No additional measurable results provided	

Water Project Justification
The Water Conservation Act of 2004 (HB 04-1365) requires all covered entities (retail water providers that sell 2,000 acre-feet (AF) or more on an annual basis) to have a State approved water efficiency plan containing certain required minimum plan elements to be updated every 7 years. This project will enable The City of Longmont to hire a consulting agency to complete the city's plan update.
