entity.** For U.S. federal tax purposes, an entity that is disregarded as an entity separate from its owner is treated as a "disregarded entity." See Regulations section 301.7701-2(c)(2)(iii). Enter the owner's name on line 1. The name of the entity entered on line 1 should never be a disregarded entity. The name on line 1 should be the name shown on the income tax return on which the income should be reported. For example, if a foreign LLC that is treated as a disregarded entity for U.S. federal tax purposes has a single owner that is a U.S. person, the U.S. owner's name is required to be provided on line 1. If the direct owner of the entity is also a disregarded entity, enter the first owner that is not disregarded for federal tax purposes. Enter the disregarded entity's name on line 2, "Business name/disregarded entity name." If the owner of the disregarded entity is a foreign person, the owner must complete an appropriate Form W-8 instead of a Form W-9. This is the case even if the foreign person has a U.S. TIN.

Line 2

If you have a business name, trade name, DBA name, or disregarded entity name, you may enter it on line 2.

Line 3

Check the appropriate box on line 3 for the U.S. federal tax classification of the person whose name is entered on line 1. Check only one box on line 3.

Consult with the person requesting this form if you are uncertain if the financial institution is subject to these requirements. A requester may indicate that a code is not required by providing you with a Form W-9 with "Not Applicable" (or any similar indication) written or printed on the line for a FATCA exemption code.

Note: You may wish to consult with the financial institution requesting this form to determine whether the FATCA code and/or exempt payee code should be completed.

Line 5

Enter your address (number, street, and apartment or suite number). This is where the requester of this Form W-9 will mail your information returns. If this address differs from the one the requester already has on file, write NEW at the top. If a new address is provided, there is still a chance the old address will be used until the payor changes your address in their records.

Line 6

Enter your city, state, and ZIP code.

Part I. Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. If you are a resident alien and you do not have and are not eligible to get an SSN, your TIN is your IRS individual taxpayer identification number (ITIN). Enter it in the social security number box. If you do not have an ITIN, see *How to get a TIN* below.

If you are a sole proprietor and you have an EIN, you may enter either your SSN or EIN.

If you are a single-member LLC that is disregarded as an entity separate from its owner, enter the owner's SSN (or EIN, if the owner has one). Do not enter the disregarded entity's EIN. If the LLC is classified as a corporation or partnership, enter the entity's EIN.

Note: See *What Name and Number To Give the Requester*, later, for further clarification of name and TIN combinations.

How to get a TIN. If you do not have a TIN, apply for one immediately. To apply for an SSN, get Form SS-5, Application for a Social Security Card, from your local SSA office or get this form online at www.SSA.gov. You may also get this form by calling 1-800-772-1213. Use Form W-7, Application for IRS Individual Taxpayer Identification Number, to apply for an ITIN, or Form SS-4, Application for Employer Identification Number, to apply for an EIN. You can apply for an EIN online by accessing the IRS website at www.irs.gov/Businesses and clicking on Employer Identification Number (EIN) under Starting a Business. Go to www.irs.gov/Forms to view, download, or print Form W-7 and/or Form SS-4. Or, you can go to www.irs.gov/OrderForms to place an order and have Form W-7 and/or SS-4 mailed to you within 10 business days.

If you are asked to complete Form W-9 but do not have a TIN, apply for a TIN and write "Applied For" in the space for the TIN, sign and date the form, and give it to the requester. For interest and dividend payments, and certain payments made with respect to readily tradable instruments, generally you will have 60 days to get a TIN and give it to the requester before you are subject to backup withholding on payments. The 60-day rule does not apply to other types of payments. You will be subject to backup withholding on all such payments until you provide your TIN to the requester.

Note: Entering "Applied For" means that you have already applied for a TIN or that you intend to apply for one soon.

Caution: A disregarded U.S. entity that has a foreign owner must use the appropriate Form W-8.

Part II. Certification

To establish to the withholding agent that you are a U.S. person, or resident alien, sign Form W-9. You may be requested to sign by the withholding agent even if item 1, 4, or 5 below indicates otherwise.

For a joint account, only the person whose TIN is shown in Part I should sign (when required). In the case of a disregarded entity, the person identified on line 1 must sign. Exempt payees, see *Exempt payee code*, earlier.

Signature requirements. Complete the certification as indicated in items 1 through 5 below.

1. Interest, dividend, and barter exchange accounts opened before 1984 and broker accounts considered active during 1983. You must give your correct TIN, but you do not have to sign the certification.

2. Interest, dividend, broker, and barter exchange accounts opened after 1983 and broker accounts considered inactive during 1983. You must sign the certification or backup withholding will apply. If you are subject to backup withholding and you are merely providing your correct TIN to the requester, you must cross out item 2 in the certification before signing the form.

3. Real estate transactions. You must sign the certification. You may cross out item 2 of the certification.

4. Other payments. You must give your correct TIN, but you do not have to sign the certification unless you have been notified that you have previously given an incorrect TIN. "Other payments" include payments made in the course of the requester's trade or business for rents, royalties, goods (other than bills for merchandise), medical and health care services (including payments to corporations), payments to a nonemployee for services, payments made in settlement of payment card and third party network transactions, payments to certain fishing boat crew members and fishermen, and gross proceeds paid to attorneys (including payments to corporations).

5. Mortgage interest paid by you, acquisition or abandonment of secured property, cancellation of debt, qualified tuition program payments (under section 529), ABLE accounts (under section 529A), IRA, Coverdell ESA, Archer MSA or HSA contributions or distributions, and pension distributions. You must give your correct TIN, but you do not have to sign the certification.

Secure Your Tax Records From Identity Theft

Identity theft occurs when someone uses your personal information such as your name, SSN, or other identifying information, without your permission, to commit fraud or other crimes. An identity thief may use your SSN to get a job or may file a tax return using your SSN to receive a refund.

To reduce your risk:

- Protect your SSN,
- Ensure your employer is protecting your SSN, and
- Be careful when choosing a tax preparer.

If your tax records are affected by identity theft and you receive a notice from the IRS, respond right away to the name and phone number printed on the IRS notice or letter.

If your tax records are not currently affected by identity theft but you think you are at risk due to a lost or stolen purse or wallet, questionable credit card activity or credit report, contact the IRS Identity Theft Hotline at 1-800-908-4490 or submit Form 14039.

For more information, see Pub. 5027, Identity Theft Information for Taxpayers.

Victims of identity theft who are experiencing economic harm or a systemic problem, or are seeking help in resolving tax problems that have not been resolved through normal channels, may be eligible for Taxpayer Advocate Service (TAS) assistance. You can reach TAS by calling the TAS toll-free case intake line at 1-877-777-4778 or TTY/TDD 1-800-829-4059.

Protect yourself from suspicious emails or phishing schemes.

Phishing is the creation and use of email and websites designed to mimic legitimate business emails and websites. The most common act is sending an email to a user falsely claiming to be an established legitimate enterprise in an attempt to scam the user into surrendering private information that will be used for identity theft.

The IRS does not initiate contacts with taxpayers via emails. Also, the IRS does not request personal detailed information through email or ask taxpayers for the PIN numbers, passwords, or similar secret access information for their credit card, bank, or other financial accounts.

If you receive an unsolicited email claiming to be from the IRS, forward this message to phishing@irs.gov. You may also report misuse of the IRS name, logo, or other IRS property to the Treasury Inspector General for Tax Administration (TIGTA) at 1-800-366-4484. You can forward suspicious emails to the Federal Trade Commission at spam@uce.gov or report them at www.ftc.gov/complaint. You can contact the FTC at www.ftc.gov/idtheft or 877-IDTHEFT (877-438-4338). If you have been the victim of identity theft, see www.IdentityTheft.gov and Pub. 5027.

The person collecting this form uses the information on the form to file information returns with the IRS, reporting the above information. You must provide your TIN whether or not you are required to file a tax return. Under section 3406, payers must generally withhold a percentage of taxable interest, dividend, and certain other payments to a payee who does not give a TIN to the payer. Certain penalties may also apply for providing false or fraudulent information.
