1. PARTIES

This Agreement is entered into by and between Grantee named on the Cover Page for this Agreement (the “Grantee”), and the STATE OF COLORADO acting by and through the State agency named on the Cover Page for this Agreement (the “State”). Grantee and the State agree to the terms and conditions in this Agreement.

2. TERM AND EFFECTIVE DATE

A. Effective Date

This Agreement shall not be valid or enforceable until the Effective Date, and the Grant Funds shall be expended by the Fund Expenditure End Date shown on the Signature and Cover Page for this Agreement. The State shall not be bound by any provision of this Agreement before the Effective Date, and shall have no obligation to pay Grantee for any Work performed or expense incurred before the Effective Date, except as described in §5.D, or after the Fund Expenditure End Date.

B. Initial Term

The Parties’ respective performances under this Agreement shall commence on the Agreement Performance Beginning Date shown on the Cover Page for this Agreement and shall terminate on the Initial Agreement Expiration Date shown on the Cover Page for this

Agreement (the “Initial Term”) unless sooner terminated or further extended in accordance with the terms of this Agreement.

C. Extension Terms - State’s Option

The State, at its discretion, shall have the option to extend the performance under this Agreement beyond the Initial Term for a period, or for successive periods, at the same rates and under the same terms specified in this Agreement (each such period an “Extension Term”). In order to exercise this option, the State shall provide written notice to Grantee in a form substantially equivalent to Sample Option Letter attached to this Agreement.

D. End of Term Extension

If this Agreement approaches the end of its Initial Term, or any Extension Term then in place, the State, at its discretion, upon written notice to Grantee as provided in **§14**, may unilaterally extend such Initial Term or Extension Term for a period not to exceed two months (an “End of Term Extension”), regardless of whether additional Extension Terms are available or not. The provisions of this Agreement in effect when such notice is given shall remain in effect during the End of Term Extension. The End of Term Extension shall automatically terminate upon execution of a replacement Agreement or modification extending the total term of this Agreement.

E. Early Termination in the Public Interest

The State is entering into this Agreement to serve the public interest of the State of Colorado as determined by its Governor, General Assembly, or Courts. If this Agreement ceases to further the public interest of the State, the State, in its discretion, may terminate this Agreement in whole or in part. A determination that this Agreement should be terminated in the public interest shall not be equivalent to a State right to terminate for convenience. This subsection shall not apply to a termination of this Agreement by the State for breach by Grantee, which shall be governed by **12.A.i**.

i. Method and Content

The State shall notify Grantee of such termination in accordance with **§14**. The notice shall specify the effective date of the termination and whether it affects all or a portion of this Agreement, and shall include, to the extent practicable, the public interest justification for the termination.

ii. Obligations and Rights

Upon receipt of a termination notice for termination in the public interest, Grantee shall be subject to the rights and obligations set forth in **§12.A.i.a**.

iii. Payments

If the State terminates this Agreement in the public interest, the State shall pay Grantee an amount equal to the percentage of the total reimbursement payable under this Agreement that corresponds to the percentage of Work satisfactorily completed and accepted, as determined by the State, less payments previously made. Additionally, if this Agreement is less than 60% completed, as determined by the State, the State may reimburse Grantee for a portion of actual out-of-pocket expenses, not otherwise reimbursed under this Agreement, incurred by Grantee which are directly attributable

to the uncompleted portion of Grantee's obligations, provided that the sum of any and all reimbursement shall not exceed the maximum amount payable to Grantee hereunder.

F. **Grantee's Termination Under Federal Requirements**

Grantee may request termination of this Grant by sending notice to the State, or to the Federal Awarding Agency with a copy to the State, which includes the reasons for the termination and the effective date of the termination. If this Grant is terminated in this manner, then Grantee shall return any advanced payments made for work that will not be performed prior to the effective date of the termination.

Any other term used in this Agreement that is defined in an Exhibit shall be construed and interpreted as defined in that Exhibit.

Grantee shall complete the Work as described in this Agreement and in accordance with the provisions of Exhibit A. The State shall have no liability to compensate Grantee for the delivery of any goods or the performance of any services that are not specifically set forth in this Agreement.

#### 5. **PAYMENTS TO GRANTEE**

##### A. **Maximum Amount**

Payments to Grantee are limited to the unpaid, obligated balance of the Grant Funds. The State shall not pay Grantee any amount under this Agreement that exceeds the Agreement Maximum shown on the Cover Page of this Agreement.

##### B. **Payment Procedures**

##### i. **Invoices and Payment**

- a. The State shall pay Grantee in the amounts and in accordance with the schedule and other conditions set forth in Exhibit A and Exhibit C.
- b. Grantee shall initiate payment requests by invoice to the State, in a form and manner approved by the State.
- c. The State shall pay each invoice within 45 days following the State’s receipt of that invoice, so long as the amount invoiced correctly represents Work completed by Grantee and previously accepted by the State during the term that the invoice covers. If the State determines that the amount of any invoice is not correct, then Grantee shall make all changes necessary to correct that invoice.
- d. The acceptance of an invoice shall not constitute acceptance of any Work performed or deliverables provided under this Agreement.

##### ii. **Interest**

Amounts not paid by the State within 45 days of the State’s acceptance of the invoice shall bear interest on the unpaid balance beginning on the 45th day at the rate of 1% per month, as required by §24-30-202(24)(a), C.R.S., until paid in full; provided, however, that interest shall not accrue on unpaid amounts that the State disputes in writing. iii. **Payment Disputes**

If Grantee disputes any calculation, determination or amount of any payment, Grantee shall notify the State in writing of its dispute within 30 days following the earlier to occur of Grantee's receipt of the payment or notification of the determination or calculation of the payment by the State. The State will review the information presented by Grantee and may make changes to its determination based on this review. iv. **Available Funds-Contingency-Termination**

The State is prohibited by law from making commitments beyond the term of the current State Fiscal Year. Payment to Grantee beyond the current State Fiscal Year is contingent on the appropriation and continuing availability of Grant Funds in any subsequent year (as provided in the Colorado Special Provisions). If federal funds or funds from any other non-State funds constitute all or some of the Grant Funds, the State's obligation to pay Grantee shall be contingent upon such non-State funding continuing to be made available for payment. Payments to be made pursuant to this Agreement shall be made only from Grant Funds, and the State's liability for such payments shall be limited to the amount remaining of such Grant Funds. If State, federal or other funds are not appropriated, or otherwise become unavailable to fund this Agreement, the State may, upon written notice, terminate this Agreement, in whole or in part, without incurring further liability. The State shall, however, remain obligated to pay for Services and Goods that are delivered and accepted prior to the effective date of notice of termination, and this termination shall otherwise be treated as if this Agreement were terminated in the public interest as described in **§2.E**.

D. **Reimbursement of Grantee Costs**

Only with prior written approval, the State shall reimburse Grantee's allowable costs, not exceeding the maximum total amount described in Exhibit C and **§5.A** for all allowable costs described in this Grant and shown in the Budget, except that Grantee may adjust the amounts between each line item of the Budget without formal modification to this Agreement as long as the Grantee provides notice to the State of the change, the change does not modify the total maximum amount of this Agreement or the maximum amount for any state fiscal year, and the change does not modify any requirements of the Work. However, any costs incurred by Grantee prior to the Effective Date shall not be reimbursed. Grantee's costs for Work

performed after the Fund Expenditure End Date shown on the Signature and Cover Page for this Agreement, or after any phase performance period end date for a respective phase of the Work, shall not be reimbursable. The State shall only reimburse allowable costs described in this Agreement and shown in the Budget if those costs are:

- i. Reasonable and necessary to accomplish the Work and for the Goods and Services provided; and
- ii. Equal to the actual net cost to Grantee (i.e. the price paid minus any items of value received by Grantee that reduce the cost actually incurred).

E. Close-Out

Grantee shall close out this Award within 45 days after the Initial Agreement Expiration Date shown on the Signature and Cover Page for this Agreement. To complete close-out, Grantee shall submit to the State all deliverables (including documentation) as defined in this Agreement and Grantee's final reimbursement request or invoice. The State will withhold 10% of allowable costs until all final documentation has been submitted and accepted by the State as substantially complete.

Progress reports shall be submitted to the State not later than five Business Days following the end of each semiannual basis or at such time as otherwise specified by the State.

B. Litigation Reporting

If Grantee is served with a pleading or other document in connection with an action before a court or other administrative decision making body, and such pleading or document relates to this Agreement or may affect Grantee's ability to perform its obligations under this Agreement, Grantee shall, within ten days after being served, notify the State of such action and deliver copies of such pleading or document to the State's Principal Representative identified on the Cover Page for this Agreement.

C. Performance and Final Status

Grantee shall submit all financial, performance and other reports to the State no later than 45 calendar days after the end of the Initial Term if no Extension Terms are exercised, or the final Extension Term exercised by the State, containing an evaluation and review of Grantee's performance and the final status of Grantee's obligations hereunder.

D. Violations Reporting

Grantee shall disclose, in a timely manner, in writing to the all violations of federal or State criminal law involving fraud, bribery, or gratuity violations potentially affecting the this

## **7. GRANTEE RECORDS**

### **A. Maintenance**

Grantee shall make, keep, maintain, and allow inspection and monitoring by the State of a complete file of all records, documents, communications, notes and other written materials, electronic media files, and communications, pertaining in any manner to the Work or the delivery of Services (including, but not limited to the operation of programs) or Goods hereunder. Grantee shall maintain such records for a period (the "Record Retention Period") of three years following the date of submission to the State of the final expenditure report, or if this Award is renewed quarterly or annually, from the date of the submission of each quarterly or annual report, respectively. If any litigation, claim, or audit related to this Award starts before expiration of the Record Retention Period, the Record Retention Period shall extend until all litigation, claims, or audit findings have been resolved and final action taken by the State, a cognizant agency for audit, oversight or indirect costs, and the State, may notify Grantee in writing that the Record Retention Period shall be extended. For records for real property and equipment, the Record Retention Period shall extend three years following final disposition of such property.

### **B. Inspection**

Grantee shall permit the State, the federal government, and any other duly authorized agent of a governmental agency to audit, inspect, examine, excerpt, copy and transcribe Grantee Records during the Record Retention Period. Grantee shall make Grantee Records available during normal business hours at Grantee's office or place of business, or at other mutually agreed upon times or locations, upon no fewer than two Business Days' notice from the State, unless the State determines that a shorter period of notice, or no notice, is necessary to protect the interests of the State.

### **C. Monitoring**

The State will monitor Grantee's performance of its obligations under this Agreement using procedures as determined by the State. The federal government and any other duly authorized agent of a governmental agency, in its discretion, may monitor Grantee's performance of its obligations under this Agreement using procedures as determined by that governmental entity. The State shall have the right, in its sole discretion, to change its monitoring procedures and requirements at any time during the term of this Agreement. The State shall monitor Grantee's performance in a manner that does not unduly interfere with Grantee's performance of the Work.

### **D. Final Audit Report**

Grantee shall promptly submit to the State a copy of any final audit report of an audit performed on Grantee's records that relates to or affects this Agreement or the Work, whether the audit is conducted by Grantee or a third party.

## **8. CONFIDENTIAL INFORMATION-STATE RECORDS**

### **A. Confidentiality**

Grantee shall keep confidential, and cause all Subcontractors to keep confidential, all State Records, unless those State Records are publicly available. Grantee shall not, without prior written approval of the State, use, publish, copy, disclose to any third party, or permit the use by any third party of any State Records, except as otherwise stated in this Agreement, permitted by law or approved in writing by the State. Grantee shall provide for the security of all State Confidential Information in accordance with all policies promulgated by the Colorado Office of Information Security and all applicable laws, rules, policies, publications, and guidelines. Grantee shall immediately forward any request or demand for State Records to the State's Principal Representative.

**B. Other Entity Access and Nondisclosure Agreements**

Grantee may provide State Records to its agents, employees, assigns and Subcontractors as necessary to perform the Work, but shall restrict access to State Confidential Information to those agents, employees, assigns and Subcontractors who require access to perform their obligations under this Agreement. Grantee shall ensure all such agents, employees, assigns, and Subcontractors sign agreements containing nondisclosure provisions at least as protective as those in this Agreement, and that the nondisclosure provisions are in force at all times the agent, employee, assign or Subcontractor has access to any State Confidential Information. Grantee shall provide copies of those signed nondisclosure provisions to the State upon execution of the nondisclosure provisions.

**C. Use, Security, and Retention**

Grantee shall use, hold and maintain State Confidential Information in compliance with any and all applicable laws and regulations in facilities located within the United States, and shall maintain a secure environment that ensures confidentiality of all State Confidential Information wherever located. Grantee shall provide the State with access, subject to Grantee's reasonable security requirements, for purposes of inspecting and monitoring access and use of State Confidential Information and evaluating security control effectiveness. Upon the expiration or termination of this Agreement, Grantee shall return State Records provided to Grantee or destroy such State Records and certify to the State that it has done so, as directed by the State. If Grantee is prevented by law or regulation from returning or destroying State Confidential Information, Grantee warrants it will guarantee the confidentiality of, and cease to use, such State Confidential Information.

**D. Incident Notice and Remediation**

If Grantee becomes aware of any Incident, it shall notify the State immediately and cooperate with the State regarding recovery, remediation, and the necessity to involve law enforcement, as determined by the State. Unless Grantee can establish that none of Grantee or any of its agents, employees, assigns or Subcontractors are the cause or source of the Incident, Grantee shall be responsible for the cost of notifying each person who may have been impacted by the Incident. After an Incident, Grantee shall take steps to reduce the risk of incurring a similar type of Incident in the future as directed by the State, which may include, but is not limited to, developing and implementing a remediation plan that is approved by the State at no additional cost to the State. The State may adjust or direct modifications to this plan, in its sole discretion and Grantee shall make all modifications as directed by the State. If Grantee cannot produce its analysis and plan within the allotted time, the State, in its sole discretion,

may perform such analysis and produce a remediation plan, and Grantee shall reimburse the State for the reasonable costs thereof.

E. Safeguarding PII

If Grantee or any of its Subcontractors will or may receive PII under this Agreement, Grantee shall provide for the security of such PII, in a manner and form acceptable to the State, including, without limitation, State non-disclosure requirements, use of appropriate technology, security practices, computer access security, data access security, data storage encryption, data transmission encryption, security inspections, and audits. Grantee shall be a "Third-Party Service Provider" as defined in §24-73-103(1)(i), C.R.S. and shall maintain security procedures and practices consistent with §§24-73-101 *et seq.*, C.R.S. In addition, as set forth in § 24-74-102, *et. seq.*, C.R.S., Contractor, including, but not limited to, Contractor's employees, agents and Subcontractors, agrees not to share any PII with any third parties for the purpose of investigating for, participating in, cooperating with, or assisting with Federal immigration enforcement. If Contractor is given direct access to any State databases containing PII, Contractor shall execute, on behalf of itself and its employees, the certification attached hereto as Exhibit D on an annual basis Contractor's duty and obligation to certify as set forth in Exhibit D shall continue as long as Contractor has direct access to any State databases containing PII. If Contractor uses any Subcontractors to perform services requiring direct access to State databases containing PII, the Contractor shall require such Subcontractors to execute and deliver the certification to the State on an annual basis, so long as the Subcontractor has access to State databases containing PII.

## 9. CONFLICTS OF INTEREST

A. Actual Conflicts of Interest

Grantee shall not engage in any business or activities, or maintain any relationships that conflict in any way with the full performance of the obligations of Grantee under this Agreement. Such a conflict of interest would arise when a Grantee or Subcontractor's employee, officer or agent were to offer or provide any tangible personal benefit to an employee of the State, or any member of his or her immediate family or his or her partner, related to the award of, entry into or management or oversight of this Agreement.

B. Apparent Conflicts of Interest

Grantee acknowledges that, with respect to this Agreement, even the appearance of a conflict of interest shall be harmful to the State's interests. Absent the State's prior written approval, Grantee shall refrain from any practices, activities or relationships that reasonably appear to be in conflict with the full performance of Grantee's obligations under this Agreement.

C. Disclosure to the State

If a conflict or the appearance of a conflict arises, or if Grantee is uncertain whether a conflict or the appearance of a conflict has arisen, Grantee shall submit to the State a disclosure statement setting forth the relevant details for the State's consideration. Failure to promptly submit a disclosure statement or to follow the State's direction in regard to the actual or apparent conflict constitutes a breach of this Agreement.

Statement Of Work	
<b>Prepared Date:</b>	<b>10/20/2023</b>
<b>Name of Grantee:</b>	<b>Resource Central</b>
<b>Name of Water Project:</b>	<b>Building Statewide Capacity for Turf Removal</b>
<b>Water Project Overview:</b>	
<p>To successfully meet the State Water Plan's goals, residents and businesses across Colorado need to transition to waterwise landscapes and experience the economic and environmental benefits they provide. Resource Central is the primary "boots on the ground" implementer of water conservation programs across the Front Range. Over the last two decades, RC has worked with 47 water providers, earning the trust of thousands of residents each year to convert their lawns into low-water oases through Garden In A Box xeric garden kits, Slow the Flow Sprinkler Evaluations, and Turf Replacement. Their goal is to make Waterwise Yards the new norm in Colorado.</p> <p>This project will catalyze transformative landscape change programs across the Front Range, create momentum to support turf removal on the Western Slope, and pilot new, innovative water solutions across Colorado communities. As turf removal increasingly becomes a key part of Colorado's solution to water scarcity, Resource Central's ability to grow its current offerings and create new ways of tackling the barriers of landscape change is vital. Resource Central's goal is to incentivize water providers statewide to sustainably grow their conservation programs, reaching more residents and leading to lasting water savings, as well as piloting new efforts to help Colorado successfully meet its Water Plan with waterwise landscaping.</p>	
<b>Project Objectives:</b>	
<p>The objectives of this project are to streamline, incentivize, and scale turf removal; engage Western Slope and other communities that have not had access to landscape change programs; and pilot innovative solutions to learn how to tackle some of the biggest obstacles for large-scale turf removal.</p>	
Tasks	
<b>Task 1 – Catalyze Landscape Change through a Multi-Year Matching Fund for Water Providers</b>	
Description of Task:	

Resource Central (RC) will host a matching fund that incentivizes water partners and residents to invest in water conservation, specifically turf removal, and scale their impact and resulting water savings.

Resource Central and water providers will determine community needs and customize a solution that allows them to either attract additional demand for existing efforts by offering more money per project (to support larger landscape change projects) or meet existing demand and increase the total number of participants.

**Method/Procedure:**

Task 1.1: Resource Central will communicate widely with water providers to announce the matching fund that will be available in 2024 through 2026 to implement turf removal through Lawn Replacement and Garden in a Box.

Task 1.2: Resource Central will meet and discuss unique needs of each water provider to help set parameters for how their matching funds will be best leveraged to increase turf removal and scale their water savings.

Task 1.3: Resource Central will coordinate with each partner to create a marketing package (with Spanish translation) to help promote their programs to customers, and will work directly with residents to implement their projects.

Task 1.4: Resource Central will track impact of the funds through annual reports that detail the number of participants, project details, and estimated water savings with the preliminary goals below:

Task 1.5: RC will work with our partners to identify properties and pilot large property turf replacement in 2025 and 2026 as described in Task 3.

**Deliverable:**

- Interim and annual reports for each of the three grant years detailing participating communities, the total number of participants, project details, associated costs and estimated water savings.
- Annual list of water providers utilizing matching funds (goal of 15+ by 2025) and financial report detailing leverage of match.

## Tasks

### **Task 2 – Engage and Inspire Western Slope Communities in Turf Replacement**

**Description of Task:**

A key focus of this project is to build momentum for turf replacement in communities that haven't had access to landscape change projects in the past. Resource Central will conduct a partner assessment to identify and reach out to potential new water partners across the state, especially in the Western Slope. Working closely with a select number communities, we will jointly determine the best approach to offer a suite of programs that make sense locally and increase interest and participation in landscape conversion.

## Method/Procedure:

Task 2.1: Identify partners in different areas of the state, focusing on the western slope.

Task 2.2: Carry out partner needs assessment

Task 2.2.1-Reach out to partners and conduct a partner assessment to determine local needs around building support for turf replacement programs.

Task 2.3: Research and design program offerings in year 1 in collaboration with water providers and other partners to learn how RC needs to adapt their Front Range focused programs for the Western Slope or build capacity of local partners to implement their own turf replacement programs.

Task 2.4: Implement turf removal programs in years 2 and 3, the scope will be based on the needs assessment and program design in Tasks 2.2. and 2.3. Direct implementation of Resource Central's existing programs will be funded through Task 1, new initiatives or pilots for consulting or capacity building will be funded through Task 2. Year 2 and 3 activities may include but not limited to:

- Designing consulting services geared toward helping municipalities or NGO's on the Western Slope operationalize and scale turf removal initiatives. This could include access to our Standard Operating Procedures, online tools including our proprietary application, and trainings on turf removal methodologies and best practices.
- Adapting the Garden In A Box plant selection for higher elevations and creating Western Slope specific planting and care guides. Working with our regional nursery partners to ensure timely plant delivery and coordinate pick-up events where needed.
- Designing shareable outreach and marketing materials that reflect the unique geography, culture and motivations of Western Slope residents. This may include program flyers, editable text, photography, social media posts, and infographics.
- Offering Resource Central's full Turf Replacement Program to interested municipalities on the Western Slope. Where applicable, water providers could opt to participate in our full program which would give residents access to Garden In A Box and/or our Lawn Removal Service. Depending on scale, Resource Central would either send existing staff to the Western Slope to implement the program, or hire local workers and train them.

## Deliverable:

Interim and annual reports that detail the following:

Year 1: List of interested partners with at least 5 in-person meetings completed with key Western Slope stakeholders, including utilities, landscapers/greenhouses, and homeowners. Description of implementation plan for years 2 and 3 of grant.

Year 2: Report detailing program results from pilot implementation projects in Western Slope communities. Description of successes of and challenges, as well as any proposed changes for year 3.

Year 3: Report detailing program results from pilot implementation projects in Western Slope communities. Description of successes of and challenges, as well as takeaways from the overall effort and recommendations for building on efforts in subsequent years.

Tasks
<b>Task 3 – Pilot Innovative Solutions to Operationalize and Scale Transformative Landscape Change across Colorado</b>
Description of Task:
<p>Turf removal is still a relatively new concept in Colorado and many implementers, including Resource Central (RC), are continuing to iterate on existing programs to address current and future barriers. This task would allow RC to create innovative and creative solutions to some of the largest challenges our state faces in meeting the goals of Transformative Landscape Change.</p> <p>While residential turf removal continues to trend, large-scale turf removal projects need to be addressed to truly make a statewide impact on water savings from turf replacement. This task will help us assess and get ahead of the myriad challenges and barriers these projects bring and learn lessons that will operationalize landscape change at a transformative scale across Colorado.</p> <p>RC has identified three areas for assessment that are key for large-scale turf conversion success:</p> <ol style="list-style-type: none"> <li>1) Barriers to scaling up turf removal projects,</li> <li>2) Disposal of large quantities of sod, and</li> <li>3) Non-chemical conversion to native grass</li> </ol> <p>In partnership with 3-5 water utilities, we will test and implement various solutions and detail pros and cons of each in years 2 and 3, refining and adapting as we learn. Learnings and programs from this task will be included in our capacity building activities, detailed in Task 2, on the Western Slope. Additionally, findings will be shared with Resource Central's network of almost 50 water provider partners and the greater water conservation community.</p>
Method/Procedure:
<p>Task 3.1: Research and assess barriers to large scale turf conversion (1 acre or larger)</p> <p>Task 3.1.1: Resource Central will enlist participation from properties including multi-family, HOA, public properties, and business parks.</p> <p>Task 3.1.2: Resource Central will conduct market research via interviews, surveys, and focus groups including all stakeholders.</p> <p>Task 3.1.3: Resource Central will use the output of this research to develop programming that would encourage a significant increase in the amount of turf that is being removed. Program offerings could include project management consulting, incentive or rebate fund management, Garden In A Box at a larger scale and/or services for lawn removal and native grass seeding.</p> <p>Task 3.1.4: Resource Central will utilize Task 3 funds to implement non-residential projects based on the results of the research, removing turf at a select number of properties to gain valuable insight into how challenges and barriers are addressed in practice.</p> <p>Task 3.2: Sod disposal</p> <p>Task 3.2.1: Resource Central would work with local composting companies to ensure a cost-effective pipeline for turf disposal.</p>

Task 3.2.2: High cost of middlemen- Resource Central will investigate intermediary points where they could dump and store the sod to begin the drying out process, while arranging for transportation when capacity allows.

Task 3.2.3: Additionally, we will invest in pilots to test ideas that would allow us to leave the sod onsite including using industrial drums to shake dirt loose from grass for easier disposal.

Task 3.3: Non-chemical conversation to native grass

While utilizing glyphosate to kill turf in place and overseed with native grass is the industry standard, many communities are looking for alternatives that are more environmentally friendly and public health minded.

Task 3.3.1: RC would investigate a variety of alternatives including large scale sod removal utilizing heavy machinery and working with local scientists and experts to look for non-toxic sprays that would mimic the standard practice, while keeping communities free of harmful chemicals.

Task 3.3.2: If a viable alternative is found, Resource Central would pilot projects in collaboration with water providers as part of a larger effort to incentivize non-residential turf removal.

Deliverable:

Report with results of market research on barriers of large-scale turf replacement and list of proposed solutions and approaches. Highlights shared with stakeholders at events, trainings, conferences, or in partner meetings.

Annual results of implementation with details of each project, approach taken, and lessons learned.
