RE: **Orphan Wells of Wiggins, LLC Loan Contract Amendment No. 1 for  
Original Contract Number: CMS 164731/ CT2021-3116  
Amendment No. 1 Contract Number: CMS 169703/CT2021-3116**

Dear Ms. Mason:

I am the attorney for the Orphan Wells of Wiggins, LLC ("OWW"). This letter is being sent in partial fulfillment of the terms of the Loan Contract Amendment No. 1 between OWW and the State of Colorado Water Conservation Board identified in the subject line of this letter ("Amendment").

It is my opinion that:

1. The Amendment has been executed by Mr. Steve Bruntz, and that he is the duly elected President of OWW, and that he has the authority to sign the Amendment on behalf of OWW; and
2. The OWW Board of Directors has adopted a resolution validly approving the Amendment; and
3. I am aware of no provision in any state or local law that prevents the Amendment from being binding on OWW, and
4. The Amendment will be valid and binding against OWW if fully executed.

Thank you for your assistance in processing the Amendment. Please feel free to contact me with any questions.
