Upper Basin 5-Point plan

System Conservation Pilot Program

- Temporary, voluntary, compensated reductions in consumptive use across the Upper Basin
- Application period currently open through **March 1** at www.ucrccommission.com

2023 Drought Response Operations Plan

- Potential reservoir releases from Flaming Gorge, Navajo, and Blue Mesa reservoirs
- Ongoing discussions about accounting and effectiveness analysis

Demand Management Feasibility Investigation

- Temporary, voluntary, compensated reductions in consumptive use, shepherding to Powell
- Investigation ongoing with UCRC reports recently released

Bipartisan Infrastructure Funding

- Use of bipartisan infrastructure law funds
- Enhanced measurement, monitoring, reporting

Strict Water Rights Administration

- Administer water rights pursuant to legal and physical availability
- Intrastate conservation efforts

COLORADO
Colorado Water
Conservation Board
Department of Natural Resources

6-State Consensus-Based Modeling Approach

Upper Basin Components

- Recognition of hydrologic shortages
- Additional voluntary conservation measures through System Conservation Pilot Program, other efforts approved by Upper Division States
- Consideration of additional releases from Upper Basin reservoirs, pursuant to all provisions of the Drought Response Operations Agreement
- Constrained release tiers (i.e. no balancing)
- Reduced releases as necessary to protect

Lower Basin Components

- Reductions in Lower Basin deliveries of 1.54 MAF/year to address evaporation and losses
- Additional Lower Basin reductions at Mead <1050' and <1030'
- Additional reductions as necessary to protect Mead elevation 1000'

COLORADO
Colorado Water
Conservation Board
Department of Natural Resources

Next Steps

- Ongoing implementation of **Five-Point Plan**, including System Conservation Pilot Program
- **Continued discussions** with Basin States, Tribal Nations, water users, and others
- Reclamation to analyze options in a **Draft Environmental Impact Statement** to be released in the coming months

BASIN UPDATES

IBCC Member Reports

REPORTS

Y/W/G IBCC Update – 2/15/23

PEPO Committee

- ***YWG – Youth Outreach Yampatika; Other Canopies***
- ***Statewide Concepts of Interest***
 - 1) capacity building educational hub
 - 2) universal round table handbook
 - 3) Cross basin videos/story maps
 - 4) translation of most used PEPO resources
 - 5) PEPO education/outreach materials
 - 6) state, water, plan messaging campaign

Y/W/G IBCC Update – 2/15/23

Grants Committee

- ***Exploring a more robust process***
 - More grant writing/technical support
 - More follow up, accountability
 - Showcase completed project successes

Big River Committee

- ***Published Draft Position Paper***
 - Reviewed with Metro RT
 - Scheduled Discussion with Gunnison RT

FUNDING

Panel Discussion on Advancements in Funding & Capacity

Anna Mauss

Nate Pearson

Kelly Romero-Heaney

BREAK

LUNCH

OUTDOOR WATER

Conservation Efforts

Russ Sands

Less Turf. Less Water. More Beauty.

In addition to CWCB grant programs, additional one-time funding is now available to eligible entities to help remove turf in their communities. Learn more (below).

Featured Projects

January 25, 2023

Turf Basics

Learn more about how to remove turf, what to replace it with and find resources to help.

[Learn More](#)

January 25, 2023

Replacement Program

CWCB is rolling out the 1st round of Turf Replacement Program funds. Apply by March 31, 2023.
